Peanut Butter & Jellyfish-Ormond Writers League 2003 Peanut Butter & Jellyfish is a collection of diverse, often incongruous stories and poems. The theme of Florida surfaces and then vanishes as readers find themselves transported to places like Winchester, VA, Taylorsville, NC, St. Louis, MO, Green Village, NJ, Paw Paw, WV, the Mexican coast, and the Syria-Iraq border. The tone ranges from wistful to hilarious, from solemn to silly, from grim to outrageous and back. Humor predominates, at times uproarious, at others wry. Nostalgia comes in a close second with evocations of the past that are moving, often startling in their realism, and now and then, unexpectedly dark.

Armed Security Guard Training Manual-Bernard Martinage 2014-06-01 All states have different regulations, laws, licensing and requirements for security guards. This is especially true regarding the use of deadly force, power of detain, arrest and many other legal aspects of being a security guard. It is the responsibility of the school, instructor, to know the laws relating to security guard activities for the State, County or City in which they train, and for which they train. These laws and regulations are easy to find and free to print because they are of the public domain. While all states may have different laws, almost all states includes in their armed security guard training and educational requirements firearm knowledge and technical skills so the armed security guard can effectively use a firearm in the defense of self and others. This Armed Security Guard Training Manual was developed to meet the most stringent standard. It represents 40 hours of study materials,. It also includes 10 hours legal section that discusses Weapons and Firearms and the use of deadly force. These 10 hours of the curriculum are modeled after Florida laws, which regulates heavily security guard activities. This section constitutes an excellent moral guideline to work from, BUT, it is your responsibility to research and teach the law of your state, county, city, as well as ensure that you take the steps you need to meet your state's licensing requirements, if there are any. Last but not least, this kit, as you see it, is what we use every day to train our pupils at Safe N Secure.

Evaluation of the New York City Police Department Firearm Training and Firearm-discharge Review Process-Bernard Rostker 2008 In January 2007, New York City Police Commissioner Raymond Kelly asked the RAND Corporation to assess whether his department was doing everything it could to minimize the unnecessary discharge of firearms. In particular, he asked RAND to examine the quality and completeness of the New York City Police Department firearm-training program and identify potential improvements in the design and delivery of the curriculum, the technology used, the frequency and duration of training sessions, the tactics and procedures on which the training is based, and the Department's firearm-discharge-review process. This monograph reports the observations, findings, and recommendations of that study.

Private Security and the Law-Charles Nemeth 2011-10-13 Private Security and the Law, Fourth Edition, is a unique resource that provides a comprehensive analysis of practices in the security industry as they relate to law, regulation, licensure, and constitutional questions of case and statutory authority. It is an authoritative, scholarly treatise that serves as a solid introduction for students regarding the legal and ethical standards that shape the industry. The book takes you step-by-step through the analysis of case law as it applies to situations commonly faced by security practitioners. It describes the legal requirements faced by security firms and emphasizes the liability problems common to security operations, including negligence and tortious liability, civil actions frequently litigated, and strategies to avoid legal actions that affect business efficiency. It also examines the constitutional and due-process dimensions of private security both domestically and internationally, including recent cases and trends that are likely to intensify in the future. New features of this edition include: a chapter on the legal implications of private contractors operating in war zones like Afghanistan; updated coverage of statutory authority, as well as state and federal

processes of oversight and licensure; and special analysis of public-private cooperative relationships in law enforcement. A historical background helps readers understand the present by seeing the full context of recent developments. This book will appeal to: students in physical security, security management, and criminal justice programs in traditional and for-profit schools; security professionals; and those working in law enforcement. Authoritative, scholarly treatise sheds light on this increasingly important area of the law Historical background helps readers understand the present by seeing the full context of recent developments National scope provides crucial parameters to security practitioners throughout the US NEW TO THIS EDITION! Cert Basic Training Participant Manual-Homeland Security Dept., Federal Emergency Management Agency 2018 CERT (Community Emergency Response Team) is a critical program in the effort to engage everyone in America in making their communities safer, more prepared, and more resilient when incidents occur. Community-based preparedness planning allows us all to prepare for and respond to anticipated disruptions and potential hazards following a disaster. As individuals, we can prepare our homes and families to cope during that critical period. Through pre-event planning, neighborhoods and worksites can also work together to help reduce injuries, loss of lives, and property damage. Neighborhood preparedness will enhance the ability of individuals and neighborhoods to reduce their emergency needs and to manage their existing resources until professional assistance becomes available. Studies of behavior following disasters have shown that groups working together in the disaster period perform more effectively if there has been prior planning and training for disaster response. These studies also show that organized grassroots efforts may be more successful if they are woven into the social and political fabric of the community--neighborhood associations, schools, workplaces, places of worship, and other existing organizations. Effective response therefore requires comprehensive planning and coordination of all who will be involved--government, volunteer groups, private businesses, schools, and community organizations. With training and information, individuals and community groups can be prepared to serve as a crucial resource capable of performing many of the emergency functions needed in the immediate post-disaster period. The CERT Program is designed to train individuals to be assets to help communities prepare for effective disaster response. Audience: Effective response therefore requires comprehensive planning and coordination of all who will be involved--government, volunteer groups, private businesses, schools, and community organizations. With training and information, individuals and community groups can be prepared to serve as a crucial resource capable of performing many of the emergency functions needed in the immediate post-disaster period.
