On Compiling an Annotated Bibliography-James L. Harner 2015-01-01 James Harner's popular pamphlet, first published in 1985, has been revised and updated in the light of advances in computer technology and the availability of humanities databases. Harner offers useful information on planning research, organizing an annotated bibliography, compiling entries, using a computer to prepare the manuscript, and editing. While the booklet focuses on the preparation of a comprehensive bibliography on a single literary author, the procedures and techniques are easily adapted to selective or subject bibliographies and to other periods and disciplines.

Roles of the Northern Goddess-Dr Hilda Ellis Davidson 2002-01-04 While much work has been done on goddesses of the ancient world and the male gods of pre-Christian Scandinavia, the northern goddesses have been largely neglected. Roles of the Northern Goddess presents a highly readable study of the worship of these goddesses by men and women. With its use of evidence from early literature, popular tradition, legend and archaeology, this book investigates the role of the early hunting goddess and the local goddesses who were involved in all aspects of the household and the farm. What emerges is that the goddess was both benevolent and destructive, a powerful figure closely concerned with birth and death and with destiny of individuals.

A Question of Commitment-R. Brian Howe 2009-07-29 In 1991, the Government of Canada ratified the United Nations Convention on the Rights of the Child, requiring governments at all levels to ensure that Canadian laws and practices safeguard the rights of children. A Question of Commitment: Children's Rights in Canada is the first book to assess the extent to which Canada has fulfilled this commitment. The editors, R. Brian Howe and Katherine Covell, contend that Canada has wavered in its commitment to the rights of children and is ambivalent in the political culture about the principle of children's rights. A Question of Commitment expands the scope of the editors' earlier book, The Challenge of Children's Rights for Canada, by including the voices of specialists in particular fields of children's rights and by incorporating recent developments.

The Human Embryonic Stem Cell Debate-Arthur L Caplan 2001 Discusses the ethical issues involved in the use of human embryonic stem cells in regenerative medicine.

Nickel and Dime-Barbara Ehrenreich 2010-04-01 Our sharpest and most original social critic goes "undercover" as an unskilled worker to reveal the dark side of American prosperity. Millions of Americans work full time, year round, for poverty-level wages. In 1998, Barbara Ehrenreich decided to join them. She was inspired in part by the rhetoric surrounding welfare reform, which promised that a job -- any job -- can be the ticket to a better life. But how does anyone survive, let alone prosper, on \$6 an hour? To find out, Ehrenreich left her home, took the cheapest lodgings she could find, and accepted whatever jobs she was offered. Moving from Florida to Maine to Minnesota, she worked as a waitress, a hotel maid, a cleaning woman, a nursing-home aide, and a Wal-Mart sales clerk. She lived in trailer parks and crumbling residential motels. Very quickly, she discovered that no job is truly "unskilled," that even the lowliest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you int to live indoors. Nickel and Dime reveals low-rent America in all its tenacity, anxiety, and surprising generosity -- a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how "prosperity" looks from the bottom. You will never see anything -- from a motel bathroom to a restaurant meal -- in quite the same way again.

Bird by Bird-Anne Lamott 2007-12-18 For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it bird by bird.'" An essential volume for generations of writers young and old, Bird by Bird is a modern classic. This twenty-fifth anniversary edition will continue to spark creative minds for years to come.

Celtic Religion in Roman Britain-Graham Webster 1987

Angels-George J. Marshall 2015-08-13 In the 1990s alone, more than 400 works on angels were published, adding to an already burgeoning genre. Throughout the centuries angels have been featured in, among others, theological works on scripture; studies in comparative religions; works on art, architecture and music; philological studies; philosophical, sociological, anthropological, archeological and psychological works; and even a psychoanalytical study of the implications that our understanding of angels has for our understanding of sexual differences. This bibliography lists 4,355 works alphabetically by author. Each entry contains a source for the reference, often a Library of Congress call number followed by the name of a university that holds the work. More than 750 of the entries are annotated. Extensive indexes to names, subjects and centuries provide further utility.

Questionnaires for Research-Dale R. Potter 1972

From Inquiry to Academic Writing-Stuart Greene 2011-07-06 Academic writing is a conversation — a collaborative exchange of ideas to pursue new knowledge. From Inquiry to Academic Writing: A Text and Reader demystifies cross-curricular thinking and writing by breaking it down into a series of comprehensible habits and skills that students can learn in order to join in. The extensive thematic reader opens up thought-provoking conversations being held throughout the academy and in the culture at large. Read the preface.

