Staff Educator's Guide to Professional Development: Assessing and Enhancing Nurse Competency-Alvin D. Jeffery 2015-09-15 We all know how important it is to help professional nurses maintain and grow their competence in order to provide excellent care for the people they serve, but when busy nurse educators and development specialists are often just trying to "put out the next fire", they need a concise, just-in-time aid to help make competency assessments and educational delivery programs successful for their nurses. From assessing and evaluating competency, to developing creative learning activities, to revising large educational programs, Staff Educator's Guide to Nursing Competences book explores the nuts and bolts of nursing professional development practice (along with some theory) related to promoting competency. Whether you're new to leading assessment and development programs or a seasoned nursing staff development specialist, this book will help you: Design, develop, and analyze professional development activities Implement professional development activities Evaluate and individual's growth Evaluate an education program's performance Understand ethical and legal consideration Use technology to enhance learning activities

Teaching and Learning in a Concept-Based Nursing Curriculum-Donna Ignatavicius 2017-09-01 Teaching and Learning in a Concept-Based Curriculum: A How-To Best Practice Approach provides specific, practical tools and strategies for teaching and evaluating students in the conceptbased curriculum model. The text includes sample lesson plans and study guides to show how a concept is taught in the classroom, clinical teaching activities that connect classroom and clinical learning, and clinical evaluation tools to assess student competence in a concept-based curriculum.

The Essentials of Nursing: An Introduction-Sheila Collins 1987-11-11 The change in title of this the first book in the Series emphasises that this is the foundation forming the link with all the texts in the Series - including the new book Mental Handicap. The content aims to help nursing students preparing for registration and qualified nurses updating their knowledge as recommended by the statutory bodies - the UKCC and National Boards. The second edition contains considerable new material, including the publications from the UKCC regarding guidelines on the rules and competencies for registration and guidelines on the administration of medicines (1986). References and further reading lists have been brought up-to-date, for example reference is made to the disease AIDS and the RCN guidelines for nurses. The sequence of the text has been changed radically to re-emphasise the uniqueness of the individual - both as a patient, and a nurse.

A Family Feud-Ludwig Harder 1877

Saving Lives-Sandy Summers 2014-09-17 For millions of people worldwide, nurses are the difference between life and death, self-sufficiency and dependency, hope and despair. But a lack of understanding of what nurses really do -- one perpetuated by popular media's portrayal of nurses as simplistic archetypes -- has devalued the profession and contributed to a global shortage that constitutes a public health crisis. Today, the thin ranks of the nursing workforce contribute to countless preventable deaths. This fully updated and expanded edition of Saving Lives highlights the essential roles nurses play in contemporary health care and how this role is marginalized by contemporary culture. Through engaging prose and examples drawn from television, advertising, and news coverage, the authors detail the media's role in

reinforcing stereotypes that fuel the nursing shortage and devalue a highly educated sector of the contemporary workforce. Perhaps most important, the authors provide a wealth of ideas to help reinvigorate the nursing field and correct this imbalance. As American health care undergoes its greatest overhaul in decades, the practical role of nurses -- that as autonomous, highly skilled practitioners -- has never been more important. Accordingly, *Saving Lives* addresses both the sources of, and prescription for, misperceptions surrounding contemporary nursing.

Bioethics-Megan-Jane Johnstone 2019-04-11 Written by Australia's foremost nursing ethics scholar, *Bioethics: A Nursing Perspective* comprehensively addresses the ethical challenges, obligations and responsibilities nurses will encounter in practice. With a strong emphasis on the principles and standards of human rights and social justice, the 7th edition examines the spectrum of bioethical issues in health care with a focus on patients' rights, cross-cultural ethics, vulnerability ethics, mental health ethics, professional conduct, patient safety and end-of-life ethics. Coverage of the moral terrain of everyday practice, including: Codes of Ethics and Codes of Conduct End-of-life care, directives and legislation Moral disengagement Prejudice, discrimination and vulnerable populations Elder abuse and child abuse Future nursing ethics challenges Case scenarios and critical questions to encourage reflection on key issues in practice Additional resources on Evolve eBook on VitalSource

