Understanding and Evaluating Research-Sue L. T. McGregor 2017-10-25 Understanding and Evaluating Research: A Critical Guide aims to sensitize students to the necessity of learning how not to defer to the mysterious authority of the experts, but rather to learn how to be a critical consumer of others' research, and to gain confidence in their ability to be producers of research. Sue McGregor shows students how to be research literate, and how to find, critique and apply other people's scholarship. This textbook is grounded in a solid understanding of the prevailing research methodologies for creating new knowledge (philosophical underpinnings), which in turn dictate problem posing, theory selection, and research methods (tasks for sampling, collecting and analyzing data, and reporting results).

MLA Handbook for Writers of Research Papers- 2009-01-01 Provides guidelines and examples for handling research, outlining, spelling, punctuation, formatting, and documentation.

Writing Argumentative Essays-Nancy V. Wood 2000-05 This brief rhetoric helps students develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly. It teaches them to identify and develop arguments, to read and form reactions and opinions of their own, to analyze an audience, to seek common ground, and to use a wide, realistic range of techniques to write argument papers that express their individual views and original perspectives on modern issues. It includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers engaging, class-tested writing assignments and activities. 49 Essays for Analysis cover several broad issue and sub-issue areas, all of contemporary concern. Unique chapters discuss student argument styles, Rogerian argument, and argument and literature.

Making Sense in the Humanities : a Student's Guide to Writing and Style-Maurice Legris 1990

Perspectives on Argument-Nancy V. Wood 2017-04-06 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in English. Learn the skill of rational argument. Perspectives on Argument teaches you strategies for critical thinking, critical reading, research, and writing that will help you participate in all types of argument. The 9th Edition extends beyond reading, visual and multimodal argument into the timely topic of online argument. Students will encounter argument at home, school and on the job. This book arms you with the tools you need to identify controversial topics, form opinions and reactions to text and pictures, and write persuasive papers that express their viewpoints. The book also follows the premise that not all arguments involve right and wrong. Students will learn skills like finding common ground, consensus, withholding opinions, negotiating, and even changing beliefs when they can no longer make a case for them. Perspectives on Argument, 9th Edition is also available via Revel™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.

Writing in the Content Areas-Amy Benjamin 2005 Do you spend entirely too much time correcting your students' papers? Do your students' essays and term papers take side trips to nowhere? Is their writing riddled with mechanical errors? Do their lab reports and essays lack specificity and clarity? Writing in the Content Areas, Second Edition is for middle and high school content area teachers who assign essays, term papers, lab reports, and other writing tasks to students. This book provides strategies and tips to help teachers of social studies, science, art, etc. improve the quality of students' writing and apply national and state curriculum standards in your classroom. The strategies in this book can be integrated easily into every teacher's daily plans. They will help your students improve their abilities to - reflect before writing - organize and classify - provide detail without padding - use technical terminology correctly - avoid unnecessary words - spell correctly - take useful notes while they read and during your lectures. This book will help teachers - get what they want from a writing task - frame their assignments more precisely - correct student papers more quickly and efficiently The new second edition offers activities and strategies which involve technology (word processing, presentation programming, the Internet, and e-communications), differentiated instruction, and brain-based learning.

The Art Of Rhetoric-Aristotle 2014-09-02 In The Art of Rhetoric, Aristotle demonstrates the purpose of rhetoric—the ability to convince people using your skill as a speaker rather than the validity or logic of your arguments—and outlines its many forms and techniques. Defining important philosophical terms like ethos, pathos, and logos, Aristotle establishes the earliest foundations of modern understanding of rhetoric, while providing insight into its historic role in ancient Greek culture. Aristotle's work, which dates from the fourth century B.C., was written while the author lived in Athens, remains one of the most influential pillars of philosophy and has been studied for centuries by orators, public figures, and politicians alike. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperTorch collection to build your digital library.

Advanced Writing in English-Marianne Sanders 2005-12 Antwoorden op specifieke schrijfp Problemen in bedrijven, hogescholen en universiteiten van diegenen die artikelen, rapporten, brieven enz. in het Engels moeten schrijven. De nadruk van het boek ligt op het schrijven van essays, wetenschappelijke rapporten en brieven aan redacties van tijdschriften in 'academisch' Engels. Daarnaast belicht het die elementen in de Engelse grammatica die problemen opleveren voor Nederlanders.

