International Corporate Finance-Mark R. Eaker 1996 This international finance textbook integrates cases and text to deliver a hands-on, problem-solving approach based on sound financial theory. Features: \* Emphasizes how to be an international financial manager, with a special discussion at the end of every chapter - Implications for Managers. This discussion explains how the chapter concepts affect financial decisions. \* More than just a case book, the text chapters are fully developed. The extensive problems and end-of-chapter material can be used separately from the cases providing flexibility for undergraduate and graduate curriculums. \* Cases, problem sets, and examples are integrated with each chapter, immersing students in real business situations. \* Each case supplies the institutional background and data necessary to analyze a variety of alternatives and to determine the tradeoffs represented by choosing among them. Cases are from the most well-respected sources - Darden, Harvard, and the International Institute for Management Development. \* The text emphasizes risk management, especially in Chapters 4 through 7, providing both the theory and detailed examples in an area important for today's manager. \* As an example of

The Dollar Trap-Eswar S. Prasad 2015-08-25 Why the dollar is—and will remain—the dominant global currency The U.S. dollar's dominance seems under threat. The near collapse of the U.S. financial system in 2008–2009, political paralysis that has blocked effective policymaking, and emerging competitors such as the Chinese renminbi have heightened speculation about the dollar's looming displacement as the main reserve currency. Yet, as The Dollar Trap powerfully argues, the financial crisis, a dysfunctional international monetary system, and U.S. policies have paradoxically strengthened the dollar's importance. Eswar Prasad examines how the dollar came to have a central role in the world economy and demonstrates that it will remain the cornerstone of global finance for the foreseeable future. Marshaling a range of arguments and data, and drawing on the latest research, Prasad shows why it will be difficult to dislodge the dollar-centric system. With vast amounts of foreign financial capital locked up in dollar assets, including U.S. government securities, other countries now have a strong incentive to prevent a dollar crash. Prasad takes the reader through key contemporary issues in international finance—including the growing economic influence of emerging markets, the currency wars, the complexities of the China-U.S. relationship, and the role of institutions like the International Monetary Fund—and offers new ideas for fixing the flawed monetary system. Readers are also given a rare look into some of the intrigue and backdoor scheming in the corridors of international finance. The Dollar Trap offers a panoramic analysis of the fragile state of global finance and makes a compelling case that, despite all its flaws, the dollar will remain the ultimate safe-haven currency.  
North Carolina Reports-North Carolina. Supreme Court 1973 Cases argued and determined in the Supreme Court of North Carolina.  
The Dozier School for Boys-Elizabeth A. Murray 2019-09-03 Some true crimes reveal themselves in bits and pieces over time. One such case is the Florida School for Boys, a.k.a. the Dozier School, a place where—rather than reforming the children in their care—school officials tortured, raped, and killed them. Opened in 1900, the school closed in 2011 after a Department of Justice investigation substantiated allegations of routine beatings and killings made by about 100 survivors. Thus far, forensic anthropologist Dr. Erin Kimmerle and her team from the University of South Florida have uncovered fifty-five sets of human remains. Follow this story of institutional abuse, the brave survivors who spoke their truth, and the scientists and others who brought it to light.  
The White House Boys-Roger Dean Kiser 2010-01-01 Hidden far from sight, deep in the thick underbrush of the North Florida woods are the ghostly graves of more than thirty unidentified bodies, some of which are thought to be children who were beaten to death at the old Florida Industrial School for Boys at Marianna. It is suspected that many more bodies will be found in the fields and swamplands surrounding the institution. Investigations into the unmarked graves have compelled many grown men to come forward and share their stories of the abuses they endured and the atrocities they witnessed in the 1950s and 1960s at the institution. The White House Boys: An American Tragedy is the true story of the horrors recalled by Roger Dean Kiser, one of the boys incarcerated at the facility in the late fifties for the crime of being a confused, unwanted, and wayward child. In a style reminiscent of the works of Mark Twain, Kiser recollects the horrifying verbal, sexual, and physical abuse he and other innocent young boys endured at the hands of their "caretakers." Questions remain unanswered and theories abound, but Roger and the other 'White House Boys' are determined to learn the truth and see justice served.  
The federal reporter- 1986  
Aviation Cases- 1985  
West's Southern Reporter- 1996  
The Fine Art of Executive Protection-A. Hunsicker 2007-12 The number of incidents and crimes carried out by terrorists and criminals, such as physical threats, violent attacks, assassinations, kidnapping and hostage situations are increasing by the minute worldwide. Each incident is a constant and ever demanding challenge to the law enforcement and the personal security professionals in particular. A detailed, but understandable manual for the Executive Protection Officer is a priority and the answer to those challenging situations. The Fine Art of Executive Protection is a detailed, but understandable manual for the Executive Protection Officer providing answers to those challenging situations. Information about every aspect of executive protection is not only an important part of the professional's training curriculum, but plays also a vital role for the client, who seeks protection. This manual will provide a clear view of all aspects not only for the professional, but also for prospect clients. To make sure of this all available training and study material, individual case studies and real scenarios combined with professional experience served as a foundation for this specialist's manual. The Fine Art of Executive Protection in its comprehensive and straight- forward form will guide the reader through the diversity of disciplines and skills, which are essential for any professional of the executive protection and private security sector. This book provides detailed information and knowledge, necessary and indispensable not only for the novice, but also for the experienced executive protection professional. It provides the clear knowledge and a thorough understanding of the characteristics, diversity and demands of this profession. It contains all the essential ingredients, necessary for an effective protection planning and successful service, demanded by any executive protection specialist. Providing all the tools, techniques and applications needed for this specific job, it also shall motivate some talents, which may need to be developed further and to face not only today's protection needs, but also those of the future. The book not only contains detailed professional information for the person seeking a post in the "glamorous world" of the executive protection- business but also provides all the information necessary for those under threat and in need of close protection and a secure environment. A protection- seeking client will find detailed information about Executive Protection and Physical Security. Executive or Personal Protection, was once considered a service only and exclusive for the rich, famous and a few selected government officials. But recent events and an increase in violence, quickly transformed Executive Protection into a sought after service- commodity worldwide. Keeping this in mind, any part of this guide is therefore easily adaptable and adjusted to any region or country in the world. However, one must carefully consider and act within the local laws to assure a successful protection service.

