The content is tailored to the requirements and assessment objectives of the syllabus and provides opportunities for students to make comparisons between different regions and time periods.

A History of Modern South Asia-Ian Talbot 2016-01-28 Noted historian Ian Talbot has written a new history of modern South Asia that considers the Indian Subcontinent in regional rather than in solely national terms. A leading expert on the Partition of 1947, Talbot focuses here on the combined history of India, Pakistan, and Bangladesh since 1757 and specifically on the impact of external influences on the local peoples and cultures. This text explores the region's colonial and postcolonial past, and the cultural and economic Indian reaction to the years of British authority, thus viewing the transformation of modern South Asia through the lens of a wider world.

Hollywood's Indies-Yannis Tzioumakis 2013-08-12 Hollywood's Indies offers an in depth examination of the phenomenon of the classics divisions by tracing its history since the establishment of the first specialty label in 1980.

Microhistories of the Holocaust-Claire Zalc 2016-12-01 How does scale affect our understanding of the Holocaust? In the vastness of its implementation and the sheer amount of death and suffering it produced, the genocide of Europe's Jews presents special challenges for historians, who have responded with work ranging in scope from the world-historical to the intimate. In particular, recent scholarship has demonstrated a willingness to study the Holocaust at scales as focused as a single neighborhood, family, or perpetrator. This volume brings together an international cast of scholars to reflect on the ongoing microhistorical turn in Holocaust studies, assessing its historiographical pitfalls as well as the distinctive opportunities it affords researchers.

History for the IB Diploma: Causes, Practices and Effects of Wars-Mike Wells 2011-05-19 An exciting new series that covers the five Paper 2 topics of the IB 20th Century World History syllabus. This coursebook covers Paper 2, Topic 1, Causes, practices and effects of wars, in the 20th Century World History syllabus for the IB History programme. It is divided into thematic sections, following the IB syllabus structure and is written in clear, accessible English. It covers the following areas for detailed study: First World War (1914-18); Second World War (1939-45); Asia and Oceania: Chinese Civil War (1927-37 and 1946-9); and Europe and Middle East: Spanish Civil War (1936-9). Tailored to the requirements and assessment objectives of the IB syllabus, it allows students to make comparisons between different regions and time periods.

The China-Pakistan Axis-Andrew Small 2014-01-15 The Beijing-Islamabad axis plays a central role in Asia's geopolitics, from India's rise to the prospects for a post-American Afghanistan, from the threat of nuclear terrorism to the continent's new map of mines, ports and pipelines. China is Pakistan's great economic hope and its most trusted military partner; Pakistan is the battleground for China's encounters with Islamic militancy and the heart of its efforts to counter-balance the emerging US-India partnership. For decades, each country has been the other's only 'all-weather' friend. Yet the relationship is still little understood. The wildest claims about it are widely believed, while many of its most dramatic developments are hid- den from the public eye. This book sets out the recent history of Sino-Pakistani ties and their ramifications for the West, for India, for Afghanistan, and for Asia as a whole. It tells the stories behind some of its most sensitive aspects, including Beijing's support for Pakistan's nuclear program, China's dealings with the Taliban, and the Chinese military's planning for crises in Pakistan. It describes a relationship increasingly shaped by Pakistan's internal strife, and the dilemmas China faces between the need for regional stability and the imperative for strategic competition with India and the USA.

A History of the Twentieth Century in 100 Maps-Tim Bryars 2014-10-22 The twentieth century was a golden age of mapmaking, an era of cartographic boom. Maps proliferated and permeated almost every aspect of daily life, not only chronicling geography and history but also charting and conveying myriad political and social agendas. Here Tim Bryars and Tom Harper select one hundred maps from the millions printed, drawn, or otherwise constructed during the twentieth century and recount through them a narrative of the century's key events and developments. As Bryars and Harper reveal, maps make ideal narrators, and the maps in this book tell the story of the 1900s—which saw two world wars, the Great Depression, the Swinging Sixties, the Cold War, feminism, leisure, and the Internet. Several of the maps have already gained recognition for their historical significance—for example, Harry Beck's iconic London Underground map—but the majority of maps on these pages have rarely, if ever, been seen in print since they first appeared. There are maps that were printed on handkerchiefs and on the endpapers of books; maps that were used in advertising or propaganda; maps that were strictly official and those that were entirely commercial; maps that were printed by the thousand, and highly specialist maps issued in editions of just a few dozen; maps that were envisaged as permanent keepsakes of major events, and maps that were relevant for a matter of hours or days. As much a pleasure to view as it is to read, A History of the Twentieth Century in 100 Maps celebrates the visual variety of twentieth century maps and the hilarious, shocking, or poignant narratives of the individuals and institutions caught up in their production and use.