Public Policy Analysis-William M. Dunn 2017-08-04 Public Policy Analysis, the most widely cited book on the subject, provides students with a comprehensive methodology of policy analysis. It starts from the premise that policy analysis is an applied social science discipline designed for solving practical problems facing public and nonprofit organizations. This thoroughly revised sixth edition contains a number of important updates: Each chapter includes an all-new "big ideas" case study in policy analysis to stimulate student interest in timely and important problems. The dedicated chapter on evidence-based policy and the role of field experiments has been thoroughly rewritten and expanded. New sections on important developments in the field have been added, including using scientific evidence in public policymaking, systematic reviews, meta-analyses, and "big data." Data sets to apply analytical techniques are included online as IBM SPSS 23.0 files and are convertible to Excel, Stata, and R statistical software programs to suit a variety of course needs and teaching styles. All-new PowerPoint slides are included to make instructor preparation easier than ever before. Designed to prepare students from a variety of academic backgrounds to conduct policy analysis on their own, without requiring a background in microeconomics, Public Policy Analysis, Sixth Edition helps students develop the practical skills needed to communicate findings through memos, position papers, and other forms of structured analytical writing. The text engages students by challenging them to critically analyze the arguments of policy practitioners as well as political scientists, economists, and political philosophers.

Inspiring Dialogue-Mary M. Juzwik 2015-04-26 Inspiring Dialogue helps new English teachers make dialogic teaching practices a central part of their development as teachers, while also supporting veteran teachers who would like new ideas for inspiring talk in their classrooms. Chapter by chapter, the book follows novice teachers as they build a repertoire of practices for planning for, carrying out, and assessing their efforts at dialogic teaching across the secondary English curriculum. The text also includes a section to support dialogic teacher learning communities through video study and discourse analysis. Providing a thorough discussion of the benefits of dialogic curriculum in meeting the objectives of the Common Core State Standards, this book with its companion website is an ideal resource for teacher development. Book Features: Dialogic tools for step-by-step planning within a lesson, over the course of a unit, or during an entire academic year. A user-friendly, interactive layout designed for new teachers who are pressed for time. Classroom examples addressing the challenges English teachers may face in stimulating rich learning talk in an era of standardization. A companion website with additional examples, activities, and course material. "Real talk. Real classrooms. Real students. The authors of Inspiring Dialogue have given teacher education programs a tool for introducing dialogic teaching in culturally and linguistically diverse classrooms while meeting Common Core State Standards objectives." —Maisha T. Winn, Susan J. Cellmer Chair in English Education, University of Wisconsin–Madison, author of Girl Time: Literacy, Justice and the School-to-Prison Pipeline "Inspiring Dialogue covers a comprehensive and practical set of tools and strategies for implementing dialogic instruction. . . . It is a program that has been fully tested at Michigan State University in one of the most thorough and carefully crafted teacher education programs nationally." —From the Foreword by Martin Nystrand, professor emeritus, University of Wisconsin–Madison "One of the most exciting aspects of English language arts is the discussion that can occur in the classroom. For many teachers, however, it is often a struggle to structure and implement real dialogue. Inspiring Dialogue provides specific guidance to encourage authentic conversations between teachers and students with practical advice for implementation." —Leila Christenbury Chair, Department of Teaching and Learning, Commonwealth Professor, English Education, School of Education, Virginia Commonwealth University Mary M. Juzwik is associate professor of language and literacy in the Department of Teacher Education at Michigan State University (MSU), and co-editor of the journal Research in the Teaching of English. Carlin Borsheim-Black is assistant professor of English language and literature at Central Michigan University (CMU). Samantha Caughlan is an assistant professor of English education in the Department of Teacher Education at MSU. Anne Heintz is an adjunct professor in the Master of Arts in Educational Technology program at MSU.

Re Visioning Composition Textbooks-Gary S. Zaboly 1999-01-01 Explores the cultures, ideologies, traditions, and the material and political conditions that influence the writing and publishing of textbooks.

