Big Al's how to Create a Recruiting Explosion-Tom Schreiter 1986
Electra-Alfred V. Cafiero 2014-06-24 Electra is a utopian type city and the envy of every city in the U.S. Its citizens enjoyed the benefits of good government and therefore, lulled into complacency by its many amenities, believing the good life would last forever without their participation in civic affairs and henceforth, neglected their right to vote. Their indifference to the political process left the door ajar for the criminal element to establish a foothold in city government. Gradually, the tentacles of corruption penetrated every office of city government. This once great city, is now degenerated into one of crime and vice, with the establishment of gambling, prostitution, and drugs. This story centers on two wealthy individuals who decided on restoring the city to its former greatness by combining their resources, influence, and expertise in a resourceful, dangerous, and questionable plan. Alvin Cain came from humble origins; and through his intelligence and fearless nature, he became a wealthy man and the architect of a daring plan to restore Electra to respectability. John Winthrop Hamilton III was born into wealth, a philanthropist and the moral guide of the two men; he had to be convinced that Alvin Cain's method was the only viable plan that could succeed. Although daring, dangerous, and unethical, the plan was adopted.