Transnational Television Drama-Elke Weissmann 2012-08-30 This history of British and American television drama since 1970 charts the increased transnationalisation of the two production systems. From The Forsyte Saga to Roots to Episodes , it highlights the close relationship that drives innovation and quality on both sides of the Atlantic.

Making Media Work-Derek Johnson 2014-08-01 The management and labor culture of the entertainment industry. In popular culture, management in the media industry is frequently understood as the work of network executives, studio developers, and market researchers—"the suits"—who oppose the more productive forces of creative talent and subject that labor to the inefficiencies and risk aversion of bureaucratic hierarchies. However, such portrayals belie the reality of how media management operates as a culture of shifting discourses, dispositions, and tactics that create meaning, generate value, and shape media work

throughout each moment of production and consumption. Making Media Work aims to provide a deeper and more nuanced understanding of management within the entertainment industries. Drawing from work in critical sociology and cultural studies, the collection theorizes management as a pervasive, yet flexible set of principles drawn upon by a wide range of practitioners—artists, talent scouts, performers, directors, show runners, and more—in their ongoing efforts to articulate relationships and bridge potentially discordant forces within the media industries. The contributors interrogate managerial labor and identity, shine a light on how management understands its roles within cultural and creative contexts, and reconfigure the complex relationship between labor and managerial authority as productive rather than solely prohibitive. Engaging with primary evidence gathered through interviews, archives, and trade materials, the essays offer tremendous insight into how management is understood and performed within media industry contexts. The volume as a whole traces the changing roles of management both historically and in the contemporary moment within US and international contexts, and across a range of media forms, from film and television to video games and social media.

History for the IB Diploma: The Cold War and the Americas 1945-1981-John Stanley 2012-09-27 An exciting series that covers selected topics from the Higher Level options in the IB History syllabus. This coursebook covers Higher Level option 3, Topic 10, The Cold War and the Americas 1945-81. The text is divided into clear sections following the IB syllabus structure and content specifications. It offers a sound historical account along with detailed explanations and analysis, and an emphasis on historical debate to prepare students for the in-depth, extended essay required in the Paper 3 examination. It also provides plenty of exam practice including student answers with examiner's comments, simplified mark schemes and practical advice on approaching the Paper 3 examination.

History for the IB Diploma Paper 2 Authoritarian States (20th Century)-Allan Todd 2015-09-30 Comprehensive second editions of History for the IB Diploma Paper 2, revised for first teaching in 2015.

Circulars-Johns Hopkins University 1891

History for the IB Diploma Paper 1 The Move to Global War-Allan Todd 2015-08-13 Comprehensive second editions of History for the IB Diploma Paper 1, revised for first teaching in 2015. This coursebook covers Paper 1, Prescribed Subject 3: The Move to Global War of the History for the International Baccalaureate Diploma syllabus for first assessment in 2017. Tailored to the requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the following two case studies: Japanese expansion in East Asia (1931-1941) and German and Italian expansion (1933-1940).

College Handbook 2011-The College Board 2010-06-22 This is the only guide available that contains objective information on every accredited college in the United States — 2,150 four-year colleges and universities, and 1,650 two-year community colleges and technical schools. With its clearly laid-out entries and more than 40 indexes, the College Handbook 2011 is the fastest, easiest way for students to narrow a college search and compare the schools that they're interested in. • Targeted information for home-schooled students and students considering community college as an option. • Useful features for black and Hispanic students. • Tables of early decision and wait-list outcomes show information that can't be found in any other guide. • Comprehensive listings of student services, majors, athletics, on-campus activities and campus computing. • Planning calendar and worksheets help students organize their applications and stay on track. • Purchasers qualify for a \$10 discount on The Official SAT Online Course™, the only course offered by the test makers. • Updated annually by a team of editors who verify information with each college — making the College Handbook 2011 the best college reference guide.

