Concentration-Mouni Sadhu 2004-01-01 Written in a simple and easily understandable style, Concentration is a classic among books on the art of meditation. Published, as it was, before our fascination with things New Agey, it dispels many of the myths and misconceptions that have arisen and been promoted out of that movement. And for this reason alone, for the preservation of the truth, it is worth its weight in gold. First and foremost among the myths it dispels is the idea that developing concentration is really of no consequence in the practical application of the art of meditation, as some so-called New Age gurus would have people believe. This is like saying that for an automobile to function properly it doesn't need gasoline! Without the ability to concentrate, our efforts at meditation will result only in going nowhere, in spinning our wheels in an unending rut.

And so much more! You see, it takes more than sex to build a great marriage, but it is almost impossible to build a great marriage without it. We can no longer deny it. It is now clear to us from reliable statistics and personal stories that sexual satisfaction is extremely important for marital satisfaction. A significant number of divorces are due to sex-related issues. Husbands display poor sexual performance. Wives experience poor sexual satisfaction. Dissatisfaction. Disrespect. Divorce. Infidelity. And other problems arise from the bedroom (unknown to many!) A thriving marriage and family is the backbone of any productive society. God's purpose on Earth depends on healthy and happy families. Sex education in contemporary time is grossly inadequate. We can't keep quiet any longer. Based on the writer's wealth of knowledge and experience as a medical doctor, scientific researcher, sex therapist, and husband, Sexual Mastery uses a proven, step-by-step scientific method and system to address major sexual problems and questions couples face with the goal of taking couples from being poor (and average) lovers to extraordinary lovers! This book is raw, practical, easy-to-understand and straight-to-the point (without being obscene and pornographic).
