Rantoul and Chanute Air Force Base-Mark D. Hanson 2011-04-18 Rantoul and the former Chanute Air Force Base are inseparably intertwined as primary players in a single historical narrative. Rantoul was first founded as an agriculturally based community in 1848 near an area known as Mink Grove. The settlement boomed with the coming of the Illinois Central Railroad in 1854; a railroad championed by the town’s namesake, Robert Rantoul Jr. Disaster followed in 1899 and again in 1901 with devastating fires. Then, in 1917, a U.S. Army flying field was built on the outskirts of Rantoul. Named after the aviation pioneer Octave Chanute, Chanute Field, later Chanute Air Force Base, became a premier technical training facility. A mutually beneficial relationship quickly developed between these civilian and military establishments that would last for over 75 years. Chanute Air Force Base closed in 1993, ushering in yet another new era for the village of Rantoul.

Dorothy Parker: Complete Broadway, 1918-1923-Dorothy Parker 2014-05-01 Dorothy Parker holds a place in history as one of New Yorks most beloved writers. Now, for the first time in nearly a century, the public is invited to enjoy Mrs. Parkers sharp wit and biting commentary on the Jazz Age hits and flops in this first-ever published collection of her groundbreaking Broadway reviews. Starting when she was twenty-four at Vanity Fair as New Yorks only female theatre critic, Mrs. Parker reviewed some of the biggest names of the era: the Barrymores, George M. Cohan, W.C. Fields, Helen Hayes, Al Jolson, Eugene O’Neil, Will Rogers, and the Ziegfeld Follies. Her words of praiseand contemptfor the dramas, comedies, musicals, and revues are just as fresh and funny today as they were in the age of speakeasies and bathtub gin. Annotated with a notes section by Kevin C. Fitzpatrick, president of the Dorothy Parker Society, the volume shares Parkers outspoken opinions of a great era of live theatre in America, from a time before radio, talking pictures, and television decimated attendance. Dorothy Parker: Complete Broadway, 19181923 provides a fascinating glimpse of Broadway in its Golden Era and literary life in New York through the eyes of a renowned theatre critic.

Surprised at Being Alive-Robert F. Curtis 2014-12-30 Sometimes you do everything right, but it just isn’t your day. A part fails and your helicopter comes apart in flight, or, another aircraft runs into you and the pieces of both fall to the ground below, or the enemy gunner pulls the trigger at just the right moment and his rounds find your aircraft in exactly the right spot to take it out of the sky. Whichever way it happens, it wasn’t your day. Which is why, after 24 years and over 5,000 flight hours with four armed services, Major Robert Curtis was so surprised at being alive when he passed his retirement physical. Starting with enlisting in the Army to fly helicopters during Vietnam, and continuing on through service with the National Guard, Marine Corps and Royal Navy, he flew eight different helicoptersÑfrom the wooden-bladed OH-13E, through the Chinook, SeaKnight and SeaKing, in war and peace around the world. During that time over 50 of his friends died in crashes, both in combat and in accidents, but somehow his skill, and not an inconsiderable amount of luck and superstition, saw him through. His flying career began with a misbegotten strategy for beating the draft by enlisting. With the Vietnam War raging full blast in 1968 the draft was inevitable, so he wanted to at least get some small measure of control of his future. Although he had no thought of flying when he walked into the recruiting office, he walked out signed up to be a helicopter pilot. What he did not know was that 43% of all the aircraft sent to Vietnam were destroyed in combat or accidents. Soon he was in the thick of the war, flying Chinooks with the 101st Airborne. After Vietnam he left the Army, but kept flying in the National Guard while going to college. He was accepted at two law schools, but flying is addictive, so he instead enlisted in the USMC to fly some more. Over the next 17 years he would fly around the world off US and British ships from Egypt to Norway and all points in between. His engaging story will be a delight to all aviation enthusiasts.

Growth and International Trade-Karl Farmer 2013-02-01 This textbook guides the reader towards various aspects of growth and international trade in a Diamond-type overlapping generations framework. Using the same model type throughout the book, timely topics such as growth with bubbles, debt reduction in rich countries and policies to mitigate climate change are explored . The first part starts from the “old” growth theory and bridges to the “new” growth theory (including R&D and human capital approaches). The second part presents an intertemporal equilibrium theory of inter and intra-sectoral trade and concludes by analyzing the debt mechanics inducing the huge imbalances among eurozone countries. The book is primarily addressed to graduate students wishing to proceed to the analytically more demanding journal literature.

