Transfer and edit your footage with iMovie® '09 or Pixela ImageMixer

The National Union Catalogs, 1963-- 1964

National Union Catalog- 1973 Includes entries for maps and atlases.

Rehumanize Your Business-Ethan Beute 2019-04-08 Accelerate sales and improve customer experience Every day, most working professionals entrust their most important messages to a form of communication that doesn't build trust, provide differentiation, or communicate clearly enough. It's easy to point to the sheer volume of emails, text messages, voicemails, and even social messaging as the problem that reduces our reply rates and diminishes our effectiveness. But the faceless nature of that communication is also to blame. Rehumanize Your Business explains how to dramatically improve relationships and results with your customers, prospects, employees, and recruits by adding personal videos to emails, text messages, and social messages. It explains the what, why, and how behind this new movement toward simple, authentic videos—and when to replace some of your plain, typed-out communication with webcam and smartphone recordings. • Restore face-to-face communication for clarity and connection • Add a personal, human touch to your emails and other messages • Meet people who've sent thousands of videos • Learn to implement your own video habit in an easy, time-saving way • Boost your replies, appointments, conversion, referrals, and results dramatically If you're ready to influence, teach, sell, or serve in a more personal way, Rehumanize Your Business is your guide.

Professional Results with Canon Vixia Camcorders-Warren Bass 2012 Annotation We're in the midst of a digital media-making revolution--and the Canon Vixia G10 and XA10 camcorders are at the forefront. Blurring the line between "pro-sumer" and professional, the G10 and XA10 are sharper, cleaner, more compact, more portable, and boast more professional features than any prior palm-sized camcorder in their price range. This book is a comprehensive field guide to the concepts, strategies, equipment, and procedures for achieving the best results possible with Canon's top-of-the-line palm-sized camcorders. The guide focuses on the specific features of the Canon Vixia HF G10 and XA10, but users of other camcorders in the Vixia series, the Legria series (shooting PAL), and other camcorders will find a wealth of relevant information. With a high-definition palm-sized camcorder such as the Canon Vixia G10 or XA10, your potential is limited only by your imagination and your resourcefulness.

Making Music Videos-Lara M. Schwartz 2007 Worldwide tours, internet downloads, international album distribution--the global market for music is expanding with lightning speed and that means big opportunities for everyone in the music business. The main obstacle? Lack of knowledge. The world market is packed with opportunity, but it's also full of cultural, regulatory, administrative, legal, political and logistical pitfalls. This Business of(tm) Global Music Marketing offers a map of the world, with full information on how to break into the global market, how to distribute records abroad, how to find an audience, how to package records to appeal to local markets, how to establish partnerships with foreign businesses, how to deal with different rules of trade and much more. A companion volume to author Tad Lathrop's top-selling This Business of(tm) Music Marketing and Promotion, This Business of(tm) Global Music Marketing offers everyone in the music business a chance to go global.

Higher-Order Perl-Mark Jason Dominus 2005-03-31 Most Perl programmers were originally trained as C and Unix programmers, so the Perl programs that they write bear a strong resemblance to C programs. However, Perl incorporates many features that have their roots in other languages such as Lisp. These advanced features are not well understood and are rarely used by most Perl programmers, but they are very powerful. They can automate tasks in everyday programming that are difficult to solve in any other way. One of the most powerful of these techniques is writing functions that manufacture or modify other functions. For example, instead of writing ten similar functions, a programmer can write a general pattern or framework that can then create the functions as needed according to the pattern. For several years Mark Jason Dominus has worked to apply functional programming techniques to Perl. Now Mark brings these flexible programming methods that he has successfully taught in numerous tutorials and training sessions to a wider audience. * Introduces powerful programming methods new to most Perl programmers that were previously the domain of computer scientists * Gradually builds up confidence by describing techniques of progressive sophistication * Shows how to improve everyday programs and includes numerous engaging code examples to illustrate the methods

Made of Magic-Love Journal 2018-12-23 Cute 120 page notebook with an adorable narwhal above a quote that says "made of magic". The perfect birthday gift, Christmas present, or party favor for anyone who loves to doodle or write down ideas.

