The School Science Review- 2007

Christianity and Moral Issues-Anne Jordan 1999 Euthanasia : for & against - Abortion : for & against - Genetic engineering - Animal rights - Capital punishment : for & against - Marriage & divorce - The marriage ceremony - Morality and ethics.

Mussolini and Italian Fascism-Hamish Macdonald 1998-11 'The Pathfinder History' series is designed to help students make the transition from GCSE to A level. Each book provides the student with a structured route through the A level process and develops the skills needed for examination success.

The Principles and Practice of Nurse Education-Francis M. Quinn 2000 This book, now in its fourth edition, has been updated to include material focused on evidence-based practice. Covering the complete spectrum of education as applied to nursing and health care professions, this book maintains the blend of theoretical principles and practical applications that has proved successful over the preceding three editions. Among the important developments discussed are the replacement of UKCC and the four National Boards with a new Nursing and Midwifery Council, the initiative to establish the National Institute for Clinical Excellence and the move to incorporate clinical effectiveness into the clinical governance framework. Frank Quinn brings together all the major changes that apply to educators within the National Health Service, making this essential textbook an authoritative source of guidance, up-to-date information and reference.

AQA Mathematics for GCSE-June Houghton 2007-10-15 Written by AQA examiners, each book in this series includes exam-style questions and advice to help students prepare for their exams. They are able to

New Maths in Action S3/3 Student Book-Robin Howat 2014-11 The Credit books have been substantially revised from the previous editions to ensure that they are accessible to all students at this level and now have a 'fast track' route to allow for early presentation. Non-calculator work clearly identified throughout all books. Parallel content between all books allows movement between levels. 'Review' sections at the beginning of each chapter enable students to consolidate learning from previous chapters and establish knowledge required to proceed with the topic. 'Recap' sections provide summaries of the chapter, making them an ideal revision tool. 'Revise' sections contain end of chapter exercises for revision and assessment, building up to exam style questions to ensure thorough preparation for exams.

Core Maths for Advanced Level-Linda Bostock 2000 Since the launch of the Human Genome project in 1990, understanding molecular and clinical genetics has become an essential aspect of modern medical education. Solid knowledge of genetics is now crucial to a host of healthcare professionals including primary care physicians, nurses and physician assistants. This third edition takes this crucial information and incorporates it into a student-friendly format that focuses on the core concept of human genetics. Each chapter uses the same problem-based approach as the previous editions, and addresses the important role of genetics and disease by integrating molecular and clinical genetics.

Britain 1905-1951-Philip Stanton 2000-01-01 Pupils will benefit from active revision and reinforcement of acquired skills and knowledge, rather than the traditional 'crammer' style of revision resources which simply offer re-reading of material. Teachers can be assured that the material covered is directly relevant for their topics, as the revision units are closely based on key issues as outlined in the syllabus. Teachers can use the resource by either copying for each pupil, or by selecting and adapting material into their own revision plans. Less able pupils will benefit from the provision of part-completed answers/model answers, and help in developing History skills. Written by experienced teachers who can communicate important issues within each topic effectively.

Napoleon and Europe-Philip Ingram 1998 Part of a series designed to meet the demand for materials which develop important A- and AS-Level skills, this is an assessment of the rise and fall of French fortunes within the wider context of 18th- and 19th-century Europe, and the man who was behind them.

Development and Underdevelopment-Garrett Nagle 1998 Examines the issues of development and underdevelopment in different countries around the world. Suggested level: senior secondary.
