Shakespeare: a Playgoer's and Reader's Guide-Michael Dobson
2020-10-15 A handy yet authoritative guide to all Shakespeare's extant works (with information about those known to be lost), this volume provides cast lists, scene-by-scene plot synopses, and contextual information for Shakespeare's plays, and thorough entries on his poems. It is a perfect primer for anyone wishing to be better acquainted with Shakespeare.

The Oxford Handbook of the Law of the Sea-Donald R. Rothwell
2015 Human activities have taken place in the world's oceans and seas for most of human history. With such a vast number of ways in which the oceans can be used for trade, exploited for natural resources and fishing, as well as concerns over maritime security, the legal systems regulating the rights and responsibilities of nations in their use of the world's oceans have long been a crucial part of international law. The United Nations Convention on the Law of the Sea comprehensively defined the parameters of the law of the sea in 1982, and since the Convention was concluded it has seen considerable development. This Oxford Handbook provides a

Downloaded from
jaremicarey.com on

comprehensive and original analysis of its current debates and controversies, both theoretical and practical. Written by over forty expert and interdisciplinary contributors, the Handbook sets out how the law of the sea has developed, and the challenges it is currently facing. The Handbook consists of forty chapters divided into six parts. First, it explains the origins and evolution of the law of the sea, with a particular focus upon the role of key publicists such as Hugo Grotius and John Selden, the gradual development of state practice, and the creation of the 1982 UN Convention. It then reviews the components which comprise the maritime domain, assessing their definition, assertion, and recognition. It also analyses the ways in which coastal states or the international community can assert control over areas of the sea, and the management and regulation of each of the maritime zones. This includes investigating the development of the mechanisms for maritime boundary delimitation, and the decisions of the International Tribunal for the Law of the Sea. The Handbook also discusses the actors and intuitions that impact on the law of the sea, considering their particular rights and interests, in particular those of state actors and the principle law of the sea institutions. Then it focuses on operational issues, investigating longstanding matters of resource management and the integrated oceans framework. This includes a discussion and assessment of the broad and increasingly influential integrated oceans management governance framework that interacts with the traditional law of the sea. It considers six distinctive regions that have been pivotal to the development of the law of the sea, before finally providing a detailed analysis of the critical contemporary issues facing the law of the sea. These include threatened species, climate change, bioprospecting, and piracy. The Handbook will be an invaluable and thought-provoking resource for scholars, students, and practitioners of the law of the sea.

The Book of Cheese-Liz Thorpe 2017-09-26 EXPLORE THE WORLD OF CHEESE BY ASKING YOURSELF ONE SIMPLE QUESTION: WHAT CHEESES DO I ALREADY LOVE? This is the first book of its kind to be organized not by country, milk type, or any other technical classification. The Book of Cheese maps the world of cheese using nine familiar favorites, what author Liz Thorpe calls the Gateway Cheeses. From basics like Swiss, blue, and cheddar,

The Historical Handbook and Guide to Oxford: Embracing a Succinct History of the University and City from the Year 912 ...- James J. Moore 1878

The official illustrated guide to the North-western railway-George Meason 1859

Reader's Guide to Military History-Charles Messenger 2013-10-31

This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th-century intervention operations. Designed for a wide variety of users, it encompasses general reviews of aspects of military organization and science, as well as specific wars and conflicts. The book examines naval and air warfare, as well as significant individuals, including commanders, theorists, and war leaders. Each entry includes a listing of additional publications on the topic, accompanied by an article discussing these publications with reference to their particular emphases, strengths, and limitations.

Reader's Guide to the Social Sciences-Jonathan Michie 2014-02-03

This 2-volume work includes approximately 1,200 entries in A-Z order, critically reviewing the literature on specific topics from abortion to world systems theory. In addition, nine major entries cover each of the major disciplines (political economy; management and business; human geography; politics; sociology; law; psychology; organizational behavior) and the history and development of the social sciences in a broader sense. **Downloaded from**

Pictorial Guide to Oxford, City & University-W. A. Stoker 1953
The Jazz Standards-Ted Gioia 2012 The Jazz Standards, a comprehensive guide to the most important jazz compositions, is a unique resource, a browser's companion, and an invaluable introduction to the art form. This essential book for music lovers tells the story of more than 250 key jazz songs, and includes a listening guide to more than 2,000 recordings. Many books recommend jazz CDs or discuss musicians and styles, but this is the first to tell the story of the songs themselves. The fan who wants to know more about a jazz song heard at the club or on the radio will find this book indispensable. Musicians who play these songs night after night now have a handy guide, outlining their history and significance and telling how they have been performed by different generations of jazz artists. Students learning about jazz standards now have a complete reference work for all of these cornerstones of the repertoire. Author Ted Gioia, whose body of work includes the award-winning The History of Jazz and Delta Blues, is the perfect guide to lead readers through the classics of the genre. As a jazz pianist and recording artist, he has performed these songs for decades. As a music historian and critic, he has gained a reputation as a leading expert on jazz. Here he draws on his deep experience with this music in creating the ultimate work on the subject. An introduction for new fans, a useful handbook for jazz enthusiasts and performers, and an important reference for students and educators, The Jazz Standards belongs on the shelf of every serious jazz lover or musician.

Alden's Oxford Guide ...- 1875

The Official Illustrated Guide to the North-Western Railway and All Its Branches-George S. Measom 1861

The Official Illustrated Guide to the North-Western Railway (including the Chester and Holyhead line), and all their branches: including descriptions of the most important manufactories in the large towns on the lines-George S. Measom 1861

The Oxford Encyclopedia of the Civil War-William L. Barney 2011-08-01 A gold mine for the historian as well as the Civil War buff, The Oxford Encyclopedia of the Civil War offers a concise, comprehensive overview of the major personalities and pivotal events of the war that redefined the American nation.