Engage-Brian Solis 2010-02-18

What to Do About Tic Douloureux; Linguistics and the Brain's Buffer; The Woodrow Wilson Story; Thinking Clearly About Schizophrenia; Of Cancer Pain, Magic Bullets, and Humor; Linguistics and the Brain's Buffer; Probing Language Cortex: The Second Wave; and The Creation Myth, Updated: A Scenario for Humankind.

Divided We Fall (Divided We Fall, Book 1)-Trent Reedy 2014-01-28 Danny Wright never thought he'd be the man to bring down the United States of America. In fact, he enlisted in the Idaho National Guard because he wanted to serve his country the way his father did. When the Guard is called up on the governor's orders to police a protest in Boise, it seems like a routine crowd-control mission ... but then Danny's gun misfires, spooking the other soldiers and the already fractious crowd, and by the time the smoke clears, twelve people are dead. The president wants the soldiers arrested. The governor swears to protect them. And as tensions build on both sides, the conflict slowly escalates toward the unthinkable: a second American civil war. With political questions that are popular in American culture yet rare in YA fiction, and a provocative plot that asks what happens when the states are no longer united, Divided We FALL is Trent Reedy's very timely YA debut.

Panasonic Lumix FZ80 and FZ82 User's Guide-Graham Houghton 2019-04-13 A colour illustrated version of the user's manual for the Panasonic Lumix FZ80 and FZ82 camera covering both the basic camera set up in the full auto (intelligent auto) and all the other, semi-automatic and manual modes. Plenty of illustrations and examples of the effects of the control settings and extensive background information on the image taking process with this camera. Advice on how to take pictures in any situation and practical advice for recording video and audio with this camera from lighting and external audio recorder and microphone choice. Practical hints and tips for advancing your photography with access to more tutorials and web-based information.

Teach Yourself VISUALLY Digital Video-Lonzell Watson 2009-12-10

Up From Liberalism-William F. Buckley Jr. 2016-08-09 William Frank Buckley Jr.'s third book, originally published in 1959, is an urbane and controversial attack on the manners and meaning of American Liberalism in the 1950s. His thesis is that the leading American liberals can be shown, in their speeches and statements, in the tacit premises that underlie their words and deeds, to be suffering from a long, but definable list of social and philosophical prejudices. “Up From Liberalism” examines the root assumptions of the Liberalism of his era and asks the startling question: do the actions of prominent liberalism derive from the attributes of Liberalism? “This book of mind and heart, wit and eloquence, by the chief spokesman for the young conservative revival in this country, must be read and understood, to understand what is going on in America.”—Senator Barry Goldwater “A guide for Americans who want to stay free in a country where pressures against individual freedom are coming from every direction.”—Charleston Nines & Courier “He is at top form...clear and penetrating...A slashing attack against the thinking of today’s pseudo-liberals.”—Colorado Springs Gazette Telegraph “The most exciting book of the Fall.”—New York Mirror “Mr. Buckley is one of the most articulate of the critics of today’s liberalism and deserves to be heard.”—Washington Star “Buckley brilliantly excoriates a philosophy he calls liberalism.”—Newsweek “A skilled debater, a trenchant stylist...a man of agile and independent mind...He belongs in the great American tradition of protest and he deserve his audience.”—New York Herald Tribune

Underwater Digital Video Made Easy-Steven M. Barsky 2005-01-01

Old Point Lace and how to Copy and Imitate it-Daisy Waterhouse Hawkins 1878

The Idea of Progress-John Bagnell Bury 1921

Canadian Idealism and the Philosophy of Freedom-Robert Meynell 2011-05-18 Twentieth-century Canada fostered a range of great minds, but the country's diversity and wide range of academic fields have led to their ideas being portrayed as the work of isolated thinkers. Canadian Idealism and the Philosophy of Freedom contests this assumption by linking the works of C.B. Macpherson, George Grant, and Charles Taylor to demonstrate the presence of a Canadian intellectual tradition.