Forensic Nursing Science - E-Book-Virginia A. Lynch 2010-07-23 Written and edited by the most respected authorities in forensic nursing and forensic sciences, this new edition provides the tools and concepts you need to collect evidence that is admissible in court, determine the significance of that evidence, and provide accurate, reliable testimony while administering high-quality patient care. Now in full color throughout, it remains the most comprehensive, highly illustrated text of its kind. Provides a comprehensive, updated guide to forensic nursing science, paying special attention to the International Association of Forensic Nurses's (IAFN) goals for forensic nursing. Retains a focus on assessment skills and the collection and preservation of evidence, following the established guidelines of the forensic sciences. Prepares you to provide testimony as a fact witness or a forensic nursing expert. Includes an illustrated case study in almost every chapter, helping you relate the information to clinical practice. Highlights important recommendations for interventions in Best Practice boxes, including the evidence base for each. Summarizes important points in Key Point boxes, so you can quickly review the most important concepts in each chapter. Explores the evolving role of forensic nurses in today's health care facilities and the community. Edited by Virginia Lynch, founding member and first President of the International Association of Forensic Nurses and Janet Barber Duval, both well-respected pioneers and educators in the field. Contains 300 full-color illustrations integrated throughout the text, so you can view evidence quickly and easily, as it is likely to appear in practice. Presents information on courtroom testimony and depositions in one reorganized, streamlined chapter, giving you a full, organized treatment of this extremely important topic. Includes twelve new chapters: Digital Evidence, Medical Evidence Recovery at the Death Scene, Asphyxia, Electrical and Thermal Injury, Intrafamilial Homicide and Unexplained Childhood Death, Human Trafficking, Credential Development for Forensic Nurses, Gangs and Hate Crimes, Ethics Issues in Forensic Nursing, Forensic Physics and Fracture Analysis, Sexual Deviant Behaviors and Crime and Forensic Epidemiology. Contains heavily revised information on Prehospital Evidence, Forensic Investigation in the Hospital, and Human Abuse and Deaths in Custody. Features critical thinking questions with every case study, so you can thoroughly consider the implications of each clinical scenario. Evolve site will include appendices and additional documentation materials.

Pediatric Nursing, Psychiatric and Surgical Issues-Öner Özdemir 2015-02-04 The book is not a classic

pediatric text book. It shows different approaches to some pediatric topics. Our aim in this book, as understood from its title, is to describe some specific issues related to nursing, psychiatric and surgical issues. The book Pediatric Nursing, Psychiatric and Surgical Issues has 8 chapters which are placed in 4 different sections, to enlighten patients and pediatricians on current developments on specific pediatric issues.

Family Feud-Barbara Boswell 2012-07-16 Mr. September Name: Garrett McGrath Game: F-U-N! Flame: Headstrong Shelby Halford Aim: To get Shelby from the boardroom to the bedroom! I've got three beliefs: 1. You want what you can't have; 2. Business and pleasure should always mix; 3. No challenge is too great. And showing Miss Haughty Halford how much fun work can be is the perfect way to put my policies into action. I know she thinks her blue blood can't mix with my blue-collar background. But give me a few weeks alone with "Her Royal Highness" in this steamy tropical paradise, and I'll teach Shelby all about mergers and acquisitions...of the most intimate kind!

The Nursing Experience: Trends, Challenges, and Transitions, Fifth Edition-Lucille A. Joel 2006

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. One of the Most Widely Used Texts in Nursing Education! Praise for the Fourth Edition:--"The purpose, according to the authors, is to endow students with an insatiable intellectual curiosity that goes beyond the book. Their hope is that nursing students will be both well informed and motivated to search for additional answers beyond the pages of the book. The objectives are worthy and well met....This is an excellent introduction to the nursing experience. As a reference for nurses or as a motivator for high school, pre-nursing, or nursing students, it is exemplary. The author's current and previous professional roles add to the in-depth information. It has numerous features not found in other books, including the history of many nursing milestones. Much effort has gone into providing a succinct overview of nursing as a profession....I highly recommend this book for anyone interested in the history, trends, and transitions of the nursing profession. 5 STARS!"--Doody's Review Service This outstanding introduction to the nursing experience covers trends, issues, and nursing history all in one book and is enriched by the experience and expertise of the authors. Readers will find essential coverage of the changing roles of nurses in managed care and institutional settings, the options within nursing, special help with finding the right fit, and growth opportunities within the profession.

