Does anyone actually know what they're talking about? And where are Riga and Vilnius anyway? You needn't worry any more. With this armchair guide you'll discover the strange and fascinating world that calls itself Europe - without ever having to leave your own home. There are insights into culture (how to join the Finns beating themselves with birch twigs in the sauna); the lowdown on the people that matter (porn stars turned politicians in Italy); fascinating facts and explanations of historical rifts (and you thought the relationship between Britain and France was bad). You'll find out how to talk like Berlusconi, unravel the workings of the EU and guide yourself from the Baltics to Belgium, Portugal to Poland. The Armchair Diplomat: Europe offers the basics of euro-education for very little pain. Perfect for slackers with a passion for travel.
