Adventures in the Spirit-Philip Clayton In Adventures in the Spirit, respected and influential theologian Philip Clayton argues that two major intellectual movements of our day-pantheism and emergence-are converging and that together they offer exciting new vistas for theological reflection. On the one hand, over the last decades many theologians have been re-conceiving the God-world relation pantheistically, affirming a radical indwelling of God within the world and the world within God. On the other hand, scientists have begun to abandon the reductionist ideology that characterized much of the modern period, with a new emphasis on emergence. Their study of how new, novel structures and entities arise throughout the evolutionary process yields a much more open-ended, holistic vision of reality, Clayton argues.

Heart hung her head, her eyes sweeping down over herself. She was hurt, mystified, and then horrified! Where the light from Word struck her clothes, it showed how dirty they really were and even had holes. When his light touched her fruit, it appeared brown and spoiled, emitting an unpleasant smell. Word slowly closed the heavy gate. Wiping the tears from her eyes and biting her lip to keep it from trembling, Heart turned and walked over to a nearby tree. She could hold back no longer. Dumping her spoiled, worthless fruit on the ground, she burst out sobbing. What could have gone wrong? She had tried so hard! Never had she expected to fail so miserably. Adventures in Philosophy-Will Durant 2008-01 Will Durant once lamented that, "philosophy is no longer loved today because she has lost the spirit of adventure." "Adventures in Philosophy" is Durant's attempt to recapture that spirit. In actual debates, symposiums, and personal discussions, topics such as the meaning of life, politics, religion, history, and the nature of humanity are all explored by Durant and some of the leading minds of the 20th century. Also included are fictional dialogues, written by Durant, which bring together many of history's greatest minds in a discussion of philosophy's most challenging questions. In these symposiums, the scope and breadth of Durant's erudition is at once apparent, yet done so in wonderful, often epigrammatic, prose that (as Max Schuster once commented) "begs to read aloud."

Taking the Adventure-Gracia Fay Ellwood 2014-11-11 What is the relationship between faith, especially Christian faith, and a lifestyle that respects animals as our neighbors and kin? Why should faith entail a commitment to vegetarianism? Are animals meant to be heirs of the kingdom of God as well as human beings? *Taking the Adventure* offers answers to these questions in the context of important biblical themes: of Eden and Exodus, of the prophetic imperative, of Jesus as a prophet proclaiming liberty to the oppressed and the captives, of the feast of the kingdom, of the resurrection and life beyond death. It explores imagery from familiar novels such as *A Christmas Carol* and *The Hobbit* that deal with cravings, anxiety, and true abundance. It proposes that committing ourselves to live in God-given peace with all living beings, and sharing with others the good news of that peace, is an adventure worth the best we can give--an arduous and painful, yet joyous adventure climaxing in return to the heart of God.

Where the Spirits Ride the Wind-Felicitas D. Goodman 1990-08-22

"The book is clearly written for the general reader and includes many descriptions of trance experiences. It may serve as a good introduction to the nature and appeal of the shamanic revival in modern Western cultures." —Theological Book Review "... a case study in experiential anthropology that offers a unique mix of autobiography, mythology, experiential research, and archaeological data to support a challenging thesis—that certain body postures may help induce specific trance states." —Shaman's Drum "This is a spellbinding and exceptionally readable book by an extraordinary woman." —Yoga Journal "And suddenly the understanding of my own vision washed over me like a mighty wave... For life or for death, I was committed to that mighty realm of which I was shown a brief reminder, the world where all was forever motion and emergence, that realm where the spirits ride the wind." —from the Prologue Goodman reexamines our notions of the nature of reality by studying the ritual postures of native art assumed by her subjects during trance states. For readers desiring to discover this world of ancient myths, she has included a practical guide on how to achieve such ecstatic experiences.

The Adventures of Ulysses-Bernard Evslin 1989-04-01 The occasion of forty years of teaching at Amherst by William H. Pritchard, the renowned critic of Frost, Jarrell, and many others, has generated a remarkable collection of essays by former students, colleagues, and friends. The essays themselves are a spectrum of contemporary, criticism, ranging from classroom memoirs to analytic essay-in-criticism to assessment of the state of academic letters today. These contributions, a tribute, by reason of their very range, are a salute to the breadth of William Pritchard's circle of literary acquaintance. Under Criticism demonstrates the fine persistence in certain manners of approach and habits of focus that go, among that circle, under the name of criticism. Drawing foremost on their engagement with the literature before them, Christopher Ricks, Helen Vendler, Patricia Meyer Spacks, Neil Hertz, David Ferry, Paul Alpers, Joseph Epstein, and Frank Lentricchia -- as well as fifteen other critics and men and women of letters -- reinforce Professor Pritchard's

prescription that in order to have a hearing, the critic needs to keep listening.
