Night-Elie Wiesel 2012-05-03 Born into a Jewish ghetto in Hungary, as a child, Elie Wiesel was sent to the Nazi concentration camps at Auschwitz and Buchenwald. This is his account of that atrocity: the ever-increasing horrors he endured, the loss of his family and his struggle to survive in a world that stripped him of humanity, dignity and faith. Describing in simple terms the tragic murder of a people from a survivor's perspective, Night is among the most personal, intimate and poignant of all accounts of the Holocaust. A compelling consideration of the darkest side of human nature and the enduring power of hope, it remains one of the most important works of the twentieth century. New translation by Marion Wiesel, with a new introduction by Elie Wiesel.

Contemporary Classic/Devotions for a Deeper Life-Oswald Chambers 2009-12-15 Few have understood the nature of sanctification, or the nature of God, better than Oswald Chambers. His insights into holiness, absolute devotion, and the pursuit of God have inspired countless Christians, challenging them to give their "utmost for His highest." Devotions for a Deeper Life is a collection of some less known writings by this beloved Christian author. Excerpted from articles published in God's Revivalist in the early 1900's, this year's-worth of daily devotions bears Chambers' characteristic stamp of practicality and profundity, freshness and fire. Here are the meditations of a man of the Bible and a man of prayer, reflections as timeless as the illumining ministry of the Holy Spirit. More than just a devotional, Devotions for a Deeper Life is a treasury of truths that will open your spiritual eyes to the incredible, full scope of Christ's work, of the Holy Spirit's guidance and power, and of God's calling on your life that bids you rise higher than you've ever thought possible.

Contemporary Varieties of Religious Experience-Lynn Bridgers 2005 First published in 1902, William James's Varieties of Religious Experience is considered a classic in religious studies and the psychology of religion. But how has James's classic study weathered decades of development in psychology and behavioral sciences? Do the assertions about religious experience in the Varieties still ring true in light of neuro-cognitive and neuro-hormonal research, resiliency studies, studies of temperament, and traumatic studies? By extending William James's own research throughout the century since its publication this volume seeks to answer those questions. In doing so, it revolutionizes our understanding of James's own view of psychology and reveals the extraordinary value of James's perspective for religion, psychology, and spirituality today. In doing so, it offers vital insights for pastoral care and faith development at both the individual and congregational level. From the Introduction by James Fowler: Drawing on the authenticity of her own experience, Bridgers carries us into a remarkably clear and well documented account that traces William James's evolution as a psychologist, philosopher, and a deeply engaged inquirer into the dynamics of spiritual development and transformation... This book has a major contribution to make. Bridgers's study illumines the horizons of contemporary research in the study of religious experience, in all its varieties, and in the context of globalization.

Speak-Laurie Halse Anderson 2011-05-10 The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. Speak was a 1999 National Book Award Finalist for Young People's Literature.

Things Fall Apart-Chinua Achebe 2013-04-25 One of the BBC's '100 Novels That Shaped Our World' A worldwide bestseller and the first part of Achebe's African Trilogy, Things Fall Apart is the compelling story of one man's battle to protect his community against the forces of change Okonkwo is the greatest wrestler and warrior alive, and his fame spreads throughout West Africa like a bush-fire in the harmattan. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. First published in 1958, Chinua Achebe's stark, coolly ironic novel reshaped both African and world literature, and has sold over ten million copies in forty-five languages. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease. 'His courage and generosity are made manifest in the work' Toni Morrison 'The writer in whose company the prison walls fell down' Nelson Mandela 'A great book, that bespeaks a great, brave, kind, human spirit' John Updike With an Introduction by Biyi Bandele

Bold Moves for Schools-Heidi Hayes Jacobs 2017-03-10 What will it take to create truly contemporary learning environments that meet the demands of 21st-century society, engage learners, and produce graduates who are prepared to succeed in the world? What skills and capacities do teachers and leaders need to create and sustain such schools? What actions are necessary? **Bold Moves for Schools** offers a compelling vision that answers these questions—and action steps to make the vision a reality. Looking through the lenses of three pedagogies—antiquated, classical, and contemporary—authors Heidi Hayes Jacobs and Marie Hubley Alcock examine every aspect of K-12 education, including curriculum, instruction, assessment, and the program structures of space—both physical and virtual—time, and grouping of learners and professionals. In a new job description for teachers, Jacobs and Alcock highlight and expound on the following roles: self-navigating professional learner, social contractor, media critic and media maker, innovative designer, globally connected citizen, and advocate for learners and learning. With thought-provoking proposals and practical strategies for change, **Bold Moves for Schools** sets educators on the path to redefining their profession and creating exciting new learning environments. The challenge is unprecedented. The possibilities are unlimited.