*Drawings from

recent research that has moved beyond battles and military campaigns to address the significant roles played by civilians, women, and African Americans, the 250 entries explore the era in all its complexity and unmistakable human drama. Here of course are the major battles and campaigns, ranging from Gettysburg and Shiloh to Sherman's March to the Sea, as well as biographical entries on everyone from Abraham Lincoln and Robert E. Lee to Frederick Douglass, Clara Barton, and Walt Whitman. But the book also features entries on a wealth of other matters--music, photography, religion, economics, foreign affairs, medicine, prisons, legislative landmarks, military terms and weaponry, political events, social reform, women in the war, and much more. In addition, charts, newly commissioned maps, chronologies, and period photographs provide an appealing visual context. Suggestions for further reading at the end of most entries and a guide to more general sources in an appendix introduce the reader to the literature on a specific topic. A list of Civil War museums and historic sites and a representative sampling of Civil War websites also point to resources that can be tailored to individual interests. A quick, convenient, user-friendly guide to all facets of the Civil War, this new updated edition also serves as an invaluable gateway to the rich historical record now available, perfect for virtually anyone who wants to learn more about this tumultuous period in our history.

The Pictorial and Historical Gossiping Guide to Oxford-James J. Moore 1882

The Reader's Adviser and Bookman's Manual- 1960

Singing and Communicating in English-Kathryn LaBouff 2008 In *Singing and Communicating in English*, internationally renowned diction coach Kathryn LaBouff provides singers with an accessible guide to the principles of English diction they need to communicate the text successfully. In addition to standard American and British English, a variety of regional dialects and accents are covered in depth. A companion website features a full range of vowel/consonant drills, poems read aloud by the author and veteran theater and voiceover actor John Keating, as well as an instructor's answer key, and publishers' lists to help the singer locate a vast array of English language works for performance.

The Oxford Handbook of the Bronze Age Aegean-Eric H. Cline 2012-01-01 The Greek Bronze Age, roughly 3000 to 1000 BCE, witnessed the flourishing of the Minoan and Mycenaean civilizations, the earliest expansion of trade in the Aegean and wider Mediterranean Sea, the development of artistic techniques in a variety of media, and the evolution of early Greek religious practices and mythology. The period also witnessed a violent conflict in Asia Minor between warring peoples in the region, a conflict commonly believed to be the historical basis for Homer's Trojan War. The Oxford Handbook of the Bronze Age Aegean provides a detailed survey of these fascinating aspects of the period, and many others, in sixty-six newly commissioned articles. Divided into four sections, the handbook begins with Background and Definitions, which contains articles establishing the discipline in its historical, geographical, and chronological settings and in its relation to other disciplines. The second section, Chronology and Geography, contains articles examining the Bronze Age Aegean by chronological period (Early Bronze Age, Middle Bronze Age, Late Bronze Age). Each of the periods are further subdivided geographically, so that individual articles are concerned with Mainland Greece during the Early Bronze Age, Crete during the Early Bronze Age, the Cycladic Islands during the Early Bronze Age, and the same for the Middle Bronze Age, followed by the Late Bronze Age. The third section, Thematic and Specific Topics, includes articles examining thematic topics that cannot be done justice in a strictly chronological/geographical treatment, including religion, state and society, trade, warfare, pottery, writing, and burial customs, as well as specific events, such as the eruption of Santorini and the Trojan War. The fourth section, Specific Sites and Areas, contains articles examining the most important regions and sites in the Bronze Age Aegean, including Mycenae, Tiryns, Pylos, Knossos, Kommos, Rhodes, the northern Aegean, and the Uluburun shipwreck, as well as adjacent areas such as the Levant, Egypt, and the western Mediterranean. Containing new work by an international team of experts, The Oxford Handbook of the Bronze Age Aegean represents the most comprehensive, authoritative, and up-to-date single-volume survey of the field. It will be indispensable for scholars and advanced students alike.

The Oxford Illustrated Literary Guide to Great Britain and Ireland-Dorothy Eagle 1992 An illustrated guide to the landscape, historical and literary figures, and architecture of Great Britain takes readers on a tour of such sites as the grave of Dickens, Westminster Abbey, and the district of the Lake Poets, Wordsworth and Coleridge.

The Oxford Guide to Literary Britain & Ireland-Dorothy Eagle 2008 First published in 1977, this classic reference work is a gazetteer of almost 2,000 places - villages, towns, cities, and landscapes - in Britain and Ireland detailing their connections with the lives of famous writers. It invites the reader to explore the places where their favourite writers- from Jane Austen to Philip Pullman - were born, lived, were educated, worked, and drew inspiration. The entries elegantly interweave information with anecdote and quotation, to build a vivid picture of the day-to-day lives of the writers. The Guide is the ideal resource and companion for any literary pilgrimage in Britain or Ireland, and for the armchair literary traveller. New to this edition are special feature entries on writers particularly associated with places, including the Brontes, Walter Scott, and James Joyce, contributed by high-profile authors including Margaret Drabble and John Sutherland. The Guide also provides an index of author names, with minibiographies, enabling the reader to track down all the places associated with their favourite writers. It is stunningly illustrated throughout, with colour plates, contemporary black-and white photographs, and beautifully illustrated maps of major literary cities such as Bath, Edinburgh, Dublin, and London, and boasts a fresh new design.

The Idea of Atlantic History: Oxford Bibliographies Online Research Guide-Trevor Burnard 2010-06-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. This ebook is just one of many articles from Oxford Bibliographies Online: Atlantic History. Downloaded from