Successful Academic Writing-Anneliese A. Singh 2017-05-09 Using rich examples and engaging pedagogical tools, this book equips students to master the challenges of academic writing in graduate school and beyond. The authors delve into nitty-gritty aspects of structure, style, and language, and offer a window onto the thought processes and strategies that strong writers rely on. Essential topics include how to: identify the audience for a particular piece of writing; craft a voice appropriate for a discipline-specific community of practice; compose the sections of a qualitative, quantitative, or mixed-methods research article; select the right peer-reviewed journal for submitting an article; and navigate the publication process. Readers are also guided to build vital self-coaching skills in order to stay motivated and complete projects successfully. User-Friendly Features *Exercises (with answers) analyzing a variety of texts. *Annotated excerpts from peer-reviewed journal articles. *Practice opportunities that help readers apply the ideas to their own writing projects. *Personal reflections and advice on common writing hurdles. *End-of-chapter Awareness and Action Reminders with clear steps to take.

Writing the Literature Review-Sara Efrat Efron 2018-09-25 This accessible text provides a roadmap for producing a high-quality literature review—an integral part of a successful thesis, dissertation, term paper, or grant proposal. Each step of searching for, evaluating, analyzing, and synthesizing prior studies is clearly explained and accompanied by user-friendly suggestions, organizational tips, vignettes, and examples of student work. Also featured are excerpts from peer-reviewed quantitative, qualitative, and mixed methods articles. This is the first book to focus on crafting different types of reviews (systematic, traditional-narrative, or hermeneutic-phenomenological) that reflect the writer's research question, methodological choices, and approaches to knowledge. It describes what all reviews have in common and highlights distinct characteristics of each type. The book includes dos and don'ts for evaluating studies and constructing an argument, and software suggestions for locating, organizing, and arranging sources. Pedagogical Features *Checklists and "To Do" activities that break down key steps to take. *Boxed examples, graphics that organize and visually illustrate key concepts, and summary tables. *Group activities that invite students to further explore and apply the methods discussed in each chapter. *Detailed directions for using four different organizing strategies: synthesis matrix, summary table, mapping, and topic outline. *End-of-chapter summaries and "What's Next" sections. *Assessment matrices for reviewing and refining the completed literature review.

Religious Studies Skills Book-Eugene V. Gallagher 2018-12-13 Studying religion in college or university? This book shows you how to perform well on your course tests and examinations, write successful papers, and participate meaningfully in class discussions. You'll learn new skills and also enhance existing ones, which you can put into practice with in-text exercises and assignments. Written by two award-winning instructors, this book identifies the close reading of texts, material culture, and religious actions as the fundamental skill for the study of religion at undergraduate level. It shows how critical analytical thinking about religious actions and ideas is founded on careful, patient, yet creative "reading" of religious stories, rituals, objects, and spaces. The book leads you through the description, analysis, and interpretation of examples from multiple historical periods, cultures, and religious traditions, including primary source material such as Matthew 6:9-13 (the Lord's Prayer), the gohonzon scroll of the Japanese new religion Soka Gakkai, and the pilgrimage to Mecca (hajj). It provides you with typical assignments you will encounter in your studies, showing you how you might approach tasks such as reflective, interpretive or summary essays. Further resources, found on the book's website, include bibliographies, and links to useful podcasts.

Principles and Methods of Research' 2006 Ed.- 2006

Literature-Laurie G. Kirszner 2003-06 Combining the broadest selection of literature, with the most celebrated writing instruction than any other book in its class, plus a free CD-ROM, Literature: Reading, Reacting, Writing, Fifth Edition provides all the help that students need to make literature a part of their lives.

Paragraph Development-Martin L. Arnaudet 1990-01-01 Paragraph Development helps students edit their own writing for clarity and accuracy and offers a three-phase strategy for building writing skills through planning, writing, and revising. The approach in each chapter is direct and functional: a model is provided and graphically explained, then students use the model to write their own paragraphs. -- Offers controlled information-transfer exercises, a choice of writing topics, and peer consultation and writing-evaluation methods.

