The real fireworks began when she left him and moved home again. Jared was determined to have her back on his terms. She had her own terms. Despite the advent of digital technology and tools (mobile phones, computers, tablets) which can be used for writing, books and paper have never lost their allure, appeal, value and importance in the changing environment that we live in. There is no feeling like writing down your thoughts, reflections and meditations in a journal or diary. There is a uniqueness that comes from brainstorming and sound boarding using a notepad to jot down your inner most feelings and aspirations. There is a special art that comes from doodling and scribbling freely and abundantly. Young children who have not learnt to use digital tools, can still be given paper and pen to play and learn. A diary and journal is still a special gift for a loved one, friends and family. Sometimes it's much quicker and faster to jot down points in a note book and journal during a church sermon, a conference or meeting. If you pray daily, getting your prayers into a journal or diary can be a helpful way to grow closer to Jesus and to monitor your progress. In life there is so much to be grateful for. Gratitude is an attitude that offers healing and growth. A gratitude journal can help you write down the things you are thankful for so that you keep growing and your life is filled with positivity. If you suffer from anxiety or depression, writing can help to provide therapy for tumultuous thoughts as it provides an outlet and thus ways of healing. This beautiful, writing journal and diary is perfect and great for recording, writing, taking notes and memos during conferences, business meetings, meditations, school, church sermons, speaker events, sermons on podcasts and online, during bible study and teachings. The smooth journal pages make the book friendly for everyone (Men, Women, Girls, Boys) and they make for a great and unique gift you can give to family, friends, children and neighbors of any age and during any occasion. The journal is light enough for you to carry conveniently and comfortably in a backpack, purse or bag to conference meetings, school, church, business meetings, travels, holidays or anywhere. This gorgeous writing journal features great artwork on an alluring background. The interior pages are creatively designed with black and white paper. The notebook is a paperback printed by Amazon publishing in industry standard size.

Hallelujah! Interviews with American Christian Poets-Peter Menkin Obl Cam OSB 2013-12 In this collection of interviews with American Christian poets, published on the web by Church of England Newspaper, London, the ongoing series represented here includes Susan Wheeler, Philip Kolin, and Peter Cole, among others. Though a Christian collection, the secular Jewish poet and translator of note Peter Cole is included. Susan Wheeler teaches at Princeton, and Philip Kolin at University of Southern Mississippi. Each was interviewed in this ongoing series, still going on, by Religion Writer Peter Menkin. This is a living series. Philip Kolin has once again heard the whisper of God's word with the ear of his heart and given poetic expression to the timeless value of that word. From: Interview: Christian poet Philip Kolin of Mississippi, USA lives his faith, telling readers here of his work everything you ever wanted to know ...Just this transpired. Against a tree I swooned and fell, and water seeped into my shoe, and a dream began to grow in me. Or despair, and so I chose the dream. And while I slept, I was being fed, and clothed, addressed as though awake with every faculty, and so it went. Then: blaze, glare of sun after years uncounted, and synesthesia of it and sound, the junco's chirp and then the jay's torn caw... Susan Wheeler From: Interview: Poet Susan Wheeler of New York City and Princeton University The mystic, poet, secular Jewish married man of letters who is a scholar is reticent to use the word "God" in an interview, and even reticent to admit to a belief in the Almighty. Yet this religious and spiritual scholar and poet has a recent book of translations of works from the Kabbalah in the book titled The Poetry of Kabbalah: Mystical Verse from the Jewish Tradition. This ancient discipline of understanding the Almighty in the Jewish tradition is a mystical and mysterious exercise in religious practice that continues into our own day this 21st Century. Peter Cole From: Interview: Peter Cole, Jewish poet/translator gives his stark answers to questions in this ongoing series

Justin Case-Rachel Vail 2010-04-27 It's the start of the school year, and nothing feels right to Justin. He didn't get the teacher he wanted, he's not in the same class as his best friend, and his little sister, Elizabeth, is starting kindergarten at his school. Elizabeth doesn't seem nervous at all. Justin is very nervous about third grade. And to top it off, he's lost his favorite stuffed animal, but he can't tell anyone,

because technically he's too old to still have stuffed animals. Right? Here is third grade in all its complicated glory—the friendships, the fears, and the advanced math. Acclaimed author Rachel Vail captures third grade with a perfect pitch, and Matthew Cordell's line art is both humorous and touching. As Justin bravely tries to step out of his shell, he will step into readers' hearts. Justin Case is a 2011 Bank Street - Best Children's Book of the Year.

Harry Johnson's New and Improved Illustrated Bartenders' Manual-Harry Johnson 2015-04-03 2015 Reprint of 1934 Edition. Full facsimile of the original edition. Not reproduced with Optical Recognition Software. The first edition of Harry Johnson's "Bartenders' Manual" was published before our century cutoff, but this landmark book is still being reprinted to this day, and bartenders around the world look to it for guidance in honing their craft. Perhaps what makes Johnson's approach especially significant is that his book was the first how-to, articulating how to be a bartender (not just what to make), and the wisdom Johnson imparted then still applies today. It also explains how to run a bar, the daily ins and outs of running a drinking establishment. Hundreds of detailed drink recipes are provided in minute detail. Our Edition reprints the 1934 re-issue of the classic 1882 edition.

WOOD-Pentti O. Kettunen 2006-08-15 One of the oldest construction materials is wood which, technically speaking, belongs to the group of polymer matrix composites; one which is conveniently and expertly produced by Nature. Due to its organic cell-type structure, the density of wood remains modest. Thus, as its strength and stiffness can - in certain cases - attain remarkable values, its levels of specific strength and stiffness (absolute strength or stiffness divided by density) can reach magnitudes which are competitive with those of other construction materials. It is demonstrated, for instance, that the specific strength of wood in the axial direction can exceed those of low-carbon steel and concrete. Its specific stiffness can also be comparable to those of aluminum alloys and low-carbon steels, and is better than that of concrete. In constructional design, especially in the dimensioning of supports, the values of specific strength and stiffness are of utmost importance.

The World's Footbridges for Berlin-Mike Schlaich 2017 "Venice, Paris, or London--the images of these cities are defined significantly by their many pedestrian bridges. Berlin also offers a wide and still unexploited potential for this exciting building task. These bridges contribute significantly to the quality of life of city residents and furthermore their planning and construction require the close cooperation of construction engineers, architects, landscape and lighting planners. Footbridges therefore represent an important and interdisciplinary contribution to building culture. As part of the international conference 'Footbridge 2017', experts from around the world developed bridge ideas for six typical locations in the German capital, under the title 'Tell a Story'. This book presents all designs with sketches and plans, affording an illuminating insight into the current status of footbridge construction."--