The Routledge Companion to Global Television-Shawn Shimpach 2019-11-12 Featuring scholarly perspectives from around the globe and drawing on a legacy of television studies, but with an eye toward the future, this authoritative collection examines both the thoroughly global nature of television and the multiple and varied experiences that constitute television in the twenty-first century. Companion chapters include original essays by some of the leading scholars of television studies as well as emerging voices engaging television on six continents, offering readers a truly global range of perspectives. The volume features multidisciplinary analyses that offer models and guides for the study of global television, with approaches focused on the theories, audiences, content, culture, and institutions of television. A wide array of examples and case studies engage the transforming practices, technologies, systems, and texts constituting television around the world today, providing readers with a contemporary and multi-faceted perspective. In this volume, editor Shawn Shimpach has brought together an essential guide to understanding television in the world today, how it works and what it means – perfect for students, scholars, and anyone else interested in television, global media studies, and beyond.

The Public Law of Gender-Kim Rubenstein 2016-05-26 With the worldwide sweep of gender-neutral, gender-equal or gender-sensitive public laws in international treaties, national constitutions and statutes, it is timely to document the raft of legal reform and to critically analyse its effectiveness. In demarcating the academic study of the public law of gender, this book brings together leading lawyers, political scientists, historians and philosophers to examine law's structuring of politics, governing and gender in a new global frame. Of interest to constitutional and statutory designers, advocates, adjudicators and scholars, the contributions explore how concepts such as equality, accountability, representation, participation and rights, depend on, challenge or enlist gendered roles and/or categories. These enquiries suggest that the new public law of gender must confront the lapses in enforcement, sincerity and coverage that are common in both national and international law and governance, and critically and pluralistically recast the public/private distinction in family, community, religion, customary and market domains.  
Women in Public Relations-Larissa A. Grunig 2013-09-13 The past 20 years have seen an influx of women into the practice of public relations, yet gender-based disparities in pay and advancement remain a troubling reality. As the field becomes feminized, moreover, female and male practitioners alike confront the prospect of dwindling salaries and prestige. This landmark book presents a comprehensive examination of the status of women in public relations and proposes concrete ways to achieve greater parity in education and practice. The authors integrate the theoretical literature of public relations and gender with results of a major longitudinal study of women in the field, along with illuminating focus group and interview data. Topics covered include factors contributing to sex discrimination; how public relations stacks up against other professions on gender-related issues; the challenges facing female managers and entrepreneurs; the experiences of ethnic minority professionals; the salary gap; the glass ceiling; and how to foster solutions on individual, organizational, and societal levels. This volume is an essential read for both educators and practitioners in public relations. It can be used as a course text in graduate research seminars, and also as a supplemental text in courses addressing gender issues in PR. It serves as a useful guide for young practitioners entering the profession, and provides critical insights for public relations managers.  
Directory of Florida Industries-Florida Chamber of Commerce 1963
