Georges Brassens and Jacques Brel-Chris Tinker 2005 This book explores the various personal and social narratives within the songs of Brassens and Brel, the auteurs-compositeurs-interpretes who epitomised what is now widely regarded as the golden era of chanson francaise during the 1950s and 60s. Tinker's discussion reveals the tensions in thenarrators' relationship with themselves, other individuals, and society. The book builds upon, and moves beyond, the two dominant critical approaches used to write about French song: the exclusively biographical oriented approach and the purely linguistic analysis. Tinker focuses both on identity,viewed primarily as a relational process, and on representation: linguistic, musical, vocal, and gestural.

God's Favorite Place on Earth-Frank Viola 2013-05-01 When He came to earth, Jesus Christ was rejected in every quarter in which He stepped. The Creator was rejected by His own creation. “He came to His own and His own received Him not,” said John. For this reason, Jesus Christ had “no where to lay His head.” There was one exception, however. A little village just outside of Jerusalem named Bethany. Bethany was the only place on earth where Jesus was completely received. God’s Favorite Place on Earth is a retelling of Jesus’ many visits to Bethany and a relaying of the message it holds for us today. Frank Viola presents a beautifully crafted narrative from the viewpoint of Lazarus, one of the people who lived in Bethany with his two sisters. This incomparable story not only brings the Gospel narratives to life, but it addresses the struggle against doubt, discouragement, fear, guilt, rejection, and spiritual apathy that challenges countless Christians today. In profoundly moving prose, God’s Favorite Place on Earth will captivate your heart with its beauty, charm, and depth. In this book you will discover how to live as a “Bethany” in our world today, being set free to love and follow Jesus like never before.

Tall Life-Dr Sam Lochner Phd 2016-05-24 This is a book for tall people, those who relate to them, and anyone interested in height in general. Being tall coincides with considerable professional, athletic, and social benefits. Yet there are also some problems, and these raise some questions. For instance, if longer levers and more cells really are behind increased risk of injuries and cancer, then how is it that giraffes get by? And why is it that society reveres tall stature but then compromises our safety with cramped cars and other things? And, as tall women might be pondering, where have all the tall, dark, and handsome men gone? Lastly, what can be done about all this? These questions and more will all be answered by a tall protagonist over eight chapters: Evolution, Scaling, Spine, Manufactured, Ergonomics, Growth, Longevity, and Society.

Something Borrowed, Someone Dead-M. C. Beaton 2013-09-17 Something Borrowed, Someone Dead continues the tradition in M. C. Beaton's beloved Agatha Raisin mystery series—now a hit show on Acorn TV and public television. Gloria French was a jolly widow with dyed blonde hair, a raucous laugh and rosy cheeks. When she first moved from London to the charming Cotswolds hills, she was heartily welcomed. She seemed a do-gooder par excellence, raising funds for the church and caring for the elderly. But she had a nasty habit of borrowing things and not giving them back, just small things, a teapot here, a set of silverware there. So it's quite the shock when she is found dead, murdered by a poisoned bottle of elderberry wine. Afraid the murder will be a blight on the small town, Parish councillor, Jerry Tarrant, hires private detective Agatha Raisin to track down the murderer. But the village is secretive and the residents resent Agatha's investigation. Of course that doesn't stop the ever-persistent Agatha from investigating and sticking her nose where no one wants it—especially as the suspect list grows. And, as if it isn't enough that Agatha's ex has reentered the picture, the murderer is now targeting Agatha! With M.C. Beaton’s Something Borrowed, Someone Dead the bossy, vain, and absolutely irresistible, Agatha Raisin continues to be a fan favorite.

Cars of the Soviet Union-Andy Thompson 2008 The story of the Soviet Union's cars has to be seen in the context of a planned society in which everything was planned well in advance, and consumer items were not a priority until well after the Second World War. This extraordinarily detailed study charts the history of Soviet cars from the birth of the Soviet Union in 1917 until its demise in 1990, with a conclusion about the post-Soviet era. It is the story of an insular, state-run car industry in which the carefully thought-out ideas of ministerial planners, rather than fickle customers in a free market, determined what cars were made in a country where the open road was often a 300-mile track across a windswept steppe.