A History of Classical Scholarship-John Edwin Sandys 2011-02-17 This comprehensive history of classical learning from the sixth century BCE to 1900 was first published between 1903 and 1908.

Bending History-Martin Indyk 2012 A trio of prominent foreign policy experts present the first serious book-length appraisal of Barack Obama's foreign policy, arguing that Obama thus far has, above all, been a foreign policy pragmatist, tackling one issue at a time in a thoughtful way.

History of English Thought in the Eighteenth Century-Leslie Stephen 2011-12-01 From 1876, this influential work in the history of ideas focuses on the eighteenth-century deist controversy and its effects.

A World of Giving-Patricia Rosenfield 2014-11-04 The age of international philanthropy is upon us. Today, many of America's most prominent foundations support institutions or programs abroad, but few have been active on the global stage for as long as Carnegie Corporation of New York. A World of Giving provides a thorough, objective examination of the international activities of Carnegie Corporation, one of America's oldest and most respected philanthropic institutions, which was created by steel baron Andrew Carnegie in 1911 to support the "advancement and diffusion of knowledge and understanding." The book explains in detail the grantmaking process aimed at promoting understanding across cultures and research in many nations across the world. A World of Giving highlights the vital importance of Carnegie Corporation's mission in guiding its work, and the role of foundation presidents as thought and action leaders. The presidents, trustees, and later on, staff members, are the human element that drives philanthropy and they are the lens through which to view the inner workings of philanthropic institutions, with all of their accompanying strengths and limitations, especially when embarking on international activities. It also does not shy away from controversy, including early missteps in Canada, race and poverty issues in the 1930s and 1980s related to South Africa, promotion of area studies affected by the McCarthy Era, the critique of technical assistance in developing countries, the century-long failure to achieve international understanding on the part of Americans, and recent critiques by Australian historians of the Corporation's nation-transforming work there. This is a comprehensive review of one foundation's work on the international stage as well as a model for how philanthropy can be practiced in a deeply interconnected world where conflicts abound, but progress can be spurred by thoughtful, forward-looking institutions following humanistic principles.

The Tiger's Wife-Tea Obreht 2011-11-01 Struggling to understand why her beloved grandfather left his family to die alone in a field hospital far from home, a young doctor in a war-torn Balkan country takes over her grandfather's search for a mythical ageless vagabond while referring to a worn copy of Rudyard Kipling's "The Jungle Book."

History for the IB Diploma Paper 2 Causes and Effects of 20th Century Wars-Mike Wells 2016-08-31 Comprehensive second editions of History for the IB Diploma Paper 2, revised for first teaching in 2015. This coursebook covers Paper 2, World History Topic 11: Causes and Effects of 20th Century Wars of the History for the IB Diploma syllabus for first assessment in 2017. History for the IB Diploma Paper 2: The Cold War-Allan Todd 2015-07-31 This coursebook covers Paper 2, World History Topic 10: Authoritarian States (20th century) of the History for the IB Diploma syllabus for first assessment in 2017. Tailored to the requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the following detailed studies from around the world: Mussolini and Italy, Hitler and Germany, Mao and China, and Castro and Cuba.

Quick Reference for Counselors- 2011

The Jefferson Bible-Thomas Jefferson 2014-01-05 The Jefferson Bible, or The Life and Morals of Jesus of Nazareth as it is formally titled, was a book constructed by Thomas Jefferson in the latter years of his life by cutting and pasting numerous sections from various Bibles as extractions of the doctrine of Jesus.

