Owners of the Map-Claudio Sopranzetti 2017-11-21 On May 19, 2010, the Royal Thai Army deployed tanks, snipers, and war weapons to disperse the thousands of Red Shirts protesters who had taken over the commercial center of Bangkok to demand democratic elections and an end to inequality. Key to this mobilization were motorcycle taxi drivers, who slowed down, filtered, and severed mobility in the area, claiming a prominent role in national politics and ownership over the city and challenging state hegemony. Four years later, on May 20, 2014, the same army general who directed the dispersal staged a military coup, unopposed by protesters. How could state power have been so fragile and open to challenge in 2010 and yet so seemingly sturdy only four years later? How could protesters who had once fearlessly resisted military attacks now remain silent? Owners of the Map provides answers to these questions—central to contemporary political mobilizations around the globe—through an ethnographic study of motorcycle taxi drivers in Bangkok. Claudio Sopranzetti explores the unresolved tensions in the drivers' everyday lives, their migration trajectories, consumer desires, and political demands amidst the restructuring of Thai capitalism after the 1997 economic crisis. Reconstructing the entanglements between their everyday mobility and political mobilization, Sopranzetti reveals mobility not just as a strength of contemporary capitalism but also as one of its fragile spots, always prone to disruption by the people who sustain its channels but remain excluded from their benefits. In so doing, Owners of the Map advances an analysis of power that focuses not on the sturdiness of hegemony or the ubiquity of everyday resistance but on its potential fragility as well as the work needed for its maintenance.

NOFX-NOFX 2016-04-12 NOFX: The Hepatitis Bathtub and Other Stories is the first tell-all autobiography from one of the world's most influential and controversial punk bands. Alongside hilarious anecdotes about pranks and drunkenness and teenage failures—featuring the trademark NOFX sense of humor—the book also shares the ugliness and horror the band members experienced on the road to becoming DIY millionaires. Fans and non-fans alike will be shocked by stories of murder, suicide, addiction, counterfeiting, riots, bondage, terminal illness, the Yakuza, and pee—lots and lots of pee. Told by each of the band members (and two former members), NOFX looks back at more than thirty years of comedy, tragedy, and completely inexplicable success. È

Baxter State Park and Katahdin-John W. Neff 2012 The character of Baxter State Park and the great mountain at its heart can be powerfully conveyed through two words: forever wild. The mountain was known as Ktaadn, or "the greatest mountain," to native peoples who first frequented Maine's interior northern forest. They were followed by colonial adventurers who explored its cirques and massive granite walls, by those who studied its geology and flora and fauna, and later by loggers who came to extract the virgin timber from nearby valleys. Finally, recreational climbing and camping led to an effort to protect the rugged beauty of these mountains, lakes, and valleys. When calls for preservation went unheeded, former governor Percival P. Baxter, beginning in the 1930s, purchased some 201,000 acres over a period of 30 years and gifted them to the state. Today, Baxter State Park is the guardian of this vast wilderness area for all to enjoy. Baxter State Park and Katahdin draws on rich collections of archival images dating back to the 19th century.

Motocourse-Dennis Noyes 1999 This official history of the FIM Grand Prix motor cycle racing World Championship, since its formation in 1949, records the action from a sport that has seen massive changes during the last 50 years with Japanese manufacturers eclipsing their European rivals, purpose-built race circuits replacing true road courses and a reduction in the number of Grand Prix classes. In other respects it has enjoyed remarkable continuity, as motor cycle racing has remained the domain of the major manufacturers anxious to promote the awareness of their road machines. Contemporary Grand Prix designs are clearly descended from the bikes raced in the 1950s. This book traces the major trends and developments during the last 50 years and it profiles the legendary riders, teams and innovators that have dominated the sport during this period. Concluding the history is a comprehensive and detailed results section which provides an invaluable source of reference for any motor cycle enthusiast.

Growth and International Trade-Karl Farmer 2013-02-01 This textbook guides the reader towards various aspects of growth and international trade in a Diamond-type overlapping generations framework. Using the same model type throughout the book, timely topics such as growth with bubbles, debt reduction in rich countries and policies to mitigate climate change are explored. The first part starts from the "old" growth theory and bridges to the "new" growth theory (including R&D and human capital approaches). The second part presents an intertemporal equilibrium theory of inter and intra-sectoral trade and concludes by analyzing the debt mechanics inducing the huge imbalances among

eurozone countries. The book is primarily addressed to graduate students wishing to proceed to the analytically more demanding journal literature.