Ethics: Selections from Classic and Contemporary Writers-Oliver A. Johnson 2011-01-21 This unique collection includes writings of the most important and influential moral philosophers of the Western tradition, from Plato to John Rawls. Contemporary Chinese Political Thought-Fred Dallmayr 2012-06-21 Westerners seem united in the belief that China has emerged as a major economic power and that this success will most likely continue indefinitely. But they are less certain about the future of China's political system. China's steps toward free market capitalism have led many outsiders to expect increased democratization and a more Western political system. The Chinese, however, have developed their own version of capitalism. Westerners view Chinese politics through the lens of their own ideologies, preventing them from understanding Chinese goals and policies. In **Contemporary Chinese Political Thought: Debates and Perspectives**, Fred Dallmayr and Zhao Tingyang bring together leading Chinese intellectuals to debate the main political ideas shaping the rapidly changing nation. Investigating such topics as the popular "China Model", the resurgence of Chinese Confucianism and its applications to the modern world, and liberal socialism, the contributors move beyond usual analytical frameworks toward what Dallmayr and Zhao call "a dismantling of ideological straitjackets." Comprising a broad range of opinions and perspectives, **Contemporary Chinese Political Thought** is the most up-to-date examination in English of modern Chinese political attitudes and discourse. Features contributions from Ji Wenshun, Zhou Lian, Zhao Tingyang, Zhang Feng, Liu Shuxian, Chen Ming, He Baogang, Ni Peimin, Ci Jiwei, Cui Zhiyuan, Frank Fang, Wang Shaoguang, and Cheng Guangyun.

Custom and Politics in Urban Africa-Abner Cohen 2013-06-17 Based on Cohen's fieldwork in the 1960s among the Hausa migrants, a people of the Yoruba area (then the western region of the Federation of Nigeria), **Custom and Politics in Urban Africa** looks at how ethnic groups use elements of tradition in jostling for power and privilege in new urban situations. This is a landmark work in urban anthropology and provides a comparative framework for studying political

processes in African societies.

Community Practice-David A. Hardcastle 2011-02-18 For almost two decades, Community Practice has been a definitive text for social workers, community practitioners, and students eager to help individuals contribute to and use community resources or work to change oppressive community structures. In this third edition, a wealth of new charts and cases spotlight the linkages between theoretical orientations and practical skills, with an enhanced emphasis on the inherently political nature of social work and community practice. Boxes, examples, and exercises illustrate the range of skills and strategies available to savvy community practitioners in the 21st century, including networking, marketing and staging, political advocacy, and leveraging information and communication technologies. Other features include: - New material on community practice ethics, critical practice skills, community assessment and assets inventory and mapping, social problem analysis, and applying community practice skills to casework practice - Consideration of post-9/11 community challenges - Discussion on the changing ethnic composition of America and what this means for practitioners - An exploration of a vastly changed political landscape following the election of President Obama, the Great Recession, the rise of the Tea Party, and the increasing political and corporate use of pseudo-grassroots endeavors - A completely revamped instructor's manual available online at www.oup.com/us/communitypractice This fully revised classic text provides a comprehensive and integrated overview of the community theory and skills fundamental to all areas of social work practice. Broad in scope and intensive in analysis, it is suitable for undergraduate as well as graduate study. Community Practice offers students and practitioners the tools necessary to promote the welfare of individuals and communities by tapping into the ecological foundations of community and social work practice.

