The Carpenter's Gift-David Rubel 2011-09-27 Family, friendship, and the spirit of giving are at the heart of this inspiring picture book. Opening in Depression-era New York, The Carpenter's Gift tells the story of eight-year-old Henry and his out-of-work father selling Christmas trees in Manhattan. They give one of their leftover trees to construction workers building Rockefeller Center. That tree becomes the first Rockefeller Center Christmas Tree, the finest Henry has seen when adorned with homemade decorations. Henry wishes on the tree for a nice, warm house to replace his family's drafty, one-room shack. Through the kindness of new friends and old neighbors, Henry's wish is granted, and he plants a pinecone to commemorate the event. As an old man, Henry repays the gift by donating to Rockefeller Center the enormous tree that has grown from that pinecone. After bringing joy to thousands as a beautiful Christmas tree, its wood will be used to build a home for a family in need. Written by children's nonfiction author David Rubel, in collaboration with Habitat for Humanity, The Carpenter's Gift features charming, full-color illustrations by Jim LaMarche.

The Cook's Atelier-Marjorie Taylor 2018-04-10 The debut cookbook from The Cook's Atelier—the international culinary destination and cooking school in Burgundy—is a beautifully photographed resource on classic French cuisine and an atmospheric chronicle of a family's life in a charming French village. Mother and daughter American expats Marjorie Taylor and Kendall Smith Franchini always dreamed of living in France. With a lot of hard work and a dash of fate, they realized this dream and cofounded The Cook's Atelier, a celebrated French cooking school in the storybook town of Beaune, located in the heart of the Burgundy wine region. Combining their professional backgrounds in food and wine, they attract visitors from near and far with their approachable, convivial style of cooking. Featuring more than 100 market-inspired recipes and 300 exceptional photographs, this comprehensive reference is an extension of their cooking school, providing a refreshingly simple take on French techniques and recipes that every cook should know—basic butchery, essential stocks and sauces, pastry, dessert creams and sauces, and preserving, to name a few. Seasonal menus build on this foundation, collecting recipes that showcase their fresh, vegetable-focused versions of timeless French dishes, such as: Green Garlic Soufflé Watermelon and Vineyard Peach Salad Little Croques Madames Sole Meunière with Beurre Blanc and Parsleyed Potatoes Seared Duck Breast with Celery Root Puree and Chanterelles Madeleines Plum Tarte Tatin Almond-Cherry Galette Stories of food and life in the village and the unique atmosphere of the atelier accent this personal cookbook. We can almost hear the clanking of the copper pots, the hiss of the vintage espresso machine, and the merriment around the table, as we meet some of the region's best small farmers and artisanal producers and experience how Marjorie and Kendall's family works together to create this special place. More than a practical introduction to classic French cooking, this richly illustrated volume is also a distinctively designed celebration of the French art of joie de vivre and an inspirational primer on adopting elements of the French lifestyle, no matter where you live.

Creative Problem Solving for Managers-Tony Proctor 2006-05-17 This accessible text provides a lively introduction to the essential skills of creative problem solving. Using extensive case-studies and examples from a range of business situations, it explores various problem-solving theories and techniques, illustrating how these can be used to solve a range of management problems. Thoroughly revised and redesigned, this new edition retains the accessible and imaginative approach to problem-solving skills of the first edition. Contents include: * blocks to creativity and how to overcome them * key techniques including lateral thinking, morphological analysis and synectics * computer-assisted problem solving * increased coverage of group problem-solving techniques and paradigm shift. As creativity is increasingly recognized as a key skill for successful managers, this book will be welcomed as a comprehensive introduction for students and practising managers alike.

Wise Craft-Blair Stocker 2014-03-11 Wise Craft is a guide to the homemade life, turning old things into special new objects that enhance the home. Based on the popular blog of the same name, this guide focuses on creating a homemade atmosphere that reflects your family, without spending a fortune. Instead of throwing away old shirts and boring dishes, or passing up thrift store finds that aren't quite right, author Blair Stocker teaches how to remake, adding special touches to make them work for her home—and yours . The book is divided into four seasonal chapters, with designs that reflect different holidays and the changing seasons, allowing you to update your home according to the weather outside. Many projects are portable or perfect to do during a family movie night, making the Wise Craft lifestyle an easy one to attain. Sixty projects include May Day cones and recycled floral mirror frames—perfect for a teenager's room—plus throw pillow updates, a picnic blanket made from a pile of men's shirts, spooky Halloween dishes, advent calendars, and recycled gift jars. Beautiful photography and illustrations make each project a snap, no matter your crafting background.

