<p>Guide to Investing in Gold &amp; Silver-Michael Maloney 2015-06-16 Michael Maloney is widely recognized as a leading expert on monetary history, economics, economic cycles investing, and precious metals. He is CEO and founder of GoldSilver.com, one of the world's largest gold and silver bullion dealers, CEO and founder of WealthCycles.com, an educational website, and host of the most popular video series on the topics of monetary history, economics and economic cycles, The Hidden Secrets of Money.</p> <p>Rich Dad's Advisors: Guide to Investing In Gold and Silver-Michael Maloney 2008-08-28 "Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." --Michael Maloney, precious metals investment expert and historian; founder and principal, Gold &amp; Silver, Inc. The Advanced Guide to Investing Gold and Silver tells readers: The essential history of economic cycles that make gold and silver the ultimate monetary standard. How the U.S. government is driving inflation by diluting our money supply and weakening our purchasing power Why precious metals are one of the most profitable, easiest, and safest investments you can make Where, when, and how to invest your money and realize maximum returns, no matter what the economy's state Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.</p> <p>How to Invest in Gold and Silver-Alan Dunwiddie 2008-02-01 A unique guide for beginners to the world of investing in precious metals. It explains in laymans terms the weaknesses behind the present day financial system and why gold has endured throughout history. It gives clear reasons why you should be investing at least some of your savings in the worlds oldest currency and explains the various ways you can invest profitably. Some of these ways have previously been open to experts and the very wealthy only, but are now available to all. Some of the ways like digital currency are completely newly created by the internet and offer great scope for diversifying your portfolio and improving your investment returns. Unlike many books of this type, the information inside and investing options are just as valid for UK, European Union (EU) or worldwide residents as it is for US residents. An unmissable book full of money-saving information that will help you add a major pillar of safety to your investment portfolio.</p> <p>The Complete Guide to Investing in Gold and Precious Metals-Alan Northcott 2010-11-15 As the U.S. economy struggles to recover from the worst economic crisis since the Great Depression, citizens across the country are searching for alternative investment vehicles. Many are finding solace in a precious metal that has been a universal measure of wealth since early civilization: gold. Investment brokers and novices alike are reaping the benefits that come with diversifying their investments. Goldâ€(tm)s value is determined by a number of factors including the volume of the metal held by prosperous countries, the rarity of the metal as it is refined, and current market trends, such as inflation and the movement of the investment market. In 1910, gold was worth \$20 an ounce; a century later, in 2010, the value of gold reached nearly \$1,120 an ounce. This book discusses where the value of these metals first originated and how they have evolved over the course of human history. You will learn how practical uses of precious metals have directly affected their value over time and how metals like gold and silver are direct indicators of the current state of the economy. Most importantly, you will learn to recognize market trends that pinpoint the risk of inflation and the exodus from stock to precious metals that will often occur as a result. You will learn how to use mutual funds and futures to diversify your portfolio without spreading yourself too thin. With advice from dozens of financial experts and commodities traders, you will learn how to maximize your return and minimize your risk. If you are looking to diversify your portfolio and protect your investments, The Complete Guide to Investing in Gold and Precious Metals is your handbook for making the most from your investment. As many investors know, gold is a "safe-haven" asset that can actually increase in value during stock market slides and times of recession. But what else do you really know about this commodity? Are you taking full advantage of it? Do you know how to work it into your overall investment strategy? This detailed tutorial provides you with a comprehensive understanding of gold, from mine to market. Jonathan Spall, a 25-year veteran of the metals market, explains everything you'll need to know for making gold a profitable part of your investment strategy. Investing in Gold gives you an inside look at how the precious metal is mined, refined, traded, and priced, along with valuable insight into gold's unique position in the marketplace. Spall explores such topics as: Simple and complex gold trading processes The pivotal role central banks play in the gold market Gold exchange traded funds (ETFs) How spot gold is traded Why gold mining companies have traditionally hedged and why they no longer do so Strategies for investing in the retail market Spall provides an extensive glossary of terms you'll need to know, and he debunks various myths regarding this market, including the Fed's supposed scheme to keep gold prices artificially low during the 1990s. The effects of global economic growth, the weakened dollar, the credit crunch, and the recent creation of enormous funds each affect the gold market; put them together and they add up to potential profits gold investors have never before dreamed of. Gold is a surprisingly small market. When you learn how to navigate it, the potential for excellent rewards becomes evident.</p> <p>How to Invest in Gold and Silver-Don Durrett 2010 Written in clear layman's terms, this forward-thinking book is packed with information to help gold and silver investors navigate an exciting, timely, and largely unexplored market.