Popular Photography- 2007-06

Tamron Lenses-Andy Stansfield 2012-05-01 Worldwide, Tamron lenses are recognized for their innovative specifications, superior resolution, compact designs and ease of use. Written by an expert photographer, Ammonite's Expanded Guide explores the entire range of Tamron interchangeable lenses for digital and conventional SLR cameras. Jargon-free information is given on lenses from the standard, macro and wide-angle types, to special lenses from aspherical APS-C models to the high ratio zoom lenses of which Tamron was the pioneer in 1992, when it released the 28-200mm model (the most current lens of this type is the 18-270mm, the world's first 15× zoom lens made for DSLRs). Also included is informaton on Tamron's discontinued models, which are still widely sought after by photographers, including the manual focus Adaptall series, which have interchangeable mounts for multiple camera brands, and their T-mount adapter system. For each featured lens in the range there is a special practical photographic project, covering subjects that include seashore and landscape, low light, sport, people, animals, birds and insects, flowers and still life, travel and reportage, and using filters. The book comes with a pullout quick reference guide to depth of field tables for a selection of focal lenth, for convenient use in the field.

Advance Course in Yogi Philosophy and Spiritual Development-Yogi Ramacharaka 2018-07-15 Excerpts from the book: ..".It may be well for us to take a general view of the subject of Yoga. What is the end and aim of the teachings and the practices? What does it all mean? What is Man seeking for in all these endeavors? What does life, and growth, and development, and evolution mean? These are questions that thinking people are constantly asking, and which but few are able to answer even partially. The Yogi Philosophy teaches that the end of all human endeavor and life is to allow the soul to unfold until it reach with Spirit. And as Spirit is the divine part of man- the bit of God-material in him - this union eventually will result in what is known as Union with God - that is the bringing of the individual soul into conscious touch and union with the centre of all life."

Origami Sculptures-John Montroll 1990-01-01 Contains a collection of Montroll's best paper folding with the modern advances of computer graphics.

The Evolution of Gospel Music-BBC Active 2013-01-16

The McGraw-Hill Reader-Gilbert H. Muller 1982 Addressing the continuing interest in core liberal arts issues, interdisciplinary themes, multicultural perspectives, and critical thinking, THE MCGRAW-HILL READER provides students with a full range of quality prose works spanning various ages, cultures, and subjects. The finely-tuned editorial apparatus encourages students to respond actively to the essays, to formulate their own critical judgments, and to develop in writing their reactions to and perspectives on the thematic concerns of the selections. The Seventh Edition features thirty-eight new essays that address current issues such as the quality of education, the role of technology, and the impact of media. The text concludes with a new appendix on writing a research paper.

A Beckett Canon-Ruby Cohn 2010-05-25 Samuel Beckett is unique in literature. Born and educated in Ireland, he lived most of his life in Paris. His literary output was rendered in either English or French, and he often translated one to the other, but there is disagreement about the contents of his bilingual corpus. A Beckett Canon by renowned theater scholar Ruby Cohn offers an invaluable guide to the entire corpus, commenting on Beckett's work in its original language. Beginning in 1929 with Beckett's earliest work, the book examines the variety of genres in which he worked: poems, short stories, novels, plays, radio pieces, teleplays, reviews, and criticism. Cohn grapples with the difficulties in Beckett's work, including the opaque erudition of the early English verse and fiction, and the searching depths and syntactical ellipsis of the late works. Specialist and nonspecialist readers will find A Beckett Canon valuable for its remarkable inclusiveness. Cohn has examined the holdings of all of the major Beckett depositories, and is thus able to highlight neglected manuscripts and correct occasional errors in their listings. Intended as a resource to accompany the reading of Beckett's writing--in English or French, published or unpublished, in part or as a whole--the book offers context, information, and interpretation of the work of one of the last century's most important writers. Ruby Cohn is Professor Emerita of Comparative Drama, University of California, Davis. She is author or editor of many books, including Anglo-American Interplay in Recent Drama; Retreats from Realism in Recent English Drama; From Desire to Godot; and Just Play: Beckett's Theater.

