On the Trail of the JFK Assassins-Dick Russell 2008-11-22 Using newly declassified information, Dick Russell builds on three decades of painstaking research in On the Trail of the JFK Assassins, offering one of the most comprehensive and authoritative examinations of the assassination of our thirty-fifth president. Included are new revelations, such as the theory that Lee Harvey Oswald was subjected to "mind control," Russell's personal encounters inside the KGB headquarters, and new information gleaned from an interview with Oswald's widow. Russell here comes closer than ever to answering the ultimate question: Who killed JFK?

On the Trail of the JFK Assassins-Dick Russell 2008 A bestselling author and a leading expert on the JFK assassination compiles a fascinating selection of his latest research into the killing of America's 35th president.

A Farewell to Justice-Joan Mellen 2013-09-01 Working with thousands of previously unreleased documents and drawing on more than one thousand interviews, with many witnesses speaking out for the first time, Joan Mellen revisits the investigation of New Orleans district attorney Jim Garrison, the only public official to have indicted, in 1969, a suspect in President John F. Kennedy's murder. Garrison began by exposing the contradictions in the Warren Report, which concluded that Lee Harvey Oswald was an unstable pro-Castro Marxist who acted alone in killing Kennedy. A Farewell to Justice reveals that Oswald, no Marxist, was in fact working with both the FBI and the CIA, as well as with US Customs, and that the attempts to sabotage Garrison's investigation reached the highest levels of the US government. Garrison's suspects included CIA-sponsored soldiers of fortune enlisted in assassination attempts against Fidel Castro, an anti-Castro Cuban asset, and a young runner for the conspirators, interviewed here for the first time by the author. Building upon Garrison's effort, Mellen uncovers decisive new evidence and clearly establishes the intelligence agencies' roles in both a president's assassination and its cover-up. In this revised edition, to be published in time for the fiftieth anniversary of the president's assassination, the author reveals new sources and recently uncovered documents confirming in greater detail just how involved the CIA was in the events of November 22, 1963. More than one hundred new pages add critical evidence and information into one of the most significant events in human history.

JFK: The French Connection-Peter Kross 2012-07-24 Ten months after the assassination of John F. Kennedy, the Warren Commission reported that Lee Harvey Oswald, alone, killed the president on November 22, 1963 in Dallas, Texas. Oswald had no confederates, nor did any foreign power aid him in his deadly deed. Case closed. However, what most Americans do not know is that one day after the assassination, the FBI deported a known French assassin-a member of the militant, anti-Charles de Gaulle organization called the OAS. Jean Souetre was sent to either Mexico or Canada. He was involved in anti-de Gaulle terrorist activities in Europe and even tried to recruit the CIA in his efforts to oust the French President. During his career, he used at least 11 identities, including those of two real people. Why was a known French assassin in Dallas on the exact day that the president of the United States was killed, and what role, if any, did he play in the monstrous deed? This book delves into three major areas of study: (1) the investigation of Jean Souetre and the two other men whose identities he used; (2) the investigation of the identities of two European assassins, QJ/WIN and WI/ROUGE, and their use in the CIA's assassination unit called ZR/RIFLE-Executive Action; and (3) the role of the CIA in the drug trade after World War II. Chapters include: The First Assassin; The Mafia and Uncle Sam; The Heroin Trail; MKULTRA; QJ/WIN and Patrice Lumumba; The US Senate Select Committee on Intelligence "Assassination Reports"-The CIA and Lumumba; Who Was Souetre?; Who Was Mertz?; The Steve Rivele Investigation; The Guns of Dallas; more.

JFK-Oliver Stone 1992 Provides the complete script for JFK, which details the investigation into President Kennedy's assassination, and includes reponses and comments about the film, and official reports and documentation

JFK-L. Fletcher Prouty 2011-04 Reveals Kennedy's plans for Vietnam, Kennedy's intentions to "shatter the CIA," and President Johnson's reversal of Kennedy's orders concerning Vietnam immediately following the assassination, aruing that the assassination was a professionally executed coup d'etat.

Not in Your Lifetime-Anthony Summers 2013 'It might not be in your lifetime', said the Chief Justice of the United States when asked whether the files on the assassination of President Kennedy would be made public. If the President was killed by a lone gunman, as the first official enquiry claimed, why can we still not see all relevant records? Fifty years on and the murder of the century remains unsolved. Drawing on thirty years of investigation, Anthony Summers examines the case in compelling, forensic detail. He analyses the evidence for Oswald's guilt, the Mafia connection, and the links to Cuba and reveals, for the first time, a plausible admission of involvement. This updated edition of Not in Your Lifetime is the most definitive account of one of the most intractable mystery mysteries of our time.