Braxton Bragg-Earl J. Hess 2016-09-02 As a leading Confederate general, Braxton Bragg (1817-1876) earned a reputation for incompetence, for wantonly shooting his own soldiers, and for losing battles. This public image established him not only as a scapegoat for the South’s military failures but also as the chief whipping boy of the Confederacy. The strongly negative opinions of Bragg’s contemporaries have continued to color assessments of the general’s military career and character by generations of historians. Rather than take these assessments at face value, Earl J. Hess’s biography offers a much more balanced account of Bragg, the man and the officer. While Hess analyzes Bragg’s many campaigns and battles, he also emphasizes how his contemporaries viewed his successes and failures and how these reactions affected Bragg both personally and professionally. The testimony and opinions of other members of the Confederate army—including Bragg’s superiors, his fellow generals, and his subordinates--reveal how the general became a symbol for the larger military failures that undid the Confederacy. By connecting the general’s personal life to his military career, Hess positions Bragg as a figure saddled with unwarranted infamy and humanizes him as a flawed yet misunderstood figure in Civil War history.

Camera Lucida-Roland Barthes 1981 "Examining the themes of presence and absence, the relationship between photography and theatre, history and death, these 'reflections on photography' begin as an investigation into the nature of photographs. The Algonquin Round Table New York-Kevin C. Fitzpatrick 2015-02-07 "That is the thing about New York," wrote Dorothy Parker in 1928. "It is always a little more than you had hoped for. Each day, there, is so definitely a new day." Now you can journey back there, in time, to a grand city teeming with hidden bars, luxurious movie palaces, and dazzling skyscrapers. In these places, Dorothy Parker and her cohorts in the Vicious Circle at the infamous Algonquin Round Table sharpened their wit, polished their writing, and captured the energy and elegance of the time. Robert Benchley, Parker's best friend, became the first managing editor of Vanity Fair before Irving Berlin spotted him onstage in a Vicious Circle revue and helped launch his acting career. Edna Ferber, an occasional member of the group, wrote the Pulitzer-winning bestseller So Big as well as Show Boat and Cimarron. Jane Grant pressed her first husband, Harold Ross, into starting The New Yorker. Neysa McMein, reputedly "rode elephants in circus parades and dashed from her studio to follow passing fire engines." Dorothy Parker wrote for Vanity Fair and Vogue before ascending the throne as queen of the Round Table, earning everlasting fame (but rather less fortune) for her award-winning short stories and unforgettable poems. Alexander Woollcott, the centerpiece of the group, worked as drama critic for the Times and the World, wrote profiles of his friends for The New Yorker, and lives on today as Sheridan Whiteside in The Man Who Came to Dinner. Explore their favorite salons and saloons, their homes and offices (most still standing), while learning about their colorful careers and private lives. Packed with archival photos, drawings, and other images--including never-before-published material--this illustrated historical guide includes current information on all locations. Use it to retrace the footsteps of the Algonquin Round Table, and you'll discover that the golden age of Gotham still surrounds us.

Good Birders Still Don't Wear White-Lisa White 2017-03-14 Avid North American birders share wit, wisdom, advice, and what fuels their passion for birds. Birding gets you outside, helps you de-stress, exercises your body and mind, puts your day-to-day problems in perspective, and can be lots of fun. Birders know this, and in this collection of thirty-seven brief essays, birders from diverse backgrounds share their sense of wonder, joy, and purpose about their passion (and sometimes obsession). In these delightful essays, each accompanied by an endearing drawing, devoted birders reveal their passion to be fulfilling, joyful, exhilarating, and maybe even contagious. Contributors include many well-known birders, such as Richard Crossley, Pete Dunne, Kenn Kaufman, Michael O'Brien, Bill Thompson, and Julie Zickefoose. A portion of the proceeds goes to the American Birding Association, North America's largest membership organization for active birders.

Bobbed Hair and Bathtub Gin-Marion Meade 2009-08-11 In her exuberant new work, BOBBED HAIR AND BATHTUB GIN, Marion Meade presents a portrait of four extraordinary writers--Dorothy Parker, Zelda Fitzgerald, Edna St. Vincent Millay, and Edna Ferber--whose loves, lives, and literary endeavors embodied the spirit of the 1920s. Capturing the jazz rhythms and desperate gaiety that defined the era, Meade gives us Parker, Fitzgerald, Millay, and Ferber, traces the intersections of their lives, and describes the men (F. Scott Fitzgerald, Edmund Wilson, Harold Ross, and Robert Benchley) who influenced them, loved them, and sometimes betrayed them. Here are the social and literary triumphs (Parker's Round Table witticisms appeared almost daily in the newspapers and Ferber and Millay won Pulitzer Prizes) and inevitably the penances each paid: crumbled love affairs, abortions, depression, lost beauty, nervous breakdowns, and finally, overdoses and even madness. These literary heroines did what they wanted, said what they thought, living wholly in the moment. They kicked open the door for twentieth-century women writers and set a new model for every woman trying to juggle the serious issues of economic independence, political power, and sexual freedom. Meade recreates the excitement, romance, and promise of the 1920s, a decade celebrated for cultural innovation--the birth of jazz, the beginning of modernism--and social and sexual liberation, bringing to light, as well, the anxiety and despair that lurked beneath the nonstop partying and outrageous behavior. A vibrant mixture of literary scholarship, social history, and scandal, BOBBED HAIR AND BATHTUB GIN is a rich evocation of a period that will forever intrigue and captivate us.