Interactive Group Learning-Deborah L. Ulrich, PhD, RN 2005-04-26 Designated a Doody's Core Title! Does your teaching style need a "make-over" or at the very least a "touch-up"? This is the book you have been waiting for: It explains the theory / rationale for changing to an interactive method of teaching It is filled with ideas you can read today, integrate into your existing plans, and implement in your classroom tomorrow It explains specific strategies such as: writing prompts, games, drawing, photographs, "unfolding cases", crsosswords, fishbone, focused questions, and more It includes innovative methods which will ignite your own creativity and put the "spark" back in your teaching It includes ideas you can use in clinical settings as well as in the classroom Developed by experienced nurse educators, each chapter show how to implement innovative, cooperative group teaching methods that make students active participants in learning rather than passive recipients of information. Based on a Comprehensive Group Learning Model, the experiential learning techniques described in the book are designed to encourage students to think, analyze, problem solve, communicate, and reflect on their own abilities.

Seeing is Believing-Barbra Case 1986

The Prime Time Closet-Stephen Tropiano 2002-05-01 (Applause Books). Television history was made on April 30, 1997, when comedian Ellen DeGeneres and her sitcom alter-ego Ellen Morgan, "came out" to her close friends and 36 million viewers. This groundbreaking episode represented a significant milestone in American television. For the first time, a TV series centered around a lesbian character who was portrayed by an openly gay actor. The millions of viewers who tuned in that historic night were witnesses to a new era in television. The Prime Time Closet offers an entertaining and in-depth glimpse into homosexuality on television from the 1950s through today. Divided into four sections, each devoted to a major television genre, this unique book explores how gay men and lesbians have been depicted in over three hundred television episodes and made-for-TV films. These include medical series, police/detective shows, situation comedies and TV dramas. The Prime Time Closet also reveals how television's treatment of homosexuality has reflected and reinforced society's ignorance about and fear of gay men and lesbians. At the same time, it celebrates programs like Ellen and Will & Grace that have broken new ground in their sensitive and enlightened approach to homosexuality and gay-related themes. This book is witty and insightful, accessible and illuminating, a look into what has become an integral part of American media culture.

Babyhood- 1886

River Legends-Edward Hugessen Knatchbull-Hugessen Baron Brabourne 1875

Legal and Ethical Issues in Nursing-Ginny Wacker Guido 2001 The definitive sourcebook for basic legal knowledge, this reference covers the majority of legal issues in nursing in depth, citing current case examples from courts throughout the United States. It provides practical tips for improving patient care and reducing liability risks, and answers the legal questions most commonly asked by nurses. Offers a thorough explanation of the law, its sources, doctrines, and court system, and combines legal and ethical topics to show readers how both concepts affect nursing practice in all clinical settings. Features You Be the Judge/You Be the Ethicist sections that gives facts (many in great detail) from actual court cases (dating from 1993 to the present), along with questions that direct readers to consider chapter content in light of real court cases.

Moment Of Truth-Mandy Magro 2017-12-01 With over 65,000 copies sold in print, Mandy Magro is a leading writer of Australian rural fiction. Romance meets mystery in her newest book, where a woman's search for justice uncovers murky family secrets. The past she can't remember just won't let her go ... Alexis Brown was thirteen when her parents were killed. The police labelled it a murder-suicide, but Alexis has grown up believing her loving father could never have hurt her mother. So when, seventeen years later, Alexis receives an anonymous note telling her the police were wrong and her parents were both murdered, she's determined to return to Blue Ridge and find out the truth. When Alexis arrives at the newly renovated cottage hoping to awaken her lost memories, she can't help but notice how strong and handsome her childhood friend Ethan King has become. But she's not here for love. As soon as the truth is uncovered she has to return to her life, and falling for him would only leave her with a broken heart. For Ethan, getting to know the resilient woman that Alexis has blossomed into leaves his world upside down. But as they spend the days together and with their mutual love for horses, it doesn't take long for Alexis and Ethan to discover their friendship is much more than they'd first thought ... But will it all be threatened by a shocking secret from all those years ago?