Jefferson's composition excluded sections of the New Testament containing supernatural aspects as well as perceived misinterpretations he believed had been added by the Four Evangelists. In 1895, the Smithsonian Institution under the leadership of librarian Cyrus Adler purchased the original Jefferson Bible from Jefferson's great-granddaughter Carolina Randolph for \$400. A conservation effort commencing in 2009, in partnership with the museum's Political History department, allowed for a public unveiling in an exhibit open from November 11, 2011, through May 28, 2012, at the National Museum of American History.

History of the Royal Society-Thomas Thomson 2011-05-19 The Royal Society has been dedicated to scientific inquiry since the seventeenth century. In 1811, Thomas Thomson (1773-1852), a pioneering chemistry teacher who was elected a fellow of the society in the same year, undertook the project of writing a history of the organisation's illustrious past. In this book, published in 1812, Thomson explains how the group began in 1645, initiated by men who met once a week to discuss natural philosophy and mathematics. They were eventually granted a royal charter by Charles II in 1662. The society grew in number and prestige, and began publishing research in its Philosophical Transactions in 1665. Thomson's work focuses particularly on the development of the group's many scientific areas of interest and summarises various papers it published. He also includes a full list of the fellowship, from the society's foundation to 1812, and a copy of the society's original charter.

History for the IB Diploma Paper 1 Rights and Protest-Jean Bottaro 2015-08-31 Comprehensive second editions of History for the IB Diploma Paper 1, revised

for first teaching in 2015.

History for the IB Diploma: Communism in Crisis 1976-89-Allan Todd 2012-05-10 An exciting new series that covers the three prescribed subjects for Paper 1 of the IB 20th Century World History syllabus. This coursebook covers Paper 1, Prescribed Subject 3, Communism in Crisis 1976-89, in the 20th Century World History syllabus for the IB History programme. The text is divided into clear sections following the IB syllabus structure and content specifications. It offers in-depth coverage of the subject as well as detailed study of a wide range of primary and secondary sources to develop students' analytical skills. It also provides plenty of exam practice including student answers with examiner's comments, simplified mark schemes and practical advice on approaching the document-based Paper 1 examination.

History for the IB Diploma: The Soviet Union and Eastern Europe 1924-2000-Allan Todd 2012-07-05 An exciting series that covers selected topics from the Higher Level options in the IB History syllabus. This coursebook covers Higher Level option 5, Topic 9, The Soviet Union and Eastern Europe 1924-2000. The text is divided into clear sections following the IB syllabus structure and content specifications. It offers a sound historical account along with detailed explanations and analysis, and an emphasis on historical debate to prepare students for the in-depth, extended essay required in the Paper 3 examination. It also provides plenty of exam practice including student answers with examiner's comments, simplified mark schemes and practical advice on approaching the Paper 3 examination.

Leaders of the Opposition-T. Heppell 2012-03-27 Timothy Heppell brings together a renowned group of contributors to consider the role of the Leader of the Opposition in British Politics. The book argues that the neglect of opposition studies needs to be addressed, especially given the increasing importance attached to the performance the Leader of the Opposition in the British political system.

History for the IB Diploma: Interwar Years: Conflict and Cooperation 1919-39-Allan Todd 2012-11-29 An exciting series that covers selected topics from the Higher Level options in the IB History syllabus. This coursebook covers Higher Level option 5, Topic 8, Interwar Years: Conflict and Cooperation 1919-39. The text is divided into clear sections following the IB syllabus structure and content specifications. It offers a sound historical account along with detailed explanations and analysis, and an emphasis on historical debate to prepare students for the in-depth, extended essay required in the Paper 3 examination. It also provides plenty of exam practice including student answers with examiner's comments, simplified mark schemes and practical advice on approaching the Paper 3 examination.