Using Moodle-Jason Cole 2008 Using Moodle is a complete, hands-on guide for instructors learning how to use Moodle, the popular course management system (CMS) that enables remote web-based learning and supplements traditional classroom learning. Updated for the latest version, this new edition explains exactly how Moodle works by offering plenty of examples, screenshots and best practices for its many features and plug-in modules. Moodle gives teachers and trainers a powerful set of web-based tools for a flexible array of activities, including assignments, forums, journals, quizzes, surveys, chat rooms, and workshops. This book is not just a how-to manual. Every chapter includes suggestions and case studies for using Moodle effectively. By itself, Moodle won't make your course better. Only by applying effective educational practices can you truly leverage its power. With this book, you will: Get a complete overview CMS in general and Moodle in particular. Review Moodle's basic interface and learn to start a course. Learn to add Moodle tools to your course, and how different tools allow you to give quizzes and assignments, write journals, create pathed lessons, collaboratively develop documents, and record student grades. Discover some of the creative ways teachers have used Moodle. There are plenty of ideas for effectively using each tool. Effectively manage your Moodle course, such as adding and removing users, and creating user groups. Learn to use Moodle's built-in survey functions for assessing your class. Find out how to administer an entire Moodle site. A system administrator usually handles these functions, but if you're on your own, there's a lot of power behind the curtain. Using Moodle is both a guide and a reference manual for this incredibly powerful and flexible CMS. Authored by the Moodle community, this authoritative book also exposes little known but powerful hacks for more technically savvy users, and includes coverage of blogs, RSS, databases, and more. For anyone who is using, or thinking of using, this CMS, Using Moodle is required reading.

Re-Dressing the Canon-Alisa Solomon 2003-09-02 Re-Dressing the Canon examines the relationship between gender and performance in a series of essays which combine the critique of specific live performances with an astute theoretical analysis. Alisa Solomon discusses both canonical texts and contemporary productions in a lively jargon-free style. Among the dramatic texts considered are those of Aristophanes, Ibsen, Yiddish theatre, Mabou Mines, Deborah Warner, Shakespeare, Brecht, Split Britches, Ridiculous Theatre, and Tony Kushner. Bringing to bear theories of 'gender performativity' upon theatrical events, the author explores: \* the 'double disguise' of cross-dressed boy-actresses \* how gender relates to genre (particularly in Ibsen's realism) \* how canonical theatre represented gender in ways which maintain traditional images of masculinity and femininity.

Contesting Neoliberal Education-Dave Hill 2011-02-09 Neoliberal education policies have privatised, marketised, decentralized, controlled and surveilled, managed according to the business and control principles of new public managerialism, attacked the rights and conditions of education workers, and resulted in a loss of democracy, critique and equality of access and outcome. This book, written by an impressive international array of scholars and activists, explores the mechanisms and ideologies behind neoliberal education, while evaluating and promoting resistance on a local, national and global level. Chapters examine the activities and impacts of the arguably socialist revolution in Venezuela, the Porto Alegre democratic community experimental model in Brazil, the activities of the Rouge Forum of democratic socialist teachers and educators in the USA, Public Service International, resistance movements against the GATS (General Agreement on Trade in Services), and trade union and social movement and community/parental opposition to neoliberal education policies in Britain and in Latin America.

Rhymes of a Red Cross Man-Robert William Service 1916 A series of evocative and moving poems written while the author was serving with the Red Cross on the front lines in WWI. The poems are dedicated to the author's brother who

was killed in action in France the year of publication. -- vendor's description.

Group Work Practice to Advance Social Competence-Norma Lang 2010-10-14 Small social groups are fundamental for achieving personal growth, social development, socialization, and the skills of sustaining relevance, relationships, and connections to society. Unfortunately, those who would benefit most from small groups often find themselves unable to achieve membership. Lacking the necessary skills for entry, these individuals may never enjoy the advantages of group membership. Advancing a practice methodology that specifically targets the socially unskilled, Norma C. Lang provides much-needed guidance to practitioners helping individuals become part of group life. Grounded in extensive practice, Lang's methodology addresses the special needs and anomalous functioning of individuals who lack the skills to form and use groups. She outlines the unique pregroup processes of socially unskilled populations and provides a methodology for advancing social competence. She also identifies the professional and agency requirements for working with presocial processes. Widely applicable to practice with social work groups, Lang's method greatly expands the literature on social work theory and practice with individuals and groups.