Four Days in November-New York Times 2003-11 A complete collection of "New York Times" articles on JFK's assassination covers the events surrounding the president's death and funeral, Lee Harvey Oswald's arrest and murder, and the swearing-in of Lyndon Johnson.

False Witness-Patricia Lambert 2000-01-01 This is, for the first time in its entirety, the story of the arrest and trial of Clay Shaw, charged with conspiracy in the assassination of President John F. Kennedy. Headline news internationally for almost three years in the late 1960s, the whole investigation was eventually uncovered as a fraud and a set-up. Then, in 1990, Oliver Stone's movie JFK was released starring Kevin Costner as Jim Garrison, hero and patriot -- and all the lies that enthralled the world in this case were told again.

A Heritage of Stone-Jim Garrison 1970 For the first time, the New Orleans district attorney tells the full story of his views of the Kennedy assassination - and of America today.

On the Trail of Clay Shaw-Michele Metta 2019-11-02 Fruit of 15 years of thorough research, Metta's inquiry into the killing of JFK is based on new exclusive documents. His work is so valuable that he got public praise from the acclaimed director Oliver Stone during The Lucca Film Festival, who accented how it unmasks the fascist roots of the conspiracy; on Facebook, from Stone's son Sean, actor, filmmaker, and TV host, who described Metta's findings as the NATO / Gladio side of the JFK hit; on Black Op Radio, from James DiEugenio, one of the best experts on Jim Garrison, who stressed its high quality; on DiEugenio's website, from the British essayist Philip Willan, author of the appreciated Puppetmasters, who highlighted Metta's ability to spot a common thread between the plot against John Kennedy and the plot against the Italian leader, and JFK's friend, Aldo Moro. Same praise came from Cynthia McKinney's Twitter account. For the former US congresswoman and Green Party Presidential Candidate in 2008, Metta's investigation is a must. Besides, the important Italian monthly Bibliomanie published an essay by Professor Marika Martina who underlines the centrality of Metta's studies on Centro Mondiale Commerciale to understand the true matrix of the darkest pages in international history since the 1960s. METTA'S BIO: Michele Metta lives in Rome. He is a historian, and a journalist for l'AntiDiplomatico, Italian newspaper where he has distinguished himself for being author of a large number of scoops. Islainfinita is his film production company. He held a symposium on his book in the Italian city of Bari, at the prestigious Aldo Moro University, and was a speaker at the annual DPUK Seminar, the foremost European event on the conspiracy against JFK. He wrote for the US magazine garrison about the links between Shaw's Centro Mondiale Commerciale and the NATO stay-behind network. FROM DEBROSSE'S FOREWORD: "The resulting book is a major breakthrough in the JFK murder case, documenting startling new information that goes to the root of the complex and tangled international conspiracy behind the assassination. [...] Read Metta's book carefully as well as his documentation. I think you'll agree it marks a stunning leap forward in unraveling -at long last- the dark truth behind the murder that changed the course of modern American and international history." AUTHOR'S DISCLAIMER: This author does agree with Gideon Levy's words: "We have to say the truth: The Israeli lobby, the Jewish lobby, are, by far, too strong and too aggressive. It's not good for the Jewish community. It's not good for Israel. What is happening now is that some kind of fresh air, some kind of new voices are emerging from Capitol Hill, raising legitimate questions

about Israel, about America's foreign policy toward Israel and about the Israeli lobby in the States. Those are very legitimate questions, and it is more than needed to raise them. But the Israeli propaganda and the Jewish propaganda in recent years made it as a systematic method, whenever anybody dares to raise questions or to criticize Israel, he is immediately and automatically labeled as anti-Semite, and then he has to shut his mouth, because after this, what can he say? This vicious circle should be broken. And I really hope that [...] others will be courageous enough to stand in front those accusations and to say, 'Yes, it is legitimate to criticize Israel. Yes, it is legitimate to raise questions. And this does not mean that we are anti-Semites. We are not ready to play this game anymore, in which they shut our mouths with those accusations, which, in most of the cases, are hollow.'" That said, if, instead, you are an admirer of Hitler or Mussolini, I strongly invite you to NOT buy my book, because you are NOT my friend. Thank you.