In the Spirit of a New People-Randy J. Ontiveros 2013-11-04 Reexamining the Chicano civil rights movement of the 1960s and 1970s, In the Spirit of a New People brings to light new insights about social activism in the twentieth-century and new lessons for progressive politics in the twenty-first. Randy J. Ontiveros explores the ways in which Chicano/a artists and activists used fiction, poetry, visual arts, theater, and other expressive forms to forge a common purpose and to challenge inequality in America. Focusing on cultural politics, Ontiveros reveals neglected stories about the Chicano movement and its impact: how writers used the street press to push back against the network news; how visual artists such as Santa Barraza used painting, installations, and mixed media to challenge racism in mainstream environmentalism; how El Teatro Campesino's innovative "actos," or short skits, sought to embody new, more inclusive forms of citizenship; and how Sandra Cisneros and other Chicana novelists broadened the narrative of the Chicano movement. In the Spirit of a New People articulates a fresh understanding of how the Chicano movement contributed to the social and political currents of postwar America, and how the movement remains meaningful today.

Introduction to Information Retrieval-Christopher D. Manning 2008-07-07 Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.

MLA Style Manual and Guide to Scholarly Publishing-Modern Language Association of America 2008 Provides information on stylistic aspects of research papers, theses, and dissertations, including sections on writing fundamentals, MLA documentation style, and copyright law.

Darwin for Beginners-Jonathan Miller 2003 Looks at the life of the noted naturalist, explores previous theories about the nature of life, summarizes arguments supporting the theory of evolution, and discusses more recent discoveries in genetics.

National Healing-Claude Hurlbert 2013-02-01 In National Healing, author Claude Hurlbert persuasively relates nationalism to institutional racism and contends that these are both symptoms of a national ill health afflicting American higher education and found even in the field of writing studies. Teachers and scholars, even in progressive fields like composition, are unwittingly at odds with their own most liberatory purposes, he says, and he advocates consciously broadening our understanding of rhetoric and writing instruction to include rhetorical traditions of non-Western cultures. Threading a personal narrative of his own experiences as a student, professor, and citizen through a wide ranging discussion of theory, pedagogy, and philosophy in the writing classroom, Hurlbert weaves a vision that moves beyond simple polemic and simplistic multiculturalism. National Healing offers a compelling new aesthetic, epistemological, and rhetorical configuration.

Protecting Open Space-Richard A. Liroff 1981

Cuban-American Fiction in English-M. Delores Carlito 2005 This bibliography contains listings and annotations of all novels, anthologies, and short story collections written by the first, 1.5, and second generations of Cuban Americans. This work also contains listings and annotations of all secondary works dealing with this fiction, as well as related memoirs, autobiographies and interviews.

Academic Writing and Publishing-James Hartley 2008-04-22 Academic Writing and Publishing will show academics (mainly in the social sciences) how to write and publish research articles. Its aim is to supply examples and brief discussions of recent work in all aspects of the area in short, sharp chapters. It should serve as a handbook for postgraduates and lecturers new to publishing. The book is written in a readable and lively personal style. The advice given is direct and based on up-to-date research that goes beyond that given in current textbooks. For example, the chapter on titles lists different kinds of titles and their purposes not discussed in other texts. The chapter on abstracts instructs the reader on writing structured abstracts from the start.

Theodore Rex-Edmund Morris 2010-11-24 Theodore Rex is the story—never fully told before—of Theodore Roosevelt's two world-changing terms as President of the United States. A hundred years before the catastrophe of September 11, 2001, "TR" succeeded to power in the aftermath of an act of terrorism. Youngest of all our chief executives, he rallied a stricken nation with his superhuman energy, charm, and political skills. He proceeded to combat the problems of race and labor relations and trust control while making the Panama Canal possible and winning the Nobel Peace Prize. But his most historic achievement remains his creation of a national conservation policy, and his monument millions of acres of protected parks and forest. Theodore Rex ends with TR leaving office, still only fifty years old, his future reputation secure as one of our greatest presidents.

The Perfect House-Witold Rybczynski 2013-02-26 "Palladio is the Bible," Thomas Jefferson once said. "You should get it and stick to it." With his simple, gracious, perfectly proportioned villas, Andrea Palladio elevated the architecture of the private house into an art form during the late sixteenth century -- and his influence is still evident in the ample porches, columned porticoes, grand ceilings, and front-door pediments of America today. In The Perfect House, bestselling author Witold Rybczynski, whose previous books (Home, A Clearing in the Distance, Now I Sit Me Down) have transformed our understanding of domestic architecture, reveals how a handful of Palladio's houses in an obscure corner of the Venetian Republic should have made their presence felt hundreds of years later and halfway across the globe. More than just a study of one of history's seminal architectural figures, The Perfect House reflects Rybczynski's enormous admiration for his subject and provides a new way of looking at the special landscapes we call "home" in the modern world.

