Fury-Salman Rushdie 2010-12-10 Professor Malik Solanka, retired historian of ideas, irascible doll maker, and since his recent fifty-fifth birthday celibate and solitary by his own (much criticized) choice, in his silvered years found himself living in a golden age. Outside his window, a long humid summer, the first hot season of the third millennium, baked and perspired. The city boiled with money. Rents and property values had never been higher, and in the garment industry it was widely held that fashion had never been so fashionable. - from Fury From one of the world's truly great writers comes a wickedly brilliant and pitch-black comedy about a middle-aged professor who finds himself in New York City in the summer of 2000. Not since the Bombay of *Midnight's Children* have a time and place been so intensely captured in a novel. Salman Rushdie's eighth novel opens on a New York living at break-neck speed in an age of unprecedented decadence. Malik Solanka, a Cambridge-educated self-made millionaire originally from Bombay, arrives in this town of IPOs and white-hot trends looking, perversely, for escape. He is a man in flight from himself. This former philosophy professor is the inventor of a hugely popular doll whose multiform ubiquity - as puppet, cartoon and talk-show host - now rankles with him. He becomes frustratingly estranged from his own creation. At the same time, his marriage is disintegrating, and Solanka very nearly commits an unforgivable act. Horrified by the fury within him, he flees across the Atlantic. He discovers a city roiling with anger, where cab drivers spout invective and a serial killer is murdering women with a lump of concrete, a metropolis whose population is united by petty spats and bone-deep resentments. His own thoughts, emotions and desires, meanwhile, are also running wild. He becomes deeply embroiled in not one but two new liaisons, both, in very different ways, dangerous. Professor Solanka's navigation of his new world makes for a hugely entertaining and compulsively readable novel. *Fury* is a pitiless comedy that lays bare, with spectacular insight and much glee, the darkest side of human nature.

Suisse with catastrophic consequences. Loath to draw negative publicity to the school, a bastion of European wealth and glamour, officials quickly dismiss the incident as an accident, but questions remain: Was it a suicide attempt? Or was Cressida pushed? It was no secret that she had a selfish streak and had earned as many enemies as allies in her tenure at the school. For her best friend, scholarship student Kersti Kuusk, the lingering questions surrounding Cressida's fall continue to nag long after she leaves the Lycée. Kersti marries and becomes a bestselling writer, but never stops wondering about Cressida's obsession with the Helvetian Society—a secret club banned years before their arrival at the school—and a pair of its members who were expelled. When Kersti is invited as a guest to the Lycée's 100th Anniversary, she begins probing the cover-up, unearthing a frightening underbelly of lies and abuse at the prestigious establishment. And in one portentous moment, Kersti makes a decision that will connect her to Cressida forever and raise the stakes dangerously high in her own desire to solve the mystery and redeem her past. The Swap-Megan Shull 2014-08-26 Now a Disney Channel Original Movie, Megan Shull's smart and funny twist on Freaky Friday is perfect for fans of Wendy Mass, Jerry Spinelli, and Jon Scieszka! This middle grade novel is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It's a fun way to keep your child entertained and engaged while not in the classroom. With one random wish, Jack and Ellie are living life in each other's shoes. He's her. And she's him. ELLIE assumed popular guys didn't worry about body image, being perfect, or talking to girls, but acting like you're cool with everything is tougher than it looks. JACK thought girls had it easy—no fights with bullies, no demanding dads, no power plays—but facing mean girls at sleepovers and getting grilled about your period is way harder than taking a hit to the face at sports practice. Now they're dealing with each other's middle school dramas—locker room teasing, cliques, video game battles, bra shopping, and a slew of hilariously awkward moments—until they hopefully switch back! Told in both Jack's and Ellie's voices, The Swap offers a fresh and honest take on tween friendship, all while exploring more serious themes of family, loss, empathy, and what it really means to be yourself. And as Jon Scieszka says, it's "seriously, truly, fearlessly funny!"

Black Girl,/White Girl-Joyce Carol Oates 2009-10-13 Fifteen years ago, in 1975, Genna Hewett-Meade's college roommate died a mysterious, violent, terrible death. Minette Swift had been a fiercely individualistic scholarship student, an assertive—even prickly—personality, and one of the few black girls at an exclusive women's liberal arts college near Philadelphia. By contrast, Genna was a quiet, self-effacing teenager from a privileged upper-class home, self-consciously struggling to make amends for her own elite upbringing. When, partway through their freshman year, Minette suddenly fell victim to an increasing torrent of racist harassment and vicious slurs—from within the apparent safety of their tolerant, "enlightened" campus—Genna felt it her duty to protect her roommate at all costs. Now, as Genna reconstructs the months, weeks, and hours leading up to Minette's tragic death, she is also forced to confront her own identity within the social framework of that time. Her father was a prominent civil defense lawyer whose radical politics—including defending anti-war terrorists wanted by the FBI—would deeply affect his daughter's outlook on life, and later challenge her deepest beliefs about social obligation in a morally gray world. *Black Girl / White Girl* is a searing double portrait of "black" and "white," of race and civil rights in post-Vietnam America, captured by one of the most important literary voices of our time.

The Age of Bede-Bede 2004-08-05 This selection of writings from the sixth and seventh century AD provides a powerful insight into the early history of the Christian Church in England and Ireland. From Bede's Life of Cuthbert and Lives of the Abbots of Wearmouth and Jarrow to the anonymous Voyage of St Brendan - a whimsical mixture of fact and fantasy that describes a quest for paradise on earth - these are vivid accounts of the profoundly spiritual and passionately heroic lives of Christian pioneers and saints. Both vital religious writings and a revealing insight into the reality of life at a formative time for the church, they describe an era of heroism and bitter conflict, and the rapid spread of the Christian faith.
