Project and Program Turnaround-Thomas Pavelko 2016-11-30 The U.S. economy thrives on the development of new products, new systems, and new processes. Usually, these advances start as a flash of inspiration by highly creative individuals. It is complex and difficult to go from initial inspiration to a final product, process, or system. So it is not surprising that approximately one out of every four development programs fails. A development program or project in trouble is distinct from a program encountering typical development difficulties. Such a program or project can appear to be in free fall. This book identifies the essential fundamentals for executing a program or project turnaround effectively. These fundamentals include: Clearly identifying the next critical accomplishment needed for success Assigning responsibility for each program task to one person Capitalizing on colocation and face-to-face communication Recruiting problem solvers Wining commitment from team members Using team accomplishments to propel high team morale The guidance provided in this book is applicable to all program or project genres, including manufacturing, nonprofit work, education, medicine, investment management, and municipal management. Software has become a great part of both providing product functionality and assisting with managing product development. A special chapter devoted to software development dispels common misconceptions and provides guidance for turning around this special type of project or program. This book is a highly valuable source of insight for a wide range of readers, including management professionals, business students, and executive managers. Every member of a product or project development team will find its recommendations to be of high value.

Once Upon a Banana-Jennifer Armstrong 2013-07-23 Everyday street signs act as deadpan captions for the slapstick happenings in this ingenious picture book that is hilariously told in street signs. Go! The sign says: "Put litter in its place." But someone isn't paying attention. He drops a banana peel on the ground—and a series of comical slips, spills, and falls are set hilariously into motion. First the grocer, then the painter, next the bicycle messenger, and then—oh, no—not the baby in the carriage! An entire town turned upside down, all by a banana peel! Caldecott Medalist David Small and award-winning author Jennifer Armstrong have created a roller-coaster ride of a picture book told in rhyming street signs that will tickle and delight readers from beginning to end, over and over again.
