Annabelle, the Reluctant Fart Fairy is book one in the Forgotten Fairies series, designed for readers ages 5 to 105. The Forgotten Fairies Series, by M.T. LottHave you ever wondered if there were more than just flower and butterfly fairies?Are you getting bored with the same-old fairy stories?Are you wondering what real fairies actually do all day? If you answered yes to any of these questions, then the Forgotten Fairies series is for you. Learn More at: www.ForgottenFairies.com INTERVIEW WITH M.T. LOTTHow did you create the character of Annabelle the Fart Fairy? I'm a dad, and my two kids -- one boy, one girl -- love silly and slightly gross stories. Think Captain Underpants type books. My daughter loved fairy books and movies when she was little. She would constantly ask me to tell her fairy stories before bed. When I ran out of cute fairy stories, I created the Annabelle character. I probably told her fifty stories before I thought, "Hey, this might make a good character for a book." Did your daughter help you write the book? She was my beta reader, for sure. I also got a few ideas from her. Once I was stuck in part of the book and I asked her what she thought should happen. She had a great idea, and I put it in the book. When did you start writing books? I've written since I was in junior high school, but I never published anything. I was an off-and-on writer. Once my kids started reading, I thought about writing books for children, but I never had a good idea until Annabelle. What do you like to do for fun? Surfing, gardening, and hiking. What's next for Annabelle? I am for sure going to write a third book featuring Annabelle. But, after that, I might start working on books about some of the other Forgotten Fairies. I think maybe Fevrite deserves a chance to tell his story. Sir Fartsalot Hunts the Booger-Kevin Bolger 2009-11-25 Things really stink in the Kingdom of Armpit. Rough Weather Ahead for Walter the Farting Dog-William Kotzwinkle 2007-06 When an expert on animal gas tries to cure Walter, his farts keep building up until he floats away and is blown by the wind to a distant place, where he once again proves himself a hero. Does It Fart?-Nick Caruso 2018-04-03 From the scientist duo behind True or Poo?, their original New York Times bestselling sensation--a scientifically precise, fully illustrated, utterly hilarious guide to animal flatulence. Dogs do it. Millipedes do it. Dinosaurs did it. You do it. I do it. Octopuses don't (and nor do octopi). Spiders might do it: more research is needed. Birds don't do it, but they could if they wanted to. Herrings do it to communicate with each other. In 2017 zoologist Dani Rabaiootti's teenage brother asked her a most teenaged question: Do snakes fart? History, Rabaiootti turned to Twitter. The internet did not disappoint. Her innocent question spawned the hashtag #doesifart and it spread like a noxious gas. Dozens of noted experts began weighing in on which animals do and don't fart, and if they do, how much, how often, what it's made of, what it smells like, and why. Clearly, the public demands more information on animal farts. Does it Fart? fills that void: a fully authoritative, fully illustrated guide to animal flatulence, covering the habits of 80 animals in more detail than you ever knew you needed. What do hyena farts smell especially bad? What is a fossa, and does it fart? Why do clams vomit but not fart? And what is a fart, really? Pairing hilarious illustrations with surprisingly detailed scientific explanations, Does it Fart? will allow you to shift the blame onto all kinds of unlikely animals for years to come.