One Writer's Beginnings-Eudora Welty 2020-11-03 Featuring a new introduction, this updated edition of the New York Times bestselling classic by Pulitzer Prize and National Book Award-winning author and one of the most revered figures in American letters is "profound and priceless as guidance for anyone who aspires to write" (Los Angeles Times). Born in 1909 in Jackson, Mississippi, Eudora Welty shares details of her upbringing that show us how her family and her surroundings contributed to the shaping not only of her personality but of her writing as well. Everyday sights, sounds, and objects resonate with the emotions of recollection: the striking clocks, the Victrola, her orphaned father's coverless little book saved since boyhood, the tall mountains of the West Virginia back country that became a metaphor for her mother's sturdy independence. Eudora's earliest box camera that suspended a moment forever and taught her that every feeling awaits a gesture. In her vivid descriptions of growing up in the South—the interplay between black and white, between town and countryside, between dedicated schoolteachers and the children they taught—she recreates the vanished world of her youth with the same subtlety and insight that mark her fiction, capturing "the mysterious transforming gift by which dream, memory, and experience become art" (Los Angeles Times Book Review). Part memoir, part exploration of the seeds of creativity, this unique distillation of a writer's beginnings offers a rare glimpse into the Mississippi childhood that made Eudora Welty the acclaimed and important writer she would become.

Essentials of Writing Biomedical Research Papers. Second Edition-Mimi Zeiger 1999-10-21 Provides immediate help for anyone preparing a biomedical paper by given specific advice on organizing the components of the paper, effective writing techniques, writing an effective results sections, documentation issues, sentence structure and much more. The new edition includes new examples from the current literature including many involving molecular biology, expanded exercises at the end of the book, revised explanations on linking key terms, transition clauses, uses of subheads, and emphases. If you plan to do any medical writing, read this book first and get an immediate advantage.

Philosophical Writing-A. P. Martinich 2015-06-30 Philosophical Writing: An Introduction, 4th Edition, features numerous updates and revisions to A. P. Martinich's best-selling text that instructs beginning philosophy students on how to craft a well-written philosophical essay. Features an entirely new chapter on how to read a philosophical essay, new sections on quantification and modality, and rhetoric in philosophical writing, as well as more updated essay examples Includes many new essay examples and an accompanying website with further topics and examples Traces the evolution of a good philosophical essay from draft stage to completion Emphasizes what a student should do in crafting an essay, rather than on what not to do Written with clarity and humor by a leading philosopher

Story-Based Inquiry: A Manual for Investigative Journalists-Mark Lee Hunter 2011

Writing Today-Richard Johnson-Sheehan 2010 With a clear and easy-to-read presentation, visual instruction, and pedagogical support, Writing Today is a practical and useful guide to writing in college and beyond. Check us out on Facebook at www.facebook.com/johnsonsheehanpain!

Writing in the Content Areas-Garth Sundem 2006 Provides techniques, lessons plans, and ready-to-use assignments to help integrate the traits of good writing into all areas of the curriculum.

The Order of Things-Michel Foucault 2005-08-18 When one defines "order" as a sorting of priorities, it becomes beautifully clear as to what Foucault is doing here. With virtuoso showmanship, he weaves an intensely complex history of thought. He dips into literature, art, economics and even biology in The Order of Things, possibly one of the most significant, yet most overlooked, works of the twentieth century. Eclipsed by his later work on power and discourse, nonetheless it was The Order of Things that established Foucault's reputation as an intellectual giant. Pivouetting around the outer edge of language, Foucault unsettles the surface of literary writing. In describing the limitations of our usual taxonomies, he opens the door onto a whole new system of thought, one ripe with what he calls "exotic charm". Intellectual pyrotechnics from the master of critical thinking, this book is crucial reading for those who wish to gain insight into that odd beast called Postmodernism, and a must for any fan of Foucault.

Academic Writing-Stephen Bailey 2011-01-25 Most international students need to write essays and reports for exams and coursework. Yet writing good academic English is a demanding task. This new edition of Academic Writing has been fully revised to help students reach this goal. Clearly organised, the course explains the writing process from start to finish. Each stage is demonstrated and practised, from selecting suitable sources, reading, note-making and planning through to re-writing and proofreading. The book is divided into short sections which contain examples, explanations and exercises for use in the classroom or self-study. Cross-references allow easy access to relevant sections, and a full answer key is included. The 3rd edition has been developed in response to suggestions from both students and teachers. Featuring a new website, there is increased coverage of plagiarism, argument, cause and effect, comparison, definitions and academic style. Different forms of writing, including reports and literature reviews, are also covered. All international students wanting to maximise their academic potential will find this easy-to-use, practical book a valuable guide to writing in English for their degree courses. You can follow Stephen's blog at the following address: http://academicwrite.blogspot.co.uk/

