Real World Nikon Capture NX 2-Ben Long 2008-10-02 Capture NX 2 from Nikon is a powerful image-editing application that lets photographers work with digital photographs with more speed and efficiency than other software programs. Its underlying technology gives photographers the ability to make selective corrections to an image with just one click. "Real World Capture NX 2," written by digital photography

expert Ben Long, takes photographers behind the scenes to see how this innovative program works. Along the way, Ben offers valuable tips and techniques for getting the most out of the software and digital cameras. Novice and expert photographers alike will benefit from Capture NX 2. New users can make advanced image corrections without learning sophisticated masking techniques. Advanced users can perform the complex edits they are accustomed to making in other programs in fewer steps. Any image corrections made with Capture NX 2 are non-destructive, which means that the actual image data is unaltered and reversible until the photographer achieves the best results. Photographers who use Nikon cameras have access to special software features for working with raw, JPEG and TIFF images.

Photographer's Guide to the Nikon Coolpix P900-Alexander S. White 2015-06-22 This book, by Alexander S. White, is a complete, clearly written guide to the operation of the Nikon Coolpix P900 digital camera. The book explains all shooting modes, menus, functions, and controls of this superzoom camera, accompanied by more than 350 full-color illustrations and sample photographs. The guide shows beginning and intermediate photographers how to use the camera's many options to get the results they want. The book explains topics such as autofocus, manual focus, HDR (High Dynamic Range) photography, ISO, memory cards, and flash modes. It includes a discussion of techniques for using the P900's phenomenal zoom lens, with a maximum optical focal length of 2000mm, to full advantage. The book also discusses the camera's features for image transfer and remote control through the P900's built-in Wi-Fi network, as well as its features for adding location data to images. The book includes sample images taken with the creative settings of the camera, including the Picture Control options, which alter the color processing of images; the Scene and Special Effects shooting modes, with settings optimized for subjects such as landscapes, birds, pets, sunsets, and action shots; and the camera's features for burst shooting and time-lapse photography. In addition, the book provides introductions to topics such as infrared

photography, street photography, and macro photography. The book also explains the video features of the P900, which can shoot HD video with stereo sound and can record high-speed video at rates up to 4 times normal speed. In addition, the book describes procedures for playing back images and videos in the camera and for using the Filter Effects option to add special effects to images after they have been captured. In three appendices, the book discusses accessories for the Coolpix P900, including cases, external flash units, and charging and power options. The appendices include a list of useful web sites and other resources, as well as a section with “quick tips” to help users take advantage of the camera’s features in the most efficient ways possible.

Fotografiks-Philip B. Meggs 1999 A new expression of Carson's famously original way of seeing, 'fotografiks' are curiously fleeting images that seem to have been lifted out of their mundane context and abstracted to another realm. Anecdotal captions provide philosophic comments on the nature of the photographs, aspects of the page design and observations on the process of assembling parts to form a whole. Possibly the most influential graphic designer working today, David Carson has been profiled by several of the world's leading publications including Newsweek and The New York Times, and has won an award from the International Center for Photography in New York for "the best use of design with photography." He creates cutting edge advertising for a number of high profile clients including Nike,

Microsoft, MTV, Jaguar, Ray-Ban and Sony. David Carson: Fotografiks will appeal to anyone interested in experiencing a fresh method of visual communication.
