Homeopathy for Today's World-Dr. Rajan Sankaran 2011-06-23 Discover the "inner song" that triggers your ailments and underlies your fundamental nature and response to stress • Reveals the 7 levels of experience and how to apply them to reach the core experience behind our physical and mental symptoms • Explains how to decode the ways we describe our pain and emotions to determine what animal, plant, or mineral is "singing" within • Shows how awareness of the "inner song" can reduce its negative impact on our emotions, dreams, ambitions, careers, and relationships The most important development in homeopathy since its discovery in the late 18th century by Dr. Samuel Hahnemann, the Sensation Method of diagnosis developed by Dr. Rajan Sankaran explains that our experience and perceptions of life's stresses are shaped by an inner pattern, or "song," connected to one of the three kingdoms in nature--animal, plant, or mineral. Revealing itself as a constant underlying sensation felt in both the mind and the body and expressed through illness and chronic ailments, this inner song of reoccurring reactive patterns--be it that of a competitive lion, a sensitive daisy, or structured phosphorus--drives our emotions, dreams, ambitions, careers, and relationships and is the underlying factor behind why stress affects each of us so differently. Explaining that there are 7 levels to our experiences, Dr. Sankaran provides techniques to decode the words and gestures we use to describe our pain, emotions, and health conditions, allowing us to probe deeper into our experiences of stress and illness to determine what animal, plant, or mineral is "singing" within us. Showing how this core identity can be used by homeopathic physicians to treat our problems at their source, he reveals how becoming aware of our inner song can reduce the intensity of its negative effects, leading to less stress, better health, and more harmony in our lives.

Materia Medica of New and Old Homeopathic Medicines-David S. Riley 2017-12-21 David S. Riley's interest in the history, methodology and results of homeopathic drug provings began with his exposure to homeopathy in 1988 and his later study at the Hahnemann College of Homeopathy in Albany, California. The homeopathic drug provings published here are the result of his investigation of the research methods associated with homeopathic drug provings and contemporary research methodology. Dr. Riley has developed explicit and transparent research tools for (1) symptom selection criteria, (2) electronic data collection, and (3) blinding to reduce bias. These homeopathic drugs provings follow good clinical practice research guidelines (GCP) and incorporate the guidelines suggested by Dr. Samuel Hahnemann more than 200 years ago
Homeopathy-Somesh Madan 2020-10-10 One would think that the growing years of a Senior ENT Surgeon's son would be ruled by unnecessary medicines and a sense of superior immunity to most diseases. The same way many people in our world have concluded Homeopathy to be a trick of a novice doctor hitting a bull's eye in the dark. Not to be biased, that list even includes family relatives and friends of ours. The truth though, is far from it. This book is a transparent window into my life where I've laid bare my real experiences with Homeopathy and how it transcended my life forever. With a brilliant father who has written two bestselling books titled Homeopathy Cures Where Allopathy Fails and Welcome Homeopathy, there was a compelling reason why he decided to substitute Allopathy with Homeopathy much later on in his career. I didn't realize the depth of that reason until I used medicines prescribed by most other professionals and suffered silently while my symptoms were misdiagnosed. Over the years, I have inherited this knowledge on Homeopathy from my father based on his extensive experience while treating patients with both systems of medicines. But I'm not here to advice or mislead the reader on which Homeopathy medicine they should take next. Let's leave that to the professionals and the debating literary geniuses. What you will find in the coming chapters when you read this book is my factual readings about Homeopathy, not just underlining the strengths but the weaknesses as well. The truth after all, is what we all want.