501 Writing Prompts-LearningExpress (Organization) 2018 This eBook features 501 sample writing prompts that are designed to help you improve your writing and gain the necessary writing skills needed to ace essay exams. Build your essay-writing confidence fast with 501 Writing Prompts! -- Read, Reason, Write-Dorothy U. Seyler 2004-07 Read, Reason, Write presents clear instruction in critical reading and analysis, argument, and research techniques, and features a collection of current and incisive readings appropriate for practicing these techniques.

The Uses of Argument-Stephen E. Toulmin 2003-07-07 A central theme throughout the impressive series of philosophical books and articles Stephen Toulmin has published since 1948 is the way in which assertions and opinions concerning all sorts of topics, brought up in everyday life or in academic research, can be rationally justified. Is there one universal system of norms, by which all sorts of arguments in all sorts of fields must be judged, or must each sort of argument be judged according to its own norms? In The Uses of Argument (1958) Toulmin sets out his views on these questions for the first time. In spite of initial criticisms from logicians and fellow philosophers, The Uses of Argument has been an enduring source of inspiration and discussion to students of argumentation from all kinds of disciplinary background for more than forty years.

Are Prisons Obsolete?-Angela Y. Davis 2011-01-04 With her characteristic brilliance, grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest illusion. Similarly, the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In Are Prisons Obsolete?, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for "decarceration", and argues for the transformation of the society as a whole.

Writing Instruction That Works-Arthur N. Applebe 2015-04-25 Backed by solid research, Writing Instruction That Works answers the following question: What is writing instruction today and what can it be tomorrow? This up-to-date, comprehensive book identifies areas of concern for the ways that writing is being taught in todays secondary schools. The authors offer far-reaching direction for improving writing instruction that assist both student literacy and subject learning. They provide many examples of successful writing practices in each of the four core academic subjects (English, mathematics, science, and social studies/history), along with guidance for meeting the Common Core standards. The text also includes sections on Technology and the Teaching of Writing and English Language Learners.

Twilight of Democracy-Anne Applebaum 2020-07-21 "How did our democracy go wrong? This extraordinary document . . . is Applebaum's answer." —Timothy Snyder, author of On Tyranny A Pulitzer Prize-winning historian explains, with electrifying clarity, why elites in democracies around the world are turning toward nationalism and authoritarianism. From the United States and Britain to continental Europe and beyond, liberal democracy is under siege, while authoritarianism is on the rise. In Twilight of Democracy, Anne Applebaum, an award-winning historian of Soviet atrocities who was one of the first American journalists to raise an alarm about antidemocratic trends in the West, explains the lure of nationalism and autocracy. In this captivating essay, she contends that political systems with radically simple beliefs are inherently appealing, especially when they benefit the loyal to the exclusion of everyone else. Despotic leaders do not rule alone; they rely on political allies, bureaucrats, and media figures to pave their way and support their rule. The authoritarian and nationalist parties that have arisen within modern democracies offer new paths to wealth or power for their adherents. Applebaum describes many of the new advocates of illiberalism in countries around the world, showing how they use conspiracy theory, political polarization, social media, and even nostalgia to change their societies. Elegantly written and urgently argued, Twilight of Democracy is a brilliant dissection of a world-shaking shift and a stirring glimpse of the road back to democratic values.