Using Sources Effectively-ROBERT. HARRIS 2017-01-30 Now in its fifth, expanded edition, Using Sources Effectively, Fifth Edition targets the two most prominent problems in current research-paper writing: the increase in unintentional plagiarism and the ineffective use of research source material. Designed as a supplementary textbook for both undergraduate and graduate courses, this book will help every student who uses research in writing. Included in this edition are coverage of research strategies and source selection (Chapter 2), a chapter on quoting sources effectively (Chapter 4), and a chapter on sentence patterns (Chapter 10). APA and MLA citation styles have been updated throughout the text. To the student: This book was written to give you the knowledge and tools you can use to make your research-based writing more powerful and effective. Here are some examples: Mini-Research Projects at the end of each chapter to sharpen your research and evaluation skills A set of practical, useful rhetorical devices to help improve the clarity and impact of your writing Increased emphasis on synthesis writing—weaving source use into your own thinking—to give your writing more interest and persuasive power Instruction in close reading to help you better grasp what an author is discussing or arguing Strategies for organizing and positioning your sources to strengthen your central argument.

A Pocket Guide to Writing in History-Mary Lynn Rampolla 2009-05-27 A portable and affordable reference tool, A Pocket Guide to Writing in History provides reading, writing, and research advice useful to students in all history courses. Concise yet comprehensive advice on approaching typical history assignments, developing critical reading skills, writing effective history papers, conducting research, using and documenting sources, and avoiding plagiarism —

Cross-Cultural Dialogues-Craig Storti 2017-01-24 In this update of his classic book, Craig Storti takes readers through 74 brief dialogues between an American and a person from another culture. Short as these dialogues are, they have buried within them at least one cultural breach which the reader is challenged to figure out. In the course of these conversations, readers come face to face with the fact that many of their most cherished instincts don't travel very well, and what is expected and understood in one culture may be shocking and incomprehensible in another - leading inevitably to all manner of misunderstandings, and these misunderstandings, in turn, often result in a wide variety of unpleasant emotional and practical consequences, from hurt feelings and missed opportunities to failed negotiations and lost profits, to anger and hostility. But, if we could stop assuming that other people are like us-if we could begin to believe that we don't necessarily understand our cultural counterparts in social or business settings, we would be well on our way to avoiding cultural misunderstandings and the problems they give rise to. That, in a nutshell, is the purpose of this book: to alert readers to the misunderstandings lurking in the most common interactions we have with people from other cultures-and help us take the first and most important step down the road to cultural sensitivity.

New to this edition are examples drawn from a wide range of disciplines, a new chapter on conducting a systematic review, increased coverage of issues of evaluating quality and conducting reviews using online sources and online literature and enhanced guidance in dealing with copyright and permissions issues.

Exploring Data and Metrics of Value at the Intersection of Health Care and Transportation-National Academies of Sciences, Engineering, and Medicine 2016-11-28 Evidence from the public health sector demonstrates that health care is only one of the determinants of health, which also include genes, behavior, social factors, and the built environment. These contextual elements are key to understanding why health care organizations are motivated to focus beyond their walls and to consider and respond in unprecedented ways to the social needs of patients, including transportation needs. In June 2016 the National Academies of Sciences, Engineering, and Medicine held a joint workshop to explore partnerships, data, and measurement at the intersection of the health care and transportation sectors. This publication summarizes the presentations and discussions from the workshop.

On Liberty-John Stuart Mill 2016-08-05 In his much quoted, seminal work, On Liberty, John Stuart Mill attempts to establish standards for the relationship between authority and liberty. He emphasizes the importance of individuality which he conceived as a prerequisite to the higher pleasures-the summum bonum of Utilitarianism. Published in 1859, On Liberty presents one of the most eloquent defenses of individual freedom and is perhaps the most widely-read liberal argument in support of the value of liberty.

The Aims of Argument-Timothy W. Crusius 2002-08 Presents a process-oriented introduction to argumentation with coverage of the aims, or purposes, of argument: to inquire, to convince, to persuade, and to mediate. In contrast to other approaches, the focus on aims provides rhetorical context that helps students write, as well as read, arguments.

Painless Grammar-Rebecca Elliott 1997-01 Teaches grammar using humor, cartoons, and examples of correct usage.
