Tiger-lilies-Sidney Lanier 1867 "Tiger-Lilies is actually a somewhat autobiographical book. In it, Lanier analyzes the relationship between a Northerner and a Southerner throughout the Civil War. As a Southerner who had fought for the Confederate army, Lanier had experienced the war firsthand, both on the battlefield and as a prisoner of war. These experiences are recognizable in the battle scenes especially, which are considered some of the most realistic representations of Civil War combat in literature. Ultimately, Tiger-Lilies can be interpreted as an anti-war novel and one of Lanier's less successful endeavors in the course of his career."--The History Engine.

"Not every mistake deserves a consequence. Sometimes the only thing it deserves is forgiveness." The Voss family is anything but normal. They live in a repurposed church, newly baptized Dollar Voss. The once cancer-stricken mother lives in the basement, the father is married to the mother's former nurse, the little half-brother isn't allowed to do or eat anything fun, and the eldest siblings are irritatingly perfect. Then, there's Merit. Merit Voss collects trophies she hasn't earned and secrets her family forces her to keep. While browsing the local antiques shop for her next trophy, she finds Sagan. His wit and unapologetic idealism disarm and spark renewed life into her—until she discovers that he's completely unavailable. Merit retreats deeper into herself, watching her family from the sidelines, when she learns a secret that no trophy in the world can fix. Fed up with the lies, Merit decides to shatter the happy family illusion that she's never been a part of before leaving them behind for good. When her escape plan fails, Merit is forced to deal with the staggering consequences of telling the truth and losing the one boy she loves. I Don't Want to Eat Bugs-Rachel Branton 2016-04-08 Bugs are for the birds! Lisbon is hungry and it's hard to wait for dinner. When her animal friends try to help her find something tasty to eat, the real problems begin! Join Lisbon on her funny misadventures. Each beautiful illustration is designed to inspire the imaginations of children. An activity page at the end of the book allows for more fun as they search for special items in the illustrations. This version of I Don't Want to Eat Bugs has been designed specifically for ebook with a fixed layout and larger text for easy reading. While this is a great read-aloud book for parents, teachers, and other adults to share with children, we have chosen fonts that are similar to the way children form letters for easy recognition as they begin to read on their own. The print book is also available in 8.5" x 11" format. Author's Note: I Don't Want to Eat Bugs was written for my daughter, who was two when I wrote this story and didn't like salad, but now she's four and a half and loves it—if I give her plenty of salad dressing! (But don't worry—this isn't a book about eating salad.) Of course birds, cats, and dogs have a very different idea of what's good to eat, but through this fun adventure, Lisbon learns there is also food meant just for her—and it's good, especially compared with all the offerings from her animal friends. My daughter and I privately call this book the "Ice Cream Story" (she LOVES ice cream so there had to be ice cream involved), and now whenever something funny happens, she says, "We should write a new ice cream story about that." And we have! I Don't Want to Eat Bugs is the first book in a planned series called Lisbon's Misadventures. I've written the next three books in the series, and Tim Petersen is hard at work creating the illustrations. Tim is obviously a fabulous artist, and I'm excited to be working with him. You can sign up on my website to learn when the next book comes out (<http://teylarachelbranton.com/>). Thank you and enjoy!

Montgomery and recently adapted by Netflix in the hit series Anne with an E. 11-year-old Anne is mistakenly sent away from her orphanage to live on Prince Edward Island with brother and sister Matthew and Marilla Cuthbert who need help on their farm. Wild and imaginative Anne learns to find her place in the little town of Avonlea, makes friends, and strives to be the best in school. A children and adults' favourite Anne's tale of is one of love, individuality, and (mis)adventures. Lucy Maud Montgomery (1874-1942) was a Canadian author. She is most famous for her novel 'Anne of Green Gables' that was an instant hit and became a series that is still enjoyed by children and parents the world over. She grew up on Prince Edward Island and was raised by her grandparents after her mother's early death. Much like her most famous character, Anne, Montgomery had a lonely childhood for which she found relief in the beautiful nature of Prince Edward and in her fierce imagination, which she very early on turned into writing. The Joy Luck Club-Amy Tan 2006-09-21 "The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of Crazy Rich Asians Amy Tan's beloved, New York Times bestselling tale of mothers and daughters Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings

become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.