Modern Faith and Thought-Helmut Thielicke 1990-11 Thielicke here studies the themes of doubt and appropriation in modern Protestant thought. A leading advocate of dialectical theology, Thielicke examines the work of the great German Protestant religious philosophers from Lessing and Schliermacher through Barth and Tillich, probing these theologians' understanding of their context and how this tradition can impact our own engagement with our times. Clear, finely nuanced, historically and philosophically mature, this is a vital reflection on the history of theology and in systematic theology.

Growing Up Brady-Barry Williams 1993-02 The actor who played Greg Brady on the seventies TV hit "The Brady Bunch" tells all, including the stories of make-out sessions in Tiger's doghouse, inter-Brady dating, and a near-drowning in Hawaii

The Apocalypse Reader-Justin Taylor 2007-05-22 An anthology of classic and original doomsday tales features pieces that reflect a wide variety of approaches, from nuclear war to theological prophecies, in a volume that includes works by such top names as Stephen King, Joyce Carol Oates, and Edgar Allan Poe. Original.

Origami Sculptures-John Montroll 1990-01-01 Contains a collection of Montroll's best paper folding with the modern advances of computer graphics.

Tamron Lenses-Andy Stansfield 2012-05-01 Worldwide, Tamron lenses are recognized for their innovative specifications, superior resolution, compact designs and ease of use. Written by an expert photographer, Ammonite's Expanded Guide explores the entire range of Tamron interchangeable lenses for digital and conventional SLR cameras. Jargon-free information is given on lenses from the standard, macro and wide-angle types, to special lenses from aspherical APS-C models to the high ratio zoom lenses of which Tamrom was the pioneer in 1992, when it released the 28-200mm model (the most current lens of this type is the 18-270mm, the world's first 15× zoom lens made for DSLRs). Also included is informaton on Tamron's discontinued models, which are still widely sought after by photographers, including the manual focus Adaptall series, which have interchangeable mounts for multiple camera brands, and their T-mount adapter system. For each featured lens in the range there is a special practical photographic project, covering subjects that include seashore and landscape, low light, sport, people, animals, birds and insects, flowers and still life, travel and reportage, and using filters. The book comes with a pullout quick reference guide to depth of field tables for a selection of focal lenths, for convenient use in the field.

Reactive Power Control In Electric System-Miller Timothy J. E. 2010-01-01

Wake Me When It's Funny-Garry Marshall 1997-07-01 This memoir and show-business primer from one of film and TV's most successful writer-producer-director-actors (Pretty Woman, Happy Days, Laverne & Shirley, Mork & Mindy, Murphy Brown) gives sound advice on how to create comedy, break into TV, shoot movies, and deal with Hollywood. 40 b/w photos. Garry ("Allergic to Everything but Success") Marshall has written hundreds of TV scripts, produced and created 14 prime-time series, including The Odd Couple and Happy Days, and has written a number of stage plays. This entertaining portrait of Marshall's life takes readers on a tumultuous, behind-the-scenes journey, from his early days to the peak of sitcom success to his work in movies today. 32 pages of photos.

Intermediate Algebra Textbook and Software Bundle - No Installation CD-Hawkes Learning Systems 2014-07-17

Seeds of New Zealand Gymnosperms and Dicotyledons-Colin James Webb 2001 "Thsi guide provides, for the first time, an account of the seeds and other persistent parts of fruits for New Zealand plants. ... Because seeds survive long after most plant parts have deteriorated, the guide will assist in many sciences: in analysing diet from the gut, gizzard contents or faeces of mammals or birds, recreating past plant distributins from deposits in bogs or soils, and determining native food and criop plants at archaeological sites. And because seeds are relatively conservative structures in terms of their evolutionary diversification, it will also a wealth of information of use in plant identification and classification - a critical science for conservation of biodiversity."--Back cover.