Social Change in Contemporary China-Wenfang Tang 2006-12 Social Change in Contemporary China offers a wide-ranging examination of Chinese institutional change in areas of education, religion, health care, economics, labor, family, and local communities in the post-Mao era. Based on the pioneering work of sociologist C. K. Yang (1911-1999), and his institutional diffusion theory, the essays analyze and develop the theory as it applies to both public and private institutions. The interrelationship of these institutions composes what Yang termed the Chinese "system," and affects nearly every aspect of life. Yang examined the influence of external factors on each institution, such as the influence of Westernization and Communism on family, and the impact of industrialization on rural markets. He also analyzed the impact of public opinion and past culture on institutions, therein revealing the circular nature of diffusion. Perhaps most significant are Yang's insights on the role of religion in Chinese society. Despite the common perception that China had no religion, he uncovers the influence of classical Confucianism as the basis for many ethical value systems, and follows its diffusion into state and kinship systems, as well as Taoism and Buddhism. Writing in the early years of Communism, Yang had little hard data with which to test his theories. The contributors to this volume expand upon Yang's groundbreaking approach and apply the model of diffusion to a rapidly evolving contemporary China, providing a window into an increasingly modern Chinese society and its institutions.

Introduction to Discourse Studies-J. Renkema 2004 Introduction to Discourse Studies follows on Jan Renkema's successful "Discourse Studies: An Introductory Textbook" (1993), published in four languages. This new book deals with even more key concepts in discourse studies and approaches major issues in this field from the Anglo-American and European as well as the Australian traditions. It provides a scientific toolkit for future courses on discourse studies and serves as a stepping stone to the independent study of professional literature. Introduction to Discourse Studies is the result of more than twenty-five years of experience gained in doing research and teaching students, professionals and academics at various universities. The book is organized in fifteen comprehensive chapters, each subdivided in modular sections that can be studied separately. It includes 400 references, from the most-cited contemporary publications to influential classic works; 500 index entries covering frequently used concepts in the field; more than 100 thought-provoking questions, all elaborately answered, which are ideal for teacher-supported self-education; nearly 100 assignments that provide ample material for teachers to focus on specific topics of their own preference in their lectures. Jan Renkema is a member of the Department of Communication and Information Sciences at Tilburg University, The Netherlands. He is also editor of "Discourse, of Course" (2009) and author of "The Texture of Discourse" (2009). In 2009, a Chinese edition of "Introduction to Discourse Studies" was published by Shanghai Foreign Language Education Press.

Readings in Social Psychology-Wayne A. Lesko 1997 This collection of readings gives readers broad exposure to the various sources of information available in the field of social psychology. Each chapter begins with an introduction and contains three articles: one popular, one classic, and one contemporary. Individual articles are preceded by a brief introduction and followed by "Critical Thinking Questions," which ask the reader to carefully examine some part of the article presented, speculate about generalizations and implications of the research, and in some cases, suggest new studies based on the information in the article. Classic articles are followed by "Additional Related Readings" which invite examination of more contemporary views on the same topic. Fourteen chapters cover the field of social psychology in depth, ranging from social perception to social cognition, attitudes, social identity, prejudice and discrimination, close relationships, social influence, prosocial behavior, aggression, groups and individual behavior, and applying social psychology to law, business, health, and the environment. The subject matter of individual articles runs the gamut from deception in experiments to nonverbal signals, date and stranger rape, forced compliance, bystander response to child abuse, the perils of groupthink, and much more. For anyone wanting to explore classic and contemporary views of human behavior.

You Shall Tell Your Children-Liora Gubkin 2007-11-05 Passover is among the most widely observed holidays for American Jews. During this festival of redemption, Jewish families retell the biblical story of Exodus using a ritual book known as a haggadah, often weaving modern tales of oppression through the biblical narrative. References to the Holocaust are some of the most common additions to contemporary haggadot. However, the parallel between ancient and modern oppression, which seems obvious to some, raises troubling questions for many others. Is it possible to find any redemptive meaning in the Nazi genocide? Are we adding value to this unforgivable moment in history? Liora Gubkin critiques commemorations that violate memory by erasing the value of everyday life that was lost and collapse the diversity of responses both during the Shoah and afterward. She recounts oral testimonies from Holocaust survivors, cites references to the holiday in popular American culture, and analyzes examples of actual haggadot. Ultimately, Gubkin concludes that it is possible and important to make a space for Holocaust commemoration, all the time recognizing that haggadot must be constantly revisited and "performed."
