Late Migrations-Margaret Renkl 2019-07-09 From New York Times opinion writer Margaret Renkl comes an unusual, captivating portrait of a family—and of the cycles of joy and grief that inscribe human lives within the natural world. Growing up in Alabama, Renkl was a devoted reader, an explorer of riverbeds and red-dirt roads, and a fiercely loved daughter. Here, in brief essays, she traces a tender and honest portrait of her complicated parents—her exuberant, creative mother; her steady, supportive father—and of the bittersweet moments that accompany a child's transition to caregiver. And here, braided into the overall narrative, Renkl offers observations on the world surrounding her suburban Nashville home. Ringing with rapture and heartache, these essays convey the dignity of bluebirds and rat snakes, monarch butterflies and native bees. As these two threads haunt and harmonize with each other, Renkl suggests that there is astonishment to be found in common things: in what seems ordinary, in what we all share. For in both worlds—the natural one and our own—“the shadow side of love is always loss, and grief is only love's own twin.” Gorgeously illustrated by the author's brother, Billy Renkl, Late Migrations is an assured and memorable debut.

Broken Idols of the English Reformation-Margaret Aston 2015-11-26 Why were so many religious images and objects broken and damaged in the course of the Reformation? Margaret Aston's magisterial new book charts the conflicting imperatives of destruction and rebuilding throughout the English Reformation from the desecration of images, rails and screens to bells, organs and stained glass windows. She explores the motivations of those who smashed images of the crucifixion in stained glass windows and who pulled down crosses and defaced symbols of the Trinity. She shows that destruction was part of a methodology of religious revolution designed to change people as well as places and to forge in the long term new generations of new believers. Beyond blanked walls and whited windows were beliefs and minds impregnated by new modes of religious learning. Idol-breaking with its emphasis on the treacheries of images fundamentally transformed not only Anglican ways of worship but also of seeing, hearing and remembering.

People Like You-Margaret Malone 2015-11-17 In this marvelously funny, unsettling, subtle, and moving collection of stories the characters exist in the thick of everyday experience absent of epiphanies. Each voice will win readers over completely and break hearts with each confused and conflicted decision that is made. Every story is beautifully controlled and provocatively alive to its own truth.

The Return of the Soldier (Historical Novel)-Rebecca West 2019-12-18 The Return of the Soldier recounts the return of the shell shocked Captain Chris Baldry from the trenches of the First World War from the perspective of his cousin Jenny. The novel grapples with the soldier's return from World War I with mental trauma and its effects on the family, and sheds light on their fraught relationships. The successful treatment of the traumatised returned soldier is a fundamental element of The Return of the Soldier. Unlike Virginia Woolf's Mrs Dalloway and Dorothy L. Sayers' The Unpleasantness at the Bellona Club, this novel lends certain optimism that the soldier can be reintegrated into society. The novel was adapted into a film of the same name in 1982. Excerpt: "That day its beauty was an affront to me, because, like most Englishwomen of my time, I was wishing for the return of a soldier. Disregarding the national interest and everything else except the keen prehensile gesture of our hearts toward him, I wanted to snatch my Cousin Christopher from the wars and seal him in this green pleasantness his wife and I now looked upon. Of late I had had bad dreams about him. By nights I saw Chris running across the brown rottenness of No-Man's-Land..."

Coming of Age in Samoa-Margaret Mead 2014-12-11 This book is the outstanding and most frequently cited work in the field of Anthropology. It made the author world-famous and established her as the leader in her field for the next 50 years. One of the reasons this book became so famous was her observation that young Samoan women deferred marriage for many years while enjoying casual sex before eventually choosing a husband. This led to the Sexual Revolution that swept America in the 1960s and brought about the establishment of the Sexual Freedom League and other organizations. The Free Love generation idolized Margaret Mead.

The Testaments-Margaret Atwood 2019-09-10 NOW WITH ADDITIONAL MATERIAL #1 NEW YORK TIMES BESTSELLER WINNER OF THE BOOKER PRIZE FOR FICTION More than fifteen years after the events of The Handmaid's Tale, the theocratic regime of the Republic of Gilead maintains its grip on power, but there are signs it is beginning to rot from within. At this crucial moment, the lives of three radically different women converge, with potentially explosive results. Two have grown up as part of the first generation to come of age in the new order. The testimonies of these two young women are joined by a third: Aunt Lydia. Her complex past and uncertain future unfold in surprising and pivotal ways. With The Testaments, Margaret Atwood opens up the innermost workings of Gilead, as each woman is forced to come to terms with who she is, and how far she will go for what she believes. The Testaments is a modern masterpiece, a powerful novel that can be read on its own or as a companion to Margaret Atwood's classic, The Handmaid's Tale.

Taste and See-Margaret Feinberg 2019-01-22 God is a foodie who wants to transform your supper into sacrament. One of America's most beloved teachers and writers, Margaret Feinberg, goes on a remarkable journey to unearth God's perspective on food. She writes that since the opening of creation, God, the Master Chef, seeds the world with pomegranates and passionfruit, beans and greens and tangerines. When the Israelites wander in the desert for forty years, God, the Pastry Chef, delivers the sweet bread of heaven. After arriving in the Promised Land, God reveals himself as Barbecue Master, delighting in meat sacrifices. Like his Foodie Father, Jesus throws the disciples an unforgettable two-course farewell supper to be repeated until his return. This groundbreaking book provides a culinary exploration of Scripture. You'll descend 400 feet below ground into the frosty white caverns of a salt mine, fish on the Sea of Galilee, bake fresh matzo at Yale University, ferry to a remote island in Croatia to harvest olives, spend time with a Texas butcher known as "the meat apostle," and wander a California farm with one of the world's premier fig farmers. With each visit, Margaret asks, "How do you read these Scriptures, not as theologians, but in light of what you do every day?" Their answers will forever change the way you read the Bible - and approach every meal. Taste and See is a delicious read that includes dozens of recipes for those who, like Margaret, believe some of life's richest moments are spent savoring a meal with those you love. Perhaps God's foodie focus is meant to do more than satisfy our bellies. It's meant to heal our souls, as we learn to taste and see the goodness of God together. After all, food is God's love made edible. See you around the table!

A Wrinkle in Time-Madeleine L'Engle 2019-07-18 A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.