Dream Decor-Will Taylor 2016-04-21 "Will understands the life-enhancing abilities of colour. He's a true talent with a keen eye." Jonathan Adler This book will take readers on an inspiring journey to discover fifteen decor destinations that each have a distinct and inspired style. From the colourful cool of Miami Brights to the eclectic urban hipster warehouses of Brooklyn and the nautical feel of the Hamptons and Normandy, a diverse mix of decor styles will be explored. The homes will mirror their surrounding environments, and room analysis for every space in the home will show readers how they can recreate their favourite looks and styles no matter where they live. Our homes are a reflection of how we live and nothing impacts on that more than where we live, and the lifestyle we lead. This book will take readers on an inspiring and tactile journey to discover the decorating style that represents their personal style, all demonstrated via Will's personal and evocative travel imagery, charming illustrations and personality-packed homes across the globe. By inspiring readers to look to their surroundings and call on their own travel memories and personal journeys, the book will be the practical yet playful travel companion the reader needs to create their own Destination Decor style.

Design by IKEA-Sara Kristoffersson 2014-10-23 Sara Kristoffersson's compelling study provides the first sustained critical history of IKEA. Kristoffersson argues that the company's commercial success has been founded on a neat alignment of the brand with a particular image of Swedish national identity - one that is bound up with ideas of social democracy and egalitarianism - and its material expression in a pared-down, functional design aesthetic. Employing slogans such as "Design for everyone" and "Democratic design", IKEA signals a rejection of the stuffy, the 'chintzy', and the traditional in both design practices and social structures. Drawing on original research in the IKEA company archive and interviews with IKEA personnel, Design by IKEA traces IKEA's symbolic connection to Sweden, through its design output and its promotional materials, to examine how the company both promoted and profited from the concept of Scandinavian Design.

Media Innovations-Tanja Storsul 2013 Innovation is about change, and media products and services are changing. The processes of production and distribution of media are changing. The ownership and financing of media are changing. The roles of users are changing. And our ideas about media are changing. This book argues that innovation theory provides better tools for media researchers who wish to understand and explain current developments in the media landscape ? tools that not only allow them to see completely new things, but also to investigate aspects of new media that would otherwise not be as accessible. The various chapters of the book present selected studies that together illustrate how a more explicit focus on innovation and innovation theory can provide new insights into and generates knowledge about how media innovations develop, the sociocultural conditions of such innovations, the role of technology, and power relations in media developments.

The Pumpkin Party-Sara Wernham 2008

The Women of Christmas-Liz Curtis Higgs 2013-09-17 God Reached Down from Heaven with the Best Gift of All A sacred season is about to unfold for three women whose hearts belong to God. Banksy-Ulrich Blanché 2016-01-18 About this Book / Bristol born Banksy is usually categorized as a Street Artist, although his art, in content and form, transcends a narrow understanding of this term. This publication primarily deals with Banksy as a contemporary Urban Artist and his relationship with consumer culture. It examines Banksy not only in light of his illicit work on the street, but also in regard to his gallery exhibitions. The study highlights representative works of his art, pieces which demonstrate his versatility, but also stand for different periods of his oeuvre. This book presents the first academic study of Banksy's art in English; with a history and discussion of the terms Graffiti, Street Art and Urban Art and a rich array of biographical information. It will be of interest to academics and the general public as well. About this Edition / Street Artist Banksy and former Young British artist Damien Hirst are two of the most popular representatives of British contemporary art. Situated in a triangle of art, consumerism and pop culture their work is among the most well-known. A systematic academic study of their artistic viewpoints and references to consumer culture has long been missing, and Ulrich Blanché is finally closing this gap: He examines Hirst's and Banksy's art against the background of the London art scene since 1980. Blanché points out connections to Duchamp, Warhol and Koons, and reflects on the role of the observer, the meaning of location and, especially, the references between art, consumer culture and marketing in their pieces. This two volume edition is the translated and expanded version of the authors dissertation thesis.