The Harley-Davidson and Indian Wars-Allan Girdler 2016-01-29 In The Harley Davidson and Indian Wars, author Allan Girdler takes you on a colorful tour of the men and machines that competed to dominate the American motorcycle industry. This book chronicles the legendary machines such as the Knucklehead and the Four, as well as motorcycles like the Hummer and the Model CZ whose times came and went or, perhaps, never came at all. The racing history is also told with a flourish, from the days of total-loss oiling, wooden race tracks, and high mortality rates to the cataclysmic times of Class C racing, when roaring V-twin -powered beasts were manhandled on dirt tracks, asphalt, and through the nastiest terrain the country has to offer. The Harley-Davidson and Indian Wars tells the story of these two makers, from the days when Harley-Davidsons were built in the Davidson family's back yard to the tragic demise of the Indian Motorcycle company. The First Americans-James Adovasio 2009-01-16 J. M. Adovasio has spent the last thirty years at the center of one of our most fiery scientific debates: Who were the first humans in the Americas, and how and when did they get there? At its heart, The First Americans is the story of the revolution in thinking that Adovasio and his fellow archaeologists have brought about, and the firestorm it has ignited. As he writes, “The work of lifetimes has been put at risk, reputations have been damaged, an astounding amount of silliness and even profound stupidity has been taken as serious thought, and always lurking in the background of all the argumentation and gnashing of tenets has been the question of whether the field of archaeology can ever be pursued as a science.”

The Encyclopedia of the Motorcycle-Hugo Wilson 1995 The Motorcycle Encyclopaedia is a complete and comprehensive reference work. The book is designed in two major sections. The first is a photo-gallery of over 400 classic motorbikes, alphabetically arranged by manufacturers, with all their significant models covered in detail. The second section lists every maker from the inception of motorcycling to the present day, and includes rare photographs and design blueprints. Each manufacturer is profiled, from ABC to Sundapp through giants of the industry like Honda and extinct but fondly remembered producers like Vincent and Velocette.

Leading the Unleadable-Alan Willett 2016-11-29 Is that one guy dragging you all down? The control-freak, the narcissist, the slacker, the cynic... Difficult people are the worst part of a manager's job. Whether it comes from direct reports or people above, outbursts, irrational demands, griping, and other disruptions need to be dealt with-and it's your responsibility to do it. Leading the Unleadable turns this dreaded chore into a straight forward process that gently, yet effectively, improves behaviors. Written by an insider in the tech industry, where personality issues routinely wreck projects, the book reveals a core truth: most people actually want to contribute results, not cause headaches. Once you realize the potential for change, the book's simple steps, examples, and scripts explain how to right even the most hopeless situations. You'll learn how to: \* Master the necessary mindset \* Explain the problem calmly in a short feedback session \* Get a commitment to change, and follow up \* Coach others to replicate the process \* Develop the situational awareness required to spot trouble even earlier in the future Every manager has "problem people." What sets great managers apart is how they turn them into productive team players. Prepare to transform the troublesome into the tremendous.

Extreme Frontiers-Charley Boorman 2012-01-05 Charley Boorman is back on his bike exploring the world's second largest country - home to some of the most stunning and challenging terrain known to man. Canada is a country of extremes, and Charley knows all about pushing the limits. He goes dirt biking in New Brunswick, dives through old shipwrecks in Tobermory and rides along Butch Cassidy's old Outlaw Trail. He also meets a fascinating mix of people on his journey. As he heads across Canada, he plays ice hockey with a legend of the game; spends a day as a Mountie cadet and nearly meets a ghost in Winnipeg . . . Written with Charley's trademark enthusiasm and humour, Extreme Frontiers is fast-paced, hugely entertaining and packed with adventure (and rather a lot of mosquitoes).

The Long Sunset-Jack McDevitt 2019-01-29 From Nebula Award winner Jack McDevitt comes the eighth installment in the popular The Academy series—Priscilla “Hutch” Hutchins discovers an interstellar message from a highly advanced race that could be her last chance for a mission before the program is shut down for good. Hutch has been the Academy's best pilot for decades. She's had numerous first contact encounters and even became a minor celebrity. But world politics have shifted from exploration to a growing fear that the program will run into an extraterrestrial race more advanced than humanity and war. Despite taking part in the recent scientific breakthrough that rejuvenates the human body and expands one's lifespan, Hutch finds herself as a famous interstellar pilot with little to do, until a message from an alien race arrives. The message is a piece of music from an unexplored area. Despite the fact that this alien race could pose a great danger and that this message could have taken several thousand years to travel, the program prepares the last interstellar ship for the journey. As the paranoia grows, Hutch and her crew make an early escape—but what they find at the other end of the galaxy is completely unexpected.

Velocette-Mick Walker 2009-05-01 In 1961 a production 500cc Velocette Venom Clubman Veeline achieved a world record, twenty-four hours at a speed of 100.05mph. It was the first motorbike of any size to perform the feat, and to this date no other motorbike of comparable size has equaled or bettered its record. It was the culmination of almost fifty-five years of technological excellence from the Birmingham factory, a time that had seen the company win both the Junior and Senior TT numerous times, as well as many other races throughout Europe and the UK. Motorcycle historian Mick Walker tells the story of the various Velocette racing bikes and their riders from 1905 to the winding up of the

company in 1971. Velocettes have always had a loyal following and the KTT and Thruxton especially are among the most desirable of classic bikes, especially with a racing pedigree. Riders like Stanley Wood, Neil Kelly, E.A. Mellors and Bertie Goodman all feature in the book too. Famous models such as the KTT, MAC, Venom and Thruxton are looked at in depth, while the story of Velocette's racing heritage is told in great detail in *Velocette: The Racing Story*.