</p> <p>ABCs of Gold Investing-Michael J. They say there isn't enough gold to support finance and commerce. They say the gold supply can't increase fast enough to support world growth. They're wrong. In this bold manifesto, bestselling author and economic commentator James Rickards steps forward to defend gold—as both an irreplaceable store of wealth and a standard for currency. Global political instability and market volatility are on the rise. Gold, always a prudent asset to own, has become the single most important wealth preservation tool for banks and individuals alike. Rickards draws on historical case studies, monetary theory, and personal experience as an investor to argue that: • The next financial collapse will be exponentially bigger than the panic of 2008. • The time will come, sooner rather than later, when there will be panic buying and only central banks, hedge funds, and other big players will be able to buy any gold at all. • It's not too late to prepare ourselves as a nation: there's always enough gold for a gold standard if we specify a stable, nondeflationary price. Providing clear instructions on how much gold to buy and where to store it, the short, provocative argument in this book will change the way you look at this "barbarous relic" forever. Baratta sums it up simply enough with the following idea: "What seems crazy in normal times becomes necessary in a crisis." The Great Devaluation is the #1 bestselling book that explains why the real crisis facing the world today is not the Coronavirus. The real crisis facing the world is explosive government debt and deficits. Governments are now left with no choice but to spend more than they make, borrow more than they can ever repay, and devalue their currencies to cover it all up. Former Hollywood storyteller Adam Baratta brings monetary policy to life in this follow-up to his national bestseller, Gold Is A Better Way. You'll learn how and why Federal Reserve polices have facilitated an explosion in government debt and have systematically undermined the world financial system in the name of profit. The result? An out of control system where financial inequality has become a ticking time bomb set to blow up the global economy.</p> <p>Unshakeable-Tony Robbins 2017-02-28 Guides readers on the path to financial freedom, discussing how to not only weather but gain from fluctuations in the stock market, how to get more out of a 401k, and how to avoid paying hidden fees.</p> <p>The Little Book of Alternative Investments-Ben Stein 2011-02-25 Praise For THE LITTLE BOOK OF ALTERNATIVE INVESTMENTS "Ben and Phil have done it again. Another rich, insightful book, designed to enhance your wealth! In today's stock-added cult of equities, there is a gaping hole in most investors' portfolios...the whole panoply of alternative investments that can simultaneously help us cut our risk, better hedge our inflation risk, and boost our return. This Little Book is filled with big ideas on how to make these markets and strategies a treasured part of our investing toolkit." --Robert Arnot, Chairman, Research Affiliates "I have been reading Ben Stein for thirty-five years and Phil DeMuth since he joined up with Ben ten years ago. They do solid work, and this latest is no exception." --Jim Rogers, author of A Gift to My Children "If anyone can make hedge funds sexy, Stein and DeMuth can, and they've done it with style in this engaging, instructive, and tasteful how-to guide for investing in alternatives. But you should read this Kama Sutra of investment manuals not just for the thrills, but also to learn how to avoid the hazards of promiscuous and unprotected investing." --Andrew Lo, Professor and Director, MIT Laboratory for Financial Engineering</p> <p>Money for the Rest of Us: 10 Questions to Master Successful Investing-J. Siegel 2007-12-18 Stocks for the Long Run set a precedent as the most complete and irrefutable case for stock market investment ever written. Now, this bible for long-term investing continues its tradition with a fourth edition featuring updated, revised, and new material that will keep you competitive in the global market and up-to-date on the latest index instruments. Wharton School professor Jeremy Siegel provides a potent mix of new evidence, research, and analysis supporting his key strategies for amassing a solid portfolio with enhanced returns and reduced risk. In a seamless narrative that incorporates the historical record of the markets with the realities of today's investing environment, the fourth edition features: A new chapter on globalization that documents how the emerging world will soon overtake the developed world and how it impacts the global economy An extended chapter on indexing that includes fundamentally weighted indexes, which have historically offered better returns and lower volatility than their capitalization-weighted counterparts Insightful analysis on what moves the market and how little we know about the sources of big market changes A sobering look at behavioral finance and the psychological factors that can lead investors to make irrational investment decisions A major highlight of this new edition of Stocks for the Long Run is the chapter on global investing. With the U.S. stock market currently holding less than half of the world's equity capitalization, it's important for investors to diversify abroad. This updated edition shows you how to create an "efficient portfolio" that best balances asset allocation in domestic and foreign markets and provides thorough coverage on sector allocation across the globe. Stocks for the Long Run is essential reading for every investor and advisor who wants to fully understand the market-including its behavior, past trends, and future influences in order to develop a prosperous long-term portfolio that is both safe and secure.</p> <p>Writing Winning Business Plans-Garrett Sutton 2013-02-28 To win in business requires a winning business plan. As the dollar loses value, many investors are turning to precious metals, converting at least part of their investment portfolio from cash, equities and other assets into silver and gold in an attempt to preserve the value of their capital. This is why the price of gold has more than doubled since 2007. Similar to gold, silver has long been considered a safe investment, especially to hedge against inflation. Like gold, silver is a precious metal and has been used historically as a currency. It is still relatively rare and its unique properties have allowed it to maintain its value over many thousands of years. This book will help you gain a better understanding of gold and silver.