Mixed-Media Dollhouses-Tally Oliveau 2011-01-09 This book takes the artistic approach of assemblage and collage, and combines it with the long-loved tradition of making doll houses—but these doll houses are anything but traditional! Begun as an artistic challenge between a group of talented friends, these mixed-media doll houses include beautiful castles, undersea fantasy-lands, gothic attics, inspiring tree houses and much more. Authors Tally Oliveau and Julie Molina share a host of interesting alteration techniques while showing readers how to construct beautiful, fantasy doll houses. Readers learn to how to construct or repurpose found boxes into rooms and houses, how to decorate interior surfaces, how to build miniature furnishings, how to make their own paper dolls, and how to embellish their houses using a variety of imaginative materials.

Learning to Be Old-Margaret Cruikshank 2009-01-16 What does it mean to grow old in America today? Is 'successful aging' our responsibility? What will happen if we fail to 'grow old gracefully'? Especially for women, the onus on the aging population in the United States is growing rather than diminishing. Gender, race, and sexual orientation have been reinterpreted as socially constructed phenomena, yet aging is still seen through physically constructed lenses. The second edition of Margaret Cruikshank's Learning to Be Old helps put aging in a new light, neither romanticizing nor demonizing it. Featuring new research and analysis, expanded sections on gay/lesbian/bisexual/transgender aging and critical gerontology, and an updated chapter on feminist gerontology, the second edition even more thoroughly than the first looks at the variety of different forces affecting the progress of aging. Cruikshank pays special attention to the fears and taboos, multicultural traditions, and the medicalization and politicization of natural processes that inform our understanding of age. Through it all, we learn a better way to inhabit our age whatever it is.

Crap Towns Returns-Dan Kieran 2013-10 The genuinely rough guide to Britain is back. Ten years after it first lifted the concrete slab in the garden of England, Crap Towns returns to dish the dirt on the latest planning disasters, urban blight and posh blighters disfiguring our nation. 'My friends and I once spent an evening in Thetford. Some people threw a cucumber at us.' 'Southampton: the only place in the UK I've ever seen someone get on a bus and nonchalantly spark up a crack pipe.' 'Bacup long claimed to have the shortest street in Britain - Elgin Street - but recently lost the title to Ebenezer Place, an even shorter street in Wick, to the fury of locals, who complained that the Scottish rival was only 'a corner'.'

Scandinavian Christmas-Trine Hahnemann 2017-09-07 In Scandinavia the whole period of Christmas, from the first Sunday in Advent to New Year's Day, is marked by festivals and celebrated in traditional but beautifully contemporary style. Hygge, the Danish word for cosiness, is about being inside with candles, great comfort food and lots of cakes and sweets. The first week of December is baking week - enough has to be made to last the whole Christmas period. Jars of decorated cookies, gingerbread houses and clogs filled with little presents rub shoulders with simple wreaths, trees and tables decorated with white candles and fresh greenery. Brunches, cocktail and tea parties, lunches and dinners are celebrated with a mixture of traditional goodies and delicious modern recipes. Duck and pork rule on Christmas Eve, fish, ham and seasonal vegetables on Christmas Day. Sweets, biscuits, puddings and other treats abound - all washed down with glwein and fruity cocktails. In this glorious book, illustrated with evocative photographs, Trine Hahnemann provides a cornucopia of 70 Christmas recipes showing us how we, too, can decorate our homes and make delicious dishes to celebrate Christmas the Scandinavian way.

Perfect English Cottage-Ros Byam Shaw 2016-02-11 Perfect English Cottage explores 18 inspirational homes that celebrate the best of cottage style in the English countryside. The classic English country cottage is both an icon and an archetype. Dozing beneath a heavy thatch and with roses round the door, it seems to epitomize all that is desirable about life in the countryside and to offer the perfect antidote to the stress of the urban grind. Cottages come in all shapes, and there are as many ways of furnishing, decorating, and organizing the space in them as there are people who inhabit them. Perfect English Cottage explores all types of cottage, and the decorating and design solutions that ensure they are as attractive inside as out, as well as practical and comfortable to live in. The defining feature of a cottage tends to be its proportions. Generally, the older a cottage is, the lower its ceilings, and the smaller its rooms and windows are likely to be. Thus, maximizing space and light is a recurring theme that links the very different interiors featured in this book. Perfect English Cottage is divided into chapters according to style: Romance, Character, Holiday, Simplicity and Elegance. At the end of each chapter there is an invaluable review picking up on ideas and inspiration from the featured homes. At the end of the book there is also a comprehensive directory of sources to help you achieve the English Cottage look in your own home - wherever you may live.