Microsoft Exchange 2000 Infrastructure Design-Kieran McCorry 2001-10-12 Microsoft Exchange 2000 Infrastructure Design explains from a system designer's and administrator's perspective Microsoft's Active Directory and its interaction with Exchange 2000, details issues concerned with migration to Exchange 2000, and outlines the specific technology and design issues relating to connectivity with Exchange 2000. Readers will learn to use these technologies to seamlessly co-exist with their current environment, migrate to a native Exchange 2000 environment, and connect to the Internet as well as to other messaging systems. The book's blend of expert instruction and best practices will help any organization create optimal system designs and configurations to support different technical and business scenarios. McCorry and Livengood are experts in Microsoft technologies from Compaq, the world's leading integrator of Exchange systems. In Microsoft Exchange 2000 Infrastructure Design, they spell out the key technologies, features, and techniques IT professionals must master to build a unified and robust Exchange 2000 messaging service. This book details the framework organizations must put in place to most effectively move to Exchange 2000. Detailed explanations of Active Directory integration with Exchange 2000, migration to Exchange 2000 from another system and Exchange 2000 transport, connectivity, and tools Gives readers the benefit of authors' extensive experience Unique description of the software "plumbing" organizations must master to move to Exchange 2000 Canon EOS 5D Mark II-Andy Stansfield 2009 New from Ammonite, these Expanded Guides are much more than just user guides and they cover all the capabilities of each camera! Written by experts and with worked examples, they are jargon free, full-colour, inclusive and even easier to use. This title covers Canon's new 'compact' pro digital SLR, the EOS 5D Mark II, a substantial update of their highly successful EOS 5D. The Mark II model offers 21 megapixels from its full-frame sensor, movie recording at 1080p, HDMI video out, a 3in LCD monitor with Live View, increased ISO range and a stunning array of other high-spec features. The fully illustrated Expanded Guide will help photographers to release the huge potential of the Canon EOS 5D Mark II with its comprehensive yet accessible approach.

Nikon D3 and D3X-Jon Sparks 2009-07-08 The Nikon D3 and D3X stand at the pinnacle of Nikon's digital SLR line-up. Both cameras are designed for (and principally marketed to) professional photographers, who will appreciate their rugged build, blistering speed, and incredible image quality. This invaluable practical guide to the Nikon D3 and D3X, packed with the author's own inspirational photographs, begins with an introduction to the cameras - exploring the essential differences between the two models and including a detailed description of their functions and features. Professional tips on using the cameras for the most popular genres of digital photography; detailed reviews of compatible lenses, flashes and accessories; tips on using the computer software supplied with these models; and advice on camera care, all make for an indispensable and unequalled reference for the serious photographer.

Exploring the Bible-Stephen Harris 2009-02-26 Exploring the Bible provides students with a clear, concise, and accessible introduction to the Bible, both Old and New Testaments. The book combines current scholarship with a fresh, readable analysis of the biblical literature, placing each document in its socio-historical context. Student-friendly, it facilitates learning with helpful pedagogical features, ranging from "Key Topics/Themes" summarizing crucial information at the head of each chapter to an extensive glossary of essential terms at the end of the book. At the close of each chapter, "Questions for Discussion and Review" contribute to stimulating class discussions. "Recommended Readings" emphasize the most current--and easily accessible--references for further study.

Canon Powershot G11-Andy Stansfield 2010-02-25 In this clear and authoritative guide, professional photographer Andy Stansfield shows you how to achieve the best possible results from this outstanding digital camera.

Down the Rabbit Hole-Peter Abrahams 2009-03-31 "My all-time favorite. Astonishing." (Stephen King) Down the Rabbit Hole is the first book in the Echo Falls mystery series by bestselling crime novelist Peter Abrahams. Perfect for middle school readers looking for a good mystery. Welcome to Echo Falls, home of a thousand secrets. In Down the Rabbit Hole, eighth grader Ingrid Levin-Hill is in the wrong place at the wrong time. Or at least her shoes are. And getting them back will mean getting tangled up in a murder investigation as complicated as the mysteries solved by her idol, Sherlock Holmes. With soccer practice, schoolwork, and the lead role in her town's production of Alice in Wonderland, Ingrid is swamped. But as things in Echo Falls keep getting curiouser and curiouser, Ingrid realizes she must solve the murder on her own—before it's too late. "Deft use of literary allusions and ironic humor add further touches of class to a topnotch mystery," said School Library Journal. "Intriguing twists." Publishers Weekly agreed: "The fresh dialogue and believable small-town setting will tempt fans to visit Echo Falls again." The next book in this Edgar Award-nominated series in Behind the Curtain, followed by Into the Dark.

