Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Que's Official Internet Yellow Pages-Joe Kraynak 2005 Alphabetically lists and describes Web sites on a variety of topics, including health, culture, business, travel, and education.

Design & Applied Arts Index- 1998

Standard Catalog of Imported Cars 1946-2002-Mike Covello 2001-10-01 This is the only book that completely lists accurate technical data for all cars imported into the U.S. market from 1946-2000. With many imports approaching the antique status, this book will be a big seller across all generations of car enthusiasts. From the grandiose European carriages of the late Forties to the hot, little Asian imports of the Nineties, every car to grace American roadways from across the Atlantic and Pacific is carefully referenced in this book. Foreign car devotees will appreciate the attention given to capturing precise data on Appearance and Equipment, Vehicle I.D. Numbers, Specification Charts, Engine Data, Chassis, Technical Data, Options and Historical Information. Foreign car collectors, restorers and car buffs will love this key book from noted automotive authors, James Flammang and Mike Covello.

World Cost of Living Survey-Helen S. Fisher 1997 This volume supplies cost of living information from major cities worldwide. There are reported prices for products and services drawn from a variety of sources, including statistical reports, association databases and periodical literature.

Gale's Auto Sourcebook 2-Karen Hill 1992-05 This book is designed to present, in one convenient source, comments published in periodicals about 325 automobile models manufactured since 1987 on a model-by-model basis. These periodicals range from general interest to specialized sources as well as repair manuals and other publications related to the individual models.

Standard Catalog of Imported Cars, 1946-1990-James M. Flammang 1992 Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The 1-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.