People, Power, and Profits: Progressive Capitalism for an Age of Discontent-Joseph E. Stiglitz 2019-04-23 A Nobel prize winner challenges us to throw off the free market fundamentalists and reclaim our economy. We all have the sense that the American economy—and its government—tilts toward big business, but as Joseph E. Stiglitz explains in his new book, People, Power, and Profits, the situation is dire. A few corporations have come to dominate entire sectors of the economy, contributing to skyrocketing inequality and slow growth. This is how the financial industry has managed to write its own regulations, tech companies have accumulated reams of personal data with little oversight, and our government has negotiated trade deals that fail to represent the best interests of workers. Too many have made their wealth through exploitation of others rather than through wealth creation. If something isn't done, new technologies may make matters worse, increasing inequality and unemployment. Stiglitz identifies the true sources of wealth and of increases in standards of living, based on learning, advances in science and technology, and the rule of law. He shows that the assault on the judiciary, universities, and the media undermines the very institutions that have long been the foundation of America's economic might and its democracy. Helpless though we may feel today, we are far from powerless. In fact, the economic solutions are often quite clear. We need to exploit the benefits of markets while taming their excesses, making sure that markets work for us—the U.S. citizens—and not the other way around. If enough citizens rally behind the agenda for change outlined in this book, it may not be too late to create a progressive capitalism that will recreate a shared prosperity. Stiglitz shows how a middle-class life can once again be attainable by all. An authoritative account of the predictable dangers of free market fundamentalism and the foundations of progressive capitalism, People, Power, and Profits shows us an America in crisis, but also lights a path through this challenging time.

The Elements of Style-William Strunk 1918 This classic book is intended for use in which the practice of composition is combined with the study of literature, it gives in brief space the principal requirements of plain English style and concentrates attention on the rules of usage and principles of composition most commonly violated.

The Idea of a University Defined and Illustrated-John Henry Newman 2020-01-06 The Idea of a University Defined and Illustrated was written by noted theologian John Henry Newman. He was originally an Evangelical Oxford University academic and priest, who left to join the Roman Catholic Church. He went on to become a cardinal, and was canonized by the Roman Catholic Church in 2019.

The Bloomsbury Companion to Metaphysics-Neil A. Manson 2014-12-18 Bridging the gap between the familiar figures of the history of philosophy and the technical approaches favoured by contemporary philosophers, the Bloomsbury Companion to Metaphysics introduces the key ideas and debates needed to understand analytic metaphysics. Presenting an effective syllabus for an introductory course in contemporary metaphysics, this companion brings together a team of leading metaphysicians. It begins with a comprehensive introduction to methodological problems and methods, before tackling the perennial metaphysical questions surrounding core topics such as: • Modality • Universals and Abstract Objects • Naturalism and Physicalism • Mind • Free Will • God

FRANKENSTEIN (The Original 1818 Edition)-Mary Shelley 2017-12-06 Frankenstein; or, The Modern Prometheus is a novel written by Mary Shelley about a creature produced by an unorthodox scientific experiment. Shelley started writing the story when she was nineteen, and the novel was published when she was twenty-one. The first edition was published anonymously in London in 1818. Shelley's name appears on the second edition, published in France in 1823. The original 1818 'Uncensored' Edition of Frankenstein as first published anonymously in 1818. This original version is much more true to the spirit of the author's original intentions than the heavily revised 1831 edition, edited by Shelley, in part, because of pressure to make the story more conservative. Many scholars prefer the 1818 text to the more common 1831 edition. Mary Wollstonecraft Shelley (1797–1851) was an English novelist, short story writer, dramatist, essayist, biographer, and travel writer, best known for her Gothic novel Frankenstein; or, The Modern Prometheus.

Engaging Minds in the Classroom-Michael F. Opitz 2014-01-19 How do you motivate a classroom of bored teenagers, self-absorbed tweens, or energetic younger students to learn? In this book, you'll explore what Michael F. Opitz and Michael P. Ford have discovered about planning lessons that engage students and enable them to truly enjoy learning. The authors outline key findings from research on motivation and engagement and offer real-life teaching examples from various grades. They show how to systematically propel students to enjoy using their minds every day—and to view themselves as confident learners ready to take on the challenges of the world. Engaging Minds in the Classroom is a must-read for any educator who understands that developing students' love of learning is the catalyst for achievement at every level. Michael F. Opitz is professor emeritus of reading education at the University of Northern Colorado and is a literacy consultant and coach and author of several publications and reading programs. Michael P. Ford is chair of the Department of Literacy and Language, University of Wisconsin Oshkosh. He is also an experienced Title I reading and 1st grade teacher. Ford is the author of several books and reading publications.

MLA Style Manual and Guide to Scholarly Publishing-Joseph Gibaldi 1998 Provides information on stylistic aspects of research papers, theses, and dissertations, including sections on writing fundamentals, MLA documentation style, and copyright law

The Decline of Radicalism-Daniel Joseph Boorstin 1969
