With this, he has a terrifying revelation: Emmeline is now entering a society where her unique abilities unfairly mark her as a potential threat. And even though he is her father, Avi cannot keep her safe forever. Emmeline soon meets others just like her: Carrie Norris, a teenage girl who can turn invisible . . . but just wants to be seen. Fahima Deeb, a woman with an uncanny knack for machinery . . . but it's her Muslim faith that makes the U.S. government suspicious of her. Supreme Courtship is another classic Christopher Buckley comedy about the Washington institutions most deserving of ridicule.

The Blood of Heaven-Kent Wascom 2013-06-04 "The work of a young writer with tremendous ambition, a bildungsroman of religion and revolution set during an obscure chapter of American history." —The Washington Post A powerful and impressive debut novel from the winner of the Tennessee Williams/New Orleans Literary Festival Prize for fiction—first in the Woolsack family saga that continues with Secessia and The New Inheritors. The Blood of Heaven is the story of Angel Woolsack, a preacher's son, who flees the hardscrabble life of his itinerant father, falls in with a charismatic highwayman, then settles with his adopted brothers on the rough frontier of West Florida, where American settlers are carving their place out of lands held by the Spaniards and the French. The novel moves from the bordellos of Natchez, where Angel meets his love Red Kate to the Mississippi River plantations, where the brutal system of slave labor is creating fantastic wealth along with terrible suffering, and finally to the back rooms of New Orleans among schemers, dreamers, and would-be revolutionaries plotting to break away from the young United States and create a new country under the leadership of the renegade founding father Aaron Burr. The Blood of Heaven is a remarkable portrait of a young man seizing his place in a violent new world, a moving love story, and a vivid tale of ambition and political machinations that brilliantly captures the energy and wildness of a young America where anything was possible. It is a startling debut. "Wascom is a craftsman, and each of his lengthy, winding sentences shimmers with the tang of blood and bone and sweat, and the archaic splendor of his language." —The Boston Globe

Revenge of the Nerd-Curtis Armstrong 2017-07-11 Risky Business. Revenge of the Nerds. Better Off Dead. Moonlighting. Supernatural. American Dad. New Girl. What do all of these movies and television shows have in common? Curtis Armstrong. A legendary comedic second banana to a litany of major stars, Curtis is forever cemented in the public imagination as Booger from Revenge of the Nerds. A classically trained actor, Curtis began his incredible 40-year career on stage but progressed rapidly to film and television. He was typecast early and it proved to be the best thing that could have happened. But there's more to Curtis' story than that. Born and bred a nerd, he spent his early years between Detroit, a city so nerdy that the word was coined there in 1951, and, improbably, Geneva, Switzerland. His adolescence and early adulthood was spent primarily between the covers of a book and indulging his nerdy obsessions. It was only when he found his true calling, as an actor and unintentional nerd icon, that he found true happiness. With whip-smart, self-effacing humor, Armstrong takes us on a most unlikely journey—one nerd's hilarious, often touching rise to the middle. He started his life as an outcast and matured into...well, an older, slightly paunchier, hopefully wiser outcast. In Hollywood, as in life, that counts as winning the game.

While world-famous linguist and archaeologist, Thomas Lourds, is shooting a film that dramatizes his flamboyant life and scientific achievements, satellites spot impossibly ancient ruins along the Spanish coast. Lourds knows exactly what it means: the Lost Continent of Atlantis has been found. The race is on, and Lourds' challengers will do anything to get there first. Whoever controls the Lost Continent will control the world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

No Rest for the Dead-Sandra Brown 2011-07-05 In this New York Times bestseller, twenty-six renowned thriller authors team up to create a first-rate serial novel—a collaboration that combines the skills of America's greatest storytellers to produce a single gripping, spellbinding mystery. "The lineup of writers who have contributed to this mystery is akin to the Murderers' Row of the 1927 New York Yankees. There is not a weak spot in the bunch." —David Baldacci, from the Introduction Alexander McCall Smith. Sandra Brown. Faye Kellerman. J.A. Jance. Jeffery Deaver. Kathy Reichs. Lisa Scottoline. Jeff Lindsay. These are only a handful of the names that make up the all-star lineup of authors behind No Rest for the Dead, a tale of vengeance, greed, and love that flows seamlessly, in the words of David Baldacci, "as it passes from one creator's mind to the next." When Christopher Thomas, a ruthless curator at San Francisco's McFall Art Museum, is murdered and his decaying body is found in an iron maiden in a Berlin museum, his wife, Rosemary, is the primary suspect, and she is tried, convicted, and executed. Ten years later, Jon Nunn, the detective who cracked the case, is convinced that the wrong person was put to death. In the years since the case was closed, he's discovered a web of deceit and betrayal surrounding the Thomases that could implicate any number of people in the crime. With the help of the dead woman's friend, he plans to gather everyone who was there the night Christopher died and finally uncover the truth, suspect by suspect. Solving this case may be Nunn's last chance for redemption...but the shadowy forces behind Christopher's death will stop at nothing to silence the past forever. In this innovative storytelling approach, each of these twenty-five bestselling writers brings their distinctive voice to a chapter of the narrative, building the tension to a shocking, explosive finale. No Rest for the Dead is a thrilling, page-turning accomplishment that only America's very best authors could achieve.

Creepers-David Morrell 2011-06-22 CREEPERS, David Morrell's gripping joyride of a thriller, depicts every harrowing second in eight hours of relentless terror. A New York Times bestseller, it received the prestigious Stoker Award from the Horror Writers Association. On a cold October night, five people gather in a run-down motel on the New Jersey shore and begin preparations to break in to the Paragon Hotel. Built in the glory days of Asbury Park by a reclusive millionaire, the magnificent structure—which foreshadowed the beauties of art-deco architecture—is now boarded up and marked for demolition. The five people are "creepers," the slang term for urban explorers: city archeologists with a passion for investigating abandoned buildings and their dying secrets. On this evening, they are joined by a reporter who wants to profile them—anonously, as this is a highly illegal activity—for a New York Times article. Frank Balenger isn't looking for just a story, however. And after the group enters the rat-infested tunnel leading to the hotel, it becomes clear that he will get much more than he bargained for. Danger, terror, and death await the creepers in a place ravaged by time and redolent of evil. The darkest secrets live in places you're not supposed to be. "Chilling." —Stephen King, New York Times bestselling author of Doctor Sleep "Crack this novel, and it's like an alien abduction of your brain—forget resuming your normal life until it's finished. This will be a classic."—Douglas Preston, New York Times bestselling co-author (with Lincoln Child) of White Fire "With its nonstop cascade of ingeniously contrived dangers and assaults, culminating in an apocalyptic finale, Creepers provides the essence of all thrillers, an intense emotional effect that will leave readers drained."—Washington Post
