Beyond Grammar-Mary R. Harmon 2012-09-10 Beyond Grammar: Language, Power, and the Classroom asks readers to think about the power of words, the power of language attitudes, and the power of language policies as they play out in communities, in educational institutions, and in their own lives as individuals, teachers, and participants in the larger community. Each chapter provides extended discussion of a set of critical language issues that directly affect students in classrooms: the political nature of language, the power of words, hate language and bullying, gender and language, dialects, and language policies. Written for pre-service and practicing teachers, this text addresses how teachers can alert students to the realities of language and power--removing language study from a "neutral" corner to situate it within the context of political, social, and cultural issues. Developing a critical pedagogy about language instruction can help educators understand that classrooms can either maintain existing inequity or address and diminish inequity through critical language study. A common framework structures the chapters of the text: * Each chapter begins with an overview of the language issue in question, and includes references for further research and for classroom use, and provides applications for classroom teachers. * Numerous references to the popular press and the

breadth of language issues found therein foreground current thought on socio-cultural language issues, attitudes, standards, and policies found in the culture(s) at large. * References to current and recent events illustrate the language issue's importance, cartoons address the issue, and brief "For Thought" activities illustrate the point being discussed and extend the reader's knowledge and awareness. * "Personal Explorations" ask readers to go beyond the text to develop further understanding; "Teaching Explorations" ask teachers to apply chapter content to teaching situations. Beyond Grammar: Language, Power, and the Classroom is intended for undergraduate and master's level courses that address literacy education, linguistics, and issues of language and culture.

The Essay-Paul Heilker 1996 Calling for a radical reexamination of the traditional foundation of composition instruction--the thesis/support form, this book argues that the essay, with its informality, conversational tone, meditative mood, and integration of form and content, is better suited to developmental, epistemological, ideological, and feminist rhetorical perspectives. The book first traces the origins of the essay in the 16th century. It then examines 20th-century theories of the form to illustrate what constitutes the fundamental qualities of the essay--epistemological skepticism, anti-scholasticism, and the use of an "anti-Ciceronian chrono-logic" organization ("we can only have one thought in our heads at a time, one thought leads to another, and time flows in only one direction"). This leads to writing that is well developed and well ordered, consistent, and methodical. The book shapes a "rehabilitative theory" of the essay by applying the theories of Mikhail Bakhtin to advance a conception of the essay as a centrifugal, novelistic, dialogic, and carnivalesque form. The book then examines the practice of some contemporary essayists--Aldous Huxley, Joan Didion, Charles Simic, Alice Walker, Scott Russell Sanders, Gretel Ehrlich, and Joseph Epstein. Extensive, detailed accounts of assignments and classroom activities on the essay form that have been used effectively with students are offered. Several student essays are presented in their entirety and analyzed in the book. An afterword and appendixes on sources and works cited conclude the book. (NKA)

Samba Dreamers-Kathleen de Azevedo 2006 Rosea spoke, her voice steady. ÔI was in jail a long time, you know. IÕm paying for my sins. Now I live in a dingy apartment. I get to watch my neighborsÕ kids play and have a normal life that IÕll never have. I smell their barbecues. IÕm already in hell, believe me.Ó Joe turned to go back to the car. ÒYou donÕt know what hell is. You have no idea.Ó When JosŽ Francisco Verguerio Silva arrives at LAX, fleeing the brutal dictatorship in his native Brazil, he is determined to become Americanized at all costs. He lands a job driving a Hollywood tour bus and posing as Ricky Ricardo. He marries a blonde waitress and becomes the father of twins. Yet

happiness remains elusive for Joe as he is haunted by flashbacks of prison torture. And soon a torrid affair with Rosea Socorro Katz, the crazed daughter of Hollywood's Brazilian star Carmen Socorro, proves to be even more dangerous than the life he has fled. Rosea spent her childhood watching her mother unravel as the celebrity system toyed with and eventually destroyed her career. Carmen had always claimed to be descended from Amazons, the woman warriors of legend, but she was tamed by Hollywood. Not Rosea. She has just finished serving jail time for setting fire to the home of her ex-husband—in an attempt to destroy his collection of Brazilian artifacts—and sets out to salvage her life. Along the way, she manages to tear down the lives of everyone she meets. The Brazil of the imagination is shattered in this novel of two tortured souls wrestling with the myths of movies, politics, and the American Dream. Laced with fantastic tales of bird-boys and cannibal rituals, it spins a compelling story of desperation as it reminds us that American freedom and the myth of unbridled opportunity can also consume and destroy.
