Pocket Guide to POCUS: Point-of-Care Tips for Point-of-Care Ultrasound (eBook)-Cameron Baston 2019-02-05 A unique pocket guide to the use of ultrasound at the point of care Lately, there has been an enormous amount of interest in the use of ultrasound for both procedural and diagnostic guidance at the point of care. Although this type of instruction can be found in some textbooks, they are heavy, dense, and written for the classroom, not real-world clinical situations. Pocket Guide to POCUS is the portable, quick-hit alternative. Pocket Guide to POCUS provides trainees with the tips and reminders they may need at the point of care. Things such as what images to acquire, and how to get them, or a quick glance at pathology in comparison to a normal image. For learners at all levels, this pocket guide will hopefully reduce their fear of scanning, while preventing some of the more common pitfalls the authors have observed over their more than 50 cumulative years' experience. Each chapter of the book is divided into four sections: \*Key Images\*Acquisition Tips\*Interpretation and Pitfalls\*Examples of Pathology This information is conveniently located on cards that can be removed from the book and brought with you to the bedside. You can take notes on the cards, check off the scans that you've done, and of course, refer to them in order to provide your patients with the best care possible.

House Made of Dawn [50th Anniversary Ed]-N. Scott Momaday 2018-12-18 The magnificent Pulitzer Prize-winning novel of a stranger in his native land "Both a masterpiece about the universal human condition and a masterpiece of Native American literature. . . . A book everyone should read for the joy and emotion of the language it contains." - The Paris Review A young Native American, Abel has come home from war to find himself caught between two worlds. The first is the world of his father's, wedding him to the rhythm of the seasons, the harsh beauty of the land, and the ancient rites and traditions of his people. But the other world--modern, industrial America--pulls at Abel, demanding his loyalty, trying to claim his soul, and goading him into a destructive, compulsive cycle of depravity and disgust.

Carver 1993-01-01 This remarkable anthology introduces the short fiction of fourteen writers, major figures in the literary movements of three generations, who represent a range of class, ethnic, age, and political perspectives.It is filled with "unexpected gems", writes Scarlet Cheng in Belles Lettres, including Lin Hai-yin's story of a woman suffering under a feudal system that dominated Old China; Chiang Hsiao-yun's optimistic solutions to problems of the elderly in the rapidly changing Taiwan of the 1990; and in between, a dozen richly diverse stories of aristocrats, comrades, wices, concubines, children, mothers, sexuality, rape, female initiation, and the tensions between traditional and modern life. "This is not western feminism with an Asian accent", says Bloomsbury Review, "but a description of one culture's reality... The woman protagonists survive both despite and because of their existence in a changing Taiwan." This book includes biographical headnotes, an introduction that addresses the literary movements represented, and an extensive bibliography.
