The Mosquito-Timothy C. Winegard 2019-08-06 **The instant New York Times bestseller.** *An international bestseller.* "Hugely impressive, a major work."—NPR A pioneering and groundbreaking work of narrative nonfiction that offers a dramatic new perspective on the history of humankind, showing how through millennia, the mosquito has been the single most powerful force in determining humanity's fate Why was gin and tonic the cocktail of choice for British colonists in India and Africa? What does Starbucks have to thank for its global domination? What has protected the lives of popes for millennia? Why did Scotland surrender its sovereignty to England? What was George Washington's secret weapon during the American Revolution? The answer to all these questions, and many more, is the mosquito. Across our planet since the dawn of humankind, this nefarious pest, roughly the size and weight of a grape seed, has been at the frontlines of history as the grim reaper, the harvester of human populations, and the ultimate agent of historical change. As the mosquito transformed the landscapes of civilization, humans were unwittingly required to respond to its piercing impact and universal projection of power. The mosquito has determined the fates of empires and nations, razed and crippled economies, and decided the outcome of pivotal wars, killing nearly half of humanity along the way. She (only females bite) has dispatched an estimated 52 billion people from a total of 108 billion throughout our relatively brief existence. As the greatest purveyor of extermination we have ever known, she has played a greater role in shaping our human story than any other living thing with which we share our global village. Imagine for a moment a world without deadly mosquitoes, or any mosquitoes, for that matter? Our history and the world we know, or think we know, would be completely unrecognizable. Driven by surprising insights and fast-paced storytelling, The Mosquito is the extraordinary untold story of the mosquito's reign through human history and her indelible impact on our modern world order.

Matt Gaffney is one of two dozen people who earns a living as a cruciverbalist. In Gridlock he provides an insider's look at the people who put that puzzle in your paper every day. With verve and gusto, Gaffney traces his own starving-artist struggle to find paying puzzle gigs, including marketing hip crosswords to the Gen-X market. He then moves on to topics like the effect of computers on crossword writing, including a man versus machine battle he stages to see who writes better crosswords; the ever-evolving crossword puzzle book market, where a top-selling series now has books shaped like a toilet seat; and a trip to the American Crossword Puzzle Tournament, where the "Cru" (collective slang noun meaning "the crossword puzzle writing community") hangs out in person once a year. Gridlock also features an interview with crossword rock star Will Shortz.

The End of the Myth-Greg Grandin 2019-03-05 WINNER OF THE PULITZER PRIZE A new and eye-opening interpretation of the meaning of the frontier, from early westward expansion to Trump's border wall. Ever since this nation's inception, the idea of an open and ever-expanding frontier has been central to American identity. Symbolizing a future of endless promise, it was the foundation of the United States' belief in itself as an exceptional nation - democratic, individualistic, forward-looking. Today, though, America has a new symbol: the border wall. In *The End of the Myth*, acclaimed historian Greg Grandin explores the meaning of the frontier throughout the full sweep of U.S. history - from the American Revolution to the War of 1898, the New Deal to the election of 2016. For centuries, he shows, America's constant expansion - fighting wars and opening markets - served as a "gate of escape," helping to deflect domestic political and economic conflicts outward. But this deflection meant that the country's problems, from racism to inequality, were never confronted directly. And now, the combined catastrophe of the 2008 financial meltdown and our unwinnable wars in the Middle East have slammed this gate shut, bringing political passions that had long been directed elsewhere back home. It is this new reality, Grandin says, that explains the rise of reactionary populism and racist nationalism, the extreme anger and polarization that catapulted Trump to the presidency. The border wall may or may not be built, but it will survive as a rallying point, an allegorical tombstone marking the end of American exceptionalism.

I Heard You Paint Houses-Charles Brandt 2016-06-24 The inspiration for the major motion picture, *THE IRISHMAN*. Includes an Epilogue and a Conclusion that detail substantial post-publication corroboration of Frank Sheeran's confessions to the killings of Jimmy Hoffa and Joey Gallo. "Sheeran's confession that he killed Hoffa in the manner described in the book is supported by the forensic evidence, is entirely credible, and solves the Hoffa mystery." — Michael Baden

M.D., former Chief Medical Examiner of the City of New York “Charles Brandt has solved the Hoffa mystery.” —Professor Arthur Sloane, author of Hoffa “It’s all true.” — New York Police Department organized crime homicide detective Joe Coffey “I heard you paint houses” are the first words Jimmy Hoffa ever spoke to Frank “the Irishman” Sheeran. To paint a house is to kill a man. The paint is the blood that splatters on the walls and floors. In the course of nearly five years of recorded interviews, Frank Sheeran confessed to Charles Brandt that he handled more than twenty-five hits for the mob, and for his friend Hoffa. He also provided intriguing information about the Mafia’s role in the murder of JFK. Sheeran learned to kill in the US Army, where he saw an astonishing 411 days of active combat duty in Italy during World War II. After returning home he became a hustler and hit man, working for legendary crime boss Russell Bufalino. Eventually Sheeran would rise to a position of such prominence that in a RICO suit the US government would name him as one of only two non-Italians in conspiracy with the Commission of La Cosa Nostra, alongside the likes of Anthony “Tony Pro” Provenzano and Anthony “Fat Tony” Salerno. When Bufalino ordered Sheeran to kill Hoffa, the Irishman did the deed, knowing that if he had refused he would have been killed himself. Charles Brandt’s page-turner has become a true crime classic.