Essential Questions-Jay McTighe 2013-03-27 What are "essential questions," and how do they differ from other kinds of questions? What's so great about them? Why should you design and use essential questions in your classroom? Essential questions (EQs) help target standards as you organize curriculum content into coherent units that yield focused and thoughtful learning. In the classroom, EQs are used to stimulate students' discussions and promote a deeper understanding of the content. Whether you are an Understanding by Design (UbD) devotee or are searching for ways to address standards—local or Common Core State Standards—in an engaging way, Jay McTighe and Grant Wiggins provide practical guidance on how to design, initiate, and embed inquiry-based teaching and learning in your classroom. Offering dozens of examples, the authors explore the usefulness of EQs in all K-12 content areas, including skill-based areas such as math, PE, language instruction, and arts education. As an important element of their backward design approach to designing curriculum, instruction, and assessment, the authors \*Give a comprehensive explanation of why EQs are so important; \*Explore seven defining characteristics of EQs; \*Distinguish between topical and overarching questions and their uses; \*Outline the rationale for using EQs as the focal point in creating units of study; and \*Show how to create effective EQs, working from sources including standards, desired understandings, and student misconceptions. Using essential questions can be challenging—for both teachers and students—and this book provides guidance through practical and proven processes, as well as suggested "response strategies" to encourage student engagement. Finally, you will learn how to create a culture of inquiry so that all members of the educational community—students, teachers, and administrators—benefit from the increased rigor and deepened understanding that emerge when essential questions become a guiding force for learners of all ages.

At the Limits of Justice-Suvendrini Perera 2014-09-24 The fear and violence that followed the events of September 11, 2001 touched lives all around the world, even in places that few would immediately associate with the global war on terror. In *At the Limits of Justice*, twenty-nine contributors from six countries explore the proximity of terror in their own lives and in places ranging from Canada and the United States to Jamaica, Palestine/Israel, Australia, Guyana, Chile, Pakistan, and across the African continent. In this collection, female scholars of colour - including leading theorists on issues of indigeneity, race, and feminism - examine the political, social, and personal repercussions of the war on terror through contributions that range from testimony and poetry to scholarly analysis. Inspired by both the personal and the global impact of this violence within the war on terror, they expose the way in which the war on terror is presented as a distant and foreign issue at the same time that it is deeply present in the lives of women and others all around the world. An impassioned but rigorous examination of issues of race and gender in contemporary politics, *At the Limits of Justice* is also a call to create moral communities which will find terror and violence unacceptable.

History for the IB Diploma Paper 3 The Soviet Union and Post-Soviet Russia (1924-2000)-Allan Todd 2016-05-31 Comprehensive books to support study of History for the IB Diploma Paper 3, revised for first assessment in 2017. This coursebook covers Paper 3, History of Europe, Topic 16: The Soviet Union and post-Soviet Russia (1924-2000) of the History for the IB Diploma syllabus for first assessment in 2017. Tailored to the Higher Level requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the topic.

Registries for Evaluating Patient Outcomes-Agency for Healthcare Research and Quality/AHRQ 2014-04-01 This User's Guide is intended to support the design, implementation, analysis, interpretation, and quality evaluation of registries created to increase understanding of patient outcomes. For the purposes of this guide, a patient registry is an organized system that uses observational study methods to collect uniform data (clinical and other) to evaluate specified outcomes for a population defined by a particular disease, condition, or exposure, and that serves one or more predetermined scientific, clinical, or policy purposes. A registry database is a file (or files) derived from the registry. Although registries can serve many purposes, this guide focuses on registries created for one or more of the following purposes: to describe the natural history of disease, to determine clinical effectiveness or cost-effectiveness of health care products and services, to measure or monitor safety and harm, and/or to measure quality of care. Registries are classified according to how their populations are defined. For example, product registries include patients who have been exposed to biopharmaceutical products or medical devices. Health services registries consist of patients who have had a common procedure, clinical encounter, or hospitalization. Disease or condition registries are defined by patients having the same diagnosis, such as cystic fibrosis or heart failure. The User's Guide was created by researchers affiliated with AHRQ's Effective Health Care Program, particularly those who participated in AHRQ's DECIDE (Developing Evidence to Inform Decisions About Effectiveness) program. Chapters were subject to multiple internal and external independent reviews.

The Rise and Fall of Arab Presidents for Life-Roger Owen 2014-11-24 Monarchical presidential regimes in the Arab world looked as though they would last indefinitely—until events in Tunisia and Egypt made clear their time was up. This is the first book to lay bare the dynamics of a governmental system that largely defined the Arab Middle East in the twentieth century, and the popular opposition they engendered.
