Auto Repair For Dummies-Deanna Sclar 2019-01-07 Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Standing Up Against Injustice-Dr. Amadou Scattred Janneh 2013-05 Standing Up Against Injustice Standing Up Against Injustice is both inspirational and instructive, emotional and riveting. A key element of this book is a focus on The Gambia's human rights situation and political landscape political turmoil; prison conditions and the plight of prisoners; the death penalty and executions; detention without trial, disappearances, torture, and extrajudicial killings; and, political repression, and corruption. These are all addressed from Dr. Amadou Scattered Janneh's personal experience and knowledge as a trained journalist, political scientist, former cabinet minister, entrepreneur, former political prisoner sentenced to a life-term, and a leading critic of the dictatorial regime of President Yahya Jammeh. Standing Up Against Injustice looks at Amadou's evolution from a seemingly shy pupil at Gunjur Primary School to a budding activist at Saint Augustine's High School; from a leading anti-apartheid activist at The University of Tennessee to a cabinet minister, and a political prisoner jailed for life. There is an extensive discussion of prison conditions and his incarceration at the Gambia's notorious Mile II Central Prisons where he saw prisoners being dragged away for execution in August 2012. The book concludes with a discussion of events leading to Dr. Janneh's release from prison through the intervention of the Rev. Jesse Jackson, and his expulsion to the United States in September 2012.
