Mini-Manual of the Independent Counterterrorist, Third Edition-R. J. Godlewski 2014-04-09 There used to be a time when human life held value. When entire nations would go to war over a single injury or death. Then politics became involved and slowly, over time, people took on the value of the collective. No longer were humans viewed as individual persons but, rather, as pawns "too stupid" to think for him or herself. Life became a commodity and has been shown throughout the world in places such as Bosnia, Darfur, and Rwanda, an extremely cheap commodity at that. Over one million Tutsis and Hutus died in genocides during 1972 and 1994, but who cared about blacks killing blacks in Africa? Today, Christians are being murdered and mutilated throughout the Middle East and Northern Africa, but who cares about the faithful? Even Russia has presently violated the sovereignty and territoriality of neighboring Ukraine, but who cares about nationalistic squabbling? Add to this instability the growing "clear and present danger" of Islamic jihadists and narcotics trafficking organizations, but who cares about your safety and survival? Frankly, you do. Time for you to go to war, isn't it? This third edition of Mini-Manual of the Independent Counterterrorist provides you with the inspiration, knowledge, and tools required combating the Evil that threatens the world. All that is truly needed to destroy the evil that men do remain one fighting individual citizen at a time...

Turtle Island-Dave Henry 2017-03-16 Sixteen-year-old Max and 10-year-old Tessa were fully prepared for another horrible summer vacation. While they always hoped to go somewhere fun like Disney World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as I Plan to Kill You Now and the sequel, I Plan to Kill You Now, Too, the ninja film, Chuck Butcher: Sword Wielding Jackal, as well as the light-hearted romc, Harry Hinklehoffe and the Giant Dancing Toad of East Nebraska -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.