Sudoku Genius Mind Exercises Volume 1-Greenbrae Cal State of Mind Collection 2019-12 Sudoku Genius Mind Exercises, Volume 1: Greenbrae, California State of Mind Collection Description: 5x8 expertly bound book with 106 pages of simple to extreme Sudoku puzzles (solutions included!). All Book covers are designed by Coco Piracci -- they're collectable editions. Great for you or as a gift. Kids, teens, adults and seniors all love doing Sudoku. In Volume 1 of Sudoku Genius Mind Exercises: Greenbrae, California State of Mind Collection, you have enough Sudoku puzzles for a whole month - one Sudoku a day! When you're done, get Volume 2. Once you start doing Sudoku puzzles, you'll never want to

stop. And there's a good reason why! Just like physical exercise, your mind requires training too! Here are the marvelous advantages of playing Sudoku: Improves your memory: Your memory and logic are fully activated when you are playing Sudoku. We use our memory to remember numbers we are considering, and we use logic to figure out the potential answer in the next blank. Stimulates your mind: Playing Sudoku trains your logical thinking processing. It also helps you improve your numeracy skills. Reduces your chances of developing neurodegenerative diseases: Playing Sudoku keeps your brain stimulated. Improves your decision-making skills: Not only is playing Sudoku exciting, but it helps you learn how to make a decision and take action with less hesitation. Increases your concentration skills: Sudoku requires players to evaluate strategically and solve obstacles creatively. If you get interrupted in the middle of solving a puzzle, you'll have to restart the whole thinking process again, which helps you to develop your concentration and re-focusing skills. Feel Satisfied! Sudoku gives you a sense of fulfillment when you can solve a puzzle, especially if the puzzle is a difficult one. By playing Sudoku daily, you'll learn how to solve puzzles faster and eventually advance to harder levels. Exercise your mind, and you will become more content and smarter too! From now on, play Sudoku every day. Note: We specialize in local publishing. We have many Sudoku Genius volumes available and other great books too! For additional Sudoku book editions, Search for: Sudoku Genius Mind Exercises: Greenbrae, California State of Mind Collection To view our full range of books for Greenbrae, California search for: Greenbrae, California State of Mind Collection

Elastic Plastic Fracture Mechanics Methodology for Surface Cracks-National Aeronautics and Space Adm Nasa 2018-11-07 The Elastic Plastic Fracture Mechanics Methodology has evolved significantly in the last several years. Nevertheless, some of these concepts need to be extended further before the whole methodology can be safely applied to structural parts. Specifically, there is a need to include the effect of constraint in the characterization of material resistance to crack growth and also to extend these methods to the case of 3D defects. As a consequence, this project was started as a 36 month research program with the general objective of developing an elastic plastic fracture mechanics methodology to assess the structural reliability of pressure vessels and other parts of interest to NASA which may contain flaws. The project is divided into three tasks that deal with (1) constraint and thickness effects, (2) three-dimensional cracks, and (3) the Leak-Before-Burst (LBB) criterion. This report period (March 1994 to August 1994) is a continuation of attempts to characterize three dimensional aspects of fracture present in 'two dimensional' or planar configuration specimens (Chapter Two), especially, the determination of, and use of, crack face separation data. Also, included, are a variety of fracture resistance testing results (J(m)R-curve format) and a discussion regarding two materials of NASA interest (6061-T651 Aluminum alloy and 1N718-STA1 nickel-base super alloy) involving a bases for like constraint in terms of ligament dimensions, and their comparison to the resulting J(m)R-curves (Chapter Two). Ernst, Hugo A. and Lambert, D. M. Unspecified Center...
