African Origin Found in Religion and Freemasonry:-Kedar Griffio 2018-09-29 In African Origin found in Religion and Freemasonry: Part II, Brother Griffio and Brother Berkley parallel these ancient arts and sciences to religion, everyday life, and the occults. Their in depth research uncovers how the ancient African practices are concealed behind religious characters and events currently being utilized in several cultural practices. Brother Griffio and Brother Berkley work to reawaken culturally the thinking minds of culturally deprived communities by demonstrating how ancient African arts and sciences can be utilized in modern times without adapting the total lifestyle of ancient Africans. They make a clear distinction between ancient tradition, and its use of modern arts and sciences.
