Enter Ting, a seven-pound Korat who changed his life, and the life of the family. All kittens are mischievous, but Ting "the cat grenade" was real trouble. She was also smart, endearing, and the soul of the Warren family. In late 2008, Lissa's father died of a heart attack. The images from that night still haunt her--especially the EKG readout ending in one long, devastating em dash. Less than a year later, Lissa and her mother stared at another EKG readout, this time for Ting. A living feline extension of the man they missed so much--the man they had tried, but failed, to save--she was diagnosed with a potentially fatal heart condition. The only option was to have a human pacemaker implanted in the cat--a procedure even the best animal hospital in Boston hadn't performed in a decade. Thus they began a medical odyssey on behalf of the little gray cat who had been her father's shadow--a journey that would prepare one of them for her own serious diagnosis. A gorgeously written memoir about grief, hope, and how pets both complicate and enrich our lives, The Good Luck Cat is a testament to the power of the human--and the feline--spirit.

Lassoing the Sun-Mark Woods 2016-06-14 "In this remarkable journey, Mark Woods captures the essence of our National Parks: their serenity and majesty, complexity and vitality--and their power to heal." --Ken Burns Many childhood summers, Mark Woods piled into a station wagon with his parents and two sisters and headed to America's national parks. Mark's most vivid childhood memories are set against a backdrop of mountains, woods, and fireflies in places like Redwood, Yosemite, and Grand Canyon national parks. On the eve of turning fifty and a little burned-out, Mark decided to reconnect with the great outdoors. He'd spend a year visiting the national parks. He planned to take his mother to a park she'd not yet visited and to re-create his childhood trips with his wife and their iPad-generation daughter. But then the unthinkable happened: his mother was diagnosed with cancer, given just months to live. Mark had initially intended to write a book about the future of the national parks, but Lassoing the Sun grew into something more: a book about family, the parks, the legacies we inherit and the ones we leave behind.