The Man Who Killed Kennedy-Roger Stone 2014-09-02 "We appreciate Roger Stone, he is one tough cookie." - President Trump The sensational New York Times bestseller, now in paperback. Find out how and why LBJ had JFK assassinated. The Man Who Killed Kennedy: The Case Against LBJ hit the New York Times bestseller list the week of the 50th Anniversary of the assassination of President John F. Kennedy. Consummate political insider Roger Stone makes a compelling case that Lyndon Baines Johnson had the motive, means, and opportunity to orchestrate the murder of JFK. Stone maps out the case that LBJ blackmailed his way on the ticket in 1960 and was being dumped in 1964 to face prosecution for corruption at the hands of his nemesis attorney Robert Kennedy. Stone uses fingerprint evidence and testimony to prove JFK was shot by a long-time LBJ hit man—not Lee Harvey Oswald. President Johnson would use power from his personal connections in Texas, from the criminal underworld, and from the United States government to escape an untimely end in politics and to seize even greater power. President Johnson, the thirty-sixth president of the United States, was the driving force behind a conspiracy to murder President Kennedy on November 22, 1963. In The Man Who Killed Kennedy, you will find out how and why he did it. Legendary political operative and strategist Roger Stone has gathered documents and uses his firsthand knowledge to construct the ultimate tome to prove that LBJ was not only involved in JFK's assassination, but was in fact the mastermind. American Heart of Darkness-Robert Kirkconnell 2013-05-21 These days, most Americans know that the country has serious problems. Problems that will have to be addressed before the country can move forward. What are these problems? Where did they come from? Before we can move forward we have to know where we are and how we got there. American Heart of Darkness paints an unvarnished picture of the seeds of destruction that were sown into the foundations of the Republic from the very beginning. How did slavery come about in the land of the free? How did a pre-Columbian native population, in North America alone, of over eighteen million (yes, you heard it right) native peoples dwindle down to about two hundred thousand? Was it really Small Pox? Why has a people who constantly talk about freedom, democracy, equality, human rights, life, liberty, and the pursuit of happiness continually practiced racism, genocide, and war? How do drugs come into the country, and who is really behind the most profitable product sold in the world? There are also other unanswered questions that need to be explored: Why were thousands of the worst Nazi war criminals given refuge in the U.S.? Who financed Hitler? Where did Hitler get his master race and genocidal ideas from? Was Lee Harvey Oswald a C.I.A. agent? Were Oswald, Sirhan Sirhan, Ted Kaczynski, Timothy McVey, and the Peoples Temple all mind control, MKULTRA, subjects? What really happened in the Jeffery MacDonald, so-called Fatal Vision case? How does hundreds of billions of dollars come into the United States every year without detection? The answers to these questions, and many more, will surprise you! They are not in the History books, although they should be. American Heart of Darkness, Volume I, explores the ugly side of America that has been hidden for far too long, and it is literally killing us. This book is not for the reader looking for an uplifting story to escape everyday life for a few hours. It is for true patriots who are sick and tired of being lied to and stolen from. It is for those who know they need to do something but do not know where to start. It is for those who feel powerless and that Americas problems are far too big for little ol me to handle. It is for those with the courage to go from darkness to light. As comedian and activist Dick Gregory once said, If you been in the DARK for so long, LIGHT will hurt your eyes. This book will hurt your eyes. The reader will be shocked, then angry, then motivated, and finally, in the authors next two books, empowered and liberated. It is better to see where we are and where we need to go, right now, before it is too late. Congratulations! If you have read this far this book is probably for you. Please keep in mind the universal truth that with any form of government, the leaders only have the power that the people allow them have. This was true in India when a little skinny guy named Gandhi with no money and only a rag wrapped around his middle took on the British Empire, and won! There is no question that the American people have the power to reclaim a government that is clearly not being run for them. We have to empower ourselves to take this government back from only a handful of selfish and greedy individuals, who have proven that they only care about making more and more money. Let us all stop giving them the power that belongs to us. Reading this book is a beginning, and then we will talk about what to do about it in the authors next two books!

Whitewash-Harold Weisberg 2013-10-22 Harold Weisberg's Whitewash was originally self-published in 1965, at a time when few publishing houses would consider a book challenging the Warren Report. Written in Harold's fiercely passionate yet scrupulously honest style, and relying on the government's own evidence and documentation, Whitewash destroys the Warren Commission's claims about Oswald and shows that the Commission knowingly engaged in a cover-up. Weisberg diligently researched the government's unpublished evidence and played a major role in forcing disclosures via the Freedom of Information Act. A watershed publication and one that established the author as one of the premier JFK assassination researchers, Whitewash (as well as the subsequent books in the Whitewash series) has become of the essential assassination publications, and nearly five decades later his work has lost none of its bite.

Case Closed-Gerald Posner 2013-10-01 Pulitzer Prize Finalist: "By far the most lucid and compelling account . . . of what probably did happen in Dallas—and what almost certainly did not." —The New York Times Book Review The Kennedy assassination has reverberated for five decades, with tales of secret plots, multiple killers, and government cabals often overshadowing the event itself. As Gerald Posner writes, "Fifty years after the assassination, the biggest casualty has been the truth." In this first-ever digital edition of his classic work, updated with a special comment for the fiftieth anniversary, Posner lays to rest all of the convoluted conspiracy theories—concerning the mafia, a second shooter, and the CIA—that have obscured over the decades what really happened in Dealey Plaza on November 22, 1963. Drawing from official sources and dozens of interviews, and filled with powerful historical detail, Case Closed is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy.

