Mapping Place Names of India-Anu Kapur 2019-02-26 This book is the first of its kind to chart the terrain of contemporary India's many place names. It explores different 'place connections', investigates how places are named and renamed, and looks at the forces that are remaking the future place name map of India. Lucid and accessible, this book explores the bonds between names, places and people through a unique amalgamation of toponomy, history, mythology and political studies within a geographical expression. This volume addresses questions on the status and value of place names, their interpretation and classification. It brings to the fore the connections between place names and the cultural, geographical and historical significations they are associated with. This will be an essential read for scholars and researchers of geography, law, politics, history and sociology, and will also be of interest to policy-makers, administrators and the reader interested in India.

Inner Engineering-Jaggi Vasudev (Sadhguru) 2016 The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you... As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life."

Dermatosurgery-J. Petres 2012-12-06 Dermatosurgery cannot readily be therefore be to impart the knowledge assigned to anyone branch of medical that gives the dermatologist this free science, and as with any borderline dom of choice. This involves the teach case, this assignation is a matter of con ing not only of the basic principles of troversy. Since the end of the last cen dermatosurgery but also of the ability tury, the place of the subject in the field to discriminate according to the most of dermatology has been firmly estab varied criteria. In this field, technical lished. This is hardly surprising, since knowledge, motivation, and enthusi a number of specialists in dermatology asm are not enough; talent is also re spent the first part of their professional quired. C. Soljer Soljer-Mahip Chadha 2011-12 Soljer Soljer is a story based on an imaginary infantry battalion of the Third Gorkha Rifles — the Sixth battalion. The composition, training, camaraderie, and duties in all the other infantry battalions of our Army are almost the same except that certain customs undergo a change as they adapt to the ethnicity of the troops in that Regiment. So the visible changes would be the manner of the battle cry, salutation, greeting, decorum in festivity with the troops, or ceremonials in the Officer's Mess. There is no difference in the dogged determination or the ferocity in the will of troops of these troops in completing any mission allotted to their battalions! Colonel Mahip Chadha, whom I have not only known from our training days, but served with; has very clearly brought out the joys of the simple infantry life and the deeply embedded love, affections and stoic ethnic involvement that officers enjoy with their men. This is brotherhood in its purest form. The story is of Surinder Singh Sahni and his son Jaskaran who as father and son serve in the same battalion. Brigadier Sahni resigns from the Army due to domestic issues while his son enjoys a brief and very modern marriage thanks to considerate parents. Brigadier Sahni has to face terms with reality when he reads about the Indian POWs and later when his son is declared missing believed killed after a skirmish with militants from POK. His misery is compounded when his daughter in law has to suffer further privations, till she decides to fight the establishment by becoming a lawyer. The sacrifices made by the cowherds in rescuing Jaskaran are poignant and are noble.Jaskaran returns home as his amnesia wears off in another accident. His mother like all mothers refuses to believe that he is dead.There is a God in heaven who reunites the family. The question which plagues

Jaskaran is--whether his countrymen recognised his loss-- The book has a sprinkling of humour and the reader laughs at the follies of life. Mahip has told his story as an infantry officer would — straight, to the point and without beating about the bush which makes enjoyable reading! City of Djinns-William Dalrymple 2003-03-25 Peeling back the layers of Delhi's centuries-old history, City of Djinns is an irresistible blend of research and adventure. Sparkling with irrepressible wit, City of Djinns peels back the layers of Delhi's centuries-old history, revealing an extraordinary array of characters along the way—from eunuchs to descendants of great Moguls. With refreshingly open-minded curiosity, William Dalrymple explores the seven "dead" cities of Delhi as well as the eighth city—today's Delhi. Underlying his quest is the legend of the djinns, fire-formed spirits that are said to assure the city's Phoenix-like regeneration no matter how many times it is destroyed. Entertaining, fascinating, and informative, City of Djinns is an irresistible blend of research and adventure.

Haploidentical Transplantation-Stefan O. Ciurea 2018-05-03 In this book, world-renowned experts in the field express well-reasoned opinions on a range of issues and controversies relating to haploidentical transplantation with the aim of providing practicing hematologists with clinically relevant and readily applicable information. Among the areas covered are graft manipulation and methods to control T-cell alloreactivity, the nature of the ideal graft and donor, haploidentical transplantation in pediatric and adult patients with malignant and nonmalignant diseases, immunologic reconstitution following transplantation, complications, and the prevention and treatment of relapse post transplantation. Attention is drawn to the implications of high-impact clinical trials whenever such trials are available. The readily intelligible text is complemented by numerous helpful tables, algorithms, and figures. The book will provide practical support for hematologists and transplant physicians as they attempt to provide optimal care in this exciting but increasingly complex medical specialty.

The Structure-Mahendra Raj 2016 The Structure explores the work of Mahendra Raj, India's most significant structural engineer. Examining Raj's sixty prolific years of practice, this volume looks at his unusually inventive and intuitive work and how he has offered pioneering engineering solutions for buildings in exposed concrete. As this book shows, many of his structures can be seen as monuments narrating the history of architecture in post-independence India. The Structure features twenty-eight of Mahendra Raj's buildings in detail through rich photographs and color reproductions of archival plans. Essays are contributed by Raj himself and by the architects Neelkanth Chhaya and Jaimini Mehta. Also included are interviews with Raj by the architect Sanjay Prakash and curator Hans Ulrich Obrist, a conversation with the architect BV Doshi, as well as an illustrated complete list of Raj's works.

Empress: The Astonishing Reign of Nur Jahan-Ruby Lal 2018-07-03 A Finalist for the 2018 Los Angeles Times Book Prize in History Four centuries ago, a Muslim woman ruled an empire. When it came to hunting, she was a master shot. As a dress designer, few could compare. An ingenious architect, she innovated the use of marble in her parents' mausoleum on the banks of the Yamuna River that inspired her stepson's Taj Mahal. And she was both celebrated and reviled for her political acumen and diplomatic skill, which rivaled those of her female counterparts in Europe and beyond. In 1611, thirty-four-year-old Nur Jahan, daughter of a Persian noble and widow of a subversive official, became the twentieth and most cherished wife of the Emperor Jahangir. While other wives were secluded behind walls, Nur ruled the vast Mughal Empire alongside her husband, and governed in his stead as his health failed and his attentions wandered from matters of state. An astute politician and devoted partner, Nur led troops into battle to free Jahangir when he was imprisoned by one of his own officers. She signed and issued imperial orders, and coins of the realm bore her name. Acclaimed historian Ruby Lal uncovers the rich life and world of Nur Jahan, rescuing this dazzling figure from patriarchal and Orientalist clichés of romance and intrigue, and giving new insight into the lives of women and girls in the Mughal Empire, even where scholars claim there are no sources. Nur's confident assertion of authority and talent is revelatory. In Empress, she finally receives her due in a deeply researched and evocative biography that awakens us to a fascinating history.
