The Girl In Between-Laekan Zea Kemp 2014-09-30 Bryn Reyes is a real life sleeping beauty. Afflicted with Klein-Levin Syndrome, she suffers episodes of prolonged sleep that steal weeks, and sometimes even months, from her life. But unlike most KLS patients, she doesn't spend each episode in a catatonic state or wake up with no recollection of the time she's missed. Instead, Bryn spends half her life in an alternate reality made up of her memories. For Bryn, the past is a place, until one day a boy she's never met before washes up on the illusory beach of her dreams with no memory of who he is. But the appearance of this strange boy isn't the only thing that's changed. Bryn's symptoms are worsening, her body weakening as she's plagued by hallucinations even while awake. Her only hope of finding a cure is to undergo experimental treatment created by a German specialist. But when Dr. Banz reveals that he knows more about her strange symptoms than he originally let on, Bryn learns that the boy in her head might actually be the key to understanding what's happening to her, and worse, that if she doesn't find out his identity before it's too late, they both may not survive.

In 1947, an American anthropologist named Martin Mitchell wins a Fulbright Fellowship to study in India. He travels there with his wife, Evie, and his son, determined to start a new chapter in their lives. Upon the family's arrival, though, they are forced to stay in a small village due to violence surrounding Britain's imminent departure from India. It is there, hidden behind a brick wall in their colonial bungalow, that Evie discovers a packet of old letters that tell a strange and compelling story of love and war involving two young Englishwomen who lived in the very same house in 1857. Drawn to their story, Evie embarks on a mission to uncover what the letters didn't explain. Her search leads her through the bazaars and temples of India as well as the dying society of the British Raj. Along the way, a dark secret is exposed, and this new and disturbing knowledge creates a wedge between Evie and her husband. I live in Utah, and the furthest I've been is a few states away. He's beautiful. I'm . . . just me. Talbot Green is the man who has everything—fame, money, adoring fans—and I'm just a girl from a small town, childhood friends with his publicist, and looking forward to spending a few days in warm and sunny California. Then I saved his life. In front of the paparazzi. And suddenly, my face is everywhere—on social media, on TV, on magazine covers. Suddenly, I'm not just a girl from a small town, who's living a small life. Suddenly . . . I belong to Talbot Green, at least in the eyes of the media. But behind the yellow and white trimmed exterior lurks an evil, waiting to devour the unwary... Seven years ago, Professor Gabriel Kennedy's investigation into paranormal activity at Summer Place ended in tragedy, and destroyed his career. Now, Kelly Delaphoy, the ambitious producer of a top-rated ghost-hunting television series, is determined to make Summer Place the centerpiece of an epic live broadcast on Halloween night. To ensure success, she needs help from the one man who has come face-to-face with the evil that dwells in Summer Place, a man still haunted by the ghosts of his own failure. Disgraced and alienated from the academic community, Kennedy wants nothing to do with the event. But Summer Place has other plans... As Summer Place grows stronger, Kennedy, along with the paranormal ghost hunting team, The Supernaturals, sets out to confront...and if possible, destroy...the evil presence dwelling there.

Alaska's Daughter-Elizabeth Pinson 2004-10 Elizabeth B. Pinson shares with us her memories of Alaska's emergence into a new and modern era, bearing witness to history in the early twentieth century as she recalls it. She draws us into her world as a young girl of mixed ethnicity, with a mother whose Eskimo family had resided on the Seward Peninsula for generations and a father of German heritage. Growing up in and near the tiny village of Teller on the Bering Strait, Elizabeth at the age of six, despite a harrowing, long midwinter sled ride to rescue her, lost both her legs to frostbite when her grandparents, with whom she was spending the winter in their traditional Eskimo home, died in the 1918 influenza epidemic. Fitted with artificial legs financed by an eastern benefactor, Elizabeth kept journals of her struggles, triumphs, and adventures, recording her impressions of the changing world around her and experiences with the motley characters she met. These included Roald Amundsen, whose dirigible landed in Teller after crossing the Arctic Circle; the ill-fated 1921 British colonists of Wrangel Island in the Arctic; trading ship captains and crews; prospectors; doomed aviators; and native reindeer herders. Elizabeth moved on to boarding school, marriage, and the state of Washington, where she compiled her records into this memoir and where she lived until her death in 2006.