JFK-Nick M. Nero 2014-08-01 Half a century after John F. Kennedy's assassination, his death remains among the most controversial events in American history. But it is not an isolated event. And it was carefully planned, and even rehearsed. A confidential story imparted by a cousin draws together disparate threads and weaves a coherent explanation. According to Frank Sturgis's family, the Bay of Pigs connects the roles of Frank Sturgis, E. Howard Hunt, the

CIA (namely Allen Dulles, Richard Bissell, Tracy Barnes, and General Cabell), George Herbert Walker Bush, Richard M. Nixon, the Joint Chiefs of Staff, the Mafia, and the FBI.

Cmc. the Italian Undercover CIA and Mossad Station and the Assassination of JFK-Michele Metta 2018-08-20 Fruit of more than a decade of scrupulous research, Michele Metta's investigation into the assassination of John Kennedy is based on new exclusive documents. His work is so valuable that he received public praise from the acclaimed director Oliver Stone, and from Jim DiEugenio, one of the world's leading experts on the death of JFK. Michele Metta is a historian and a journalist for the Italian newspaper *l'AntiDiplomatico*, where he has distinguished himself for being author of a large number of scoops.

The JFK Assassination-James DiEugenio 2018-05-01 In this updated and revised edition, James DiEugenio dissects the new Oscar-nominated film, *The Post*, and how it disingenuously represents the Pentagon Papers saga, to the detriment of the true heroes of the operation. The story of the film stems from the failed attempt of Academy Award-winning actor Tom Hanks and producer Gary Goetzman to make Vincent Bugliosi's mammoth book about the Kennedy assassination, *Reclaiming History*, into a miniseries. He exposes the questionable origins of *Reclaiming History* in a dubious mock trial for cable television, in which Bugliosi played the role of an attorney prosecuting Lee Harvey Oswald for murder, and how this formed the basis for the epic tome. *JFK: The Evidence Today* lists the myriad problems with Bugliosi's book and explores the cooperation of the mainstream press in concealing many facts during the publicity campaign for the book and how this lack of scrutiny led Hanks and Goetzman—cofounders of the production company Playtone—to purchase the film rights. DiEugenio then shows how the failed film adapted from that book, entitled *Parkland*, does not resemble Bugliosi's book and examines why. This book reveals the connections between Washington and Hollywood, as well as the CIA influence in the film community today. It includes an extended look at the little-known aspects of the lives and careers of Bugliosi, Hanks, and Goetzman. *JFK: The Evidence Today* sheds light on the Kennedy assassination, New Hollywood, and political influence on media in America.

Our Man in Haiti-Joan Mellen 2012-11-01 Delving into the complex and intertwined world of the CIA, Lee Harvey Oswald, and the assassination of President John F. Kennedy, this book takes on the angle of those who knew and associated with Kennedy's alleged assassin. Profiling George de Mohrenschildt, a petroleum geologist based in Dallas and Haiti, this examination explores the relationship between Oswald, the CIA, and de Mohrenschildt. This book also investigates the CIA's involvement in the Haitian government during the 1960s, and seeks to connect each entity to each other in the jigsaw puzzle that is the Kennedy assassination.

JFK - An American Coup: The Truth Behind the Kennedy Assassination-John Hughes-Wilson 2013-11-04 Ever since President John F Kennedy was gunned down in Dallas fifty years ago various theories have swirled around what was a key event in American - and world - history. JFK's death affected the Cold War, Vietnam, and the economic and social history of the United States. Whatever the conclusions of the US official Warren Report - that the President had been assassinated by a lone gunman, Lee Harvey Oswald - many people doubt that to be true. Indeed, President Nixon later admitted on tape that the report was 'a hoax committed on the American people.' John Hughes-Wilson, a former colonel in British Intelligence, set out in 2007 to go through the millions of words and thousands of pieces of evidence, to put together an intelligence jigsaw of what really happened that dreadful high noon in Dallas in 1963. The result is a dramatic exposure of what really happened and a clear indication that, while some of the pieces of that jigsaw may be missing, the truth is emerging. While the US Federal Archive still keeps a million documents relating to the case under lock and key, he has uncovered enough information available for us now to see the overall picture. It is beyond reasonable doubt that Jack Kennedy was the victim of a plot to remove the President of the United States. John Hughes-Wilson highlights the facts behind: The myth of 'Camelot' Jack Kennedy's insatiable sex life Why Marilyn Monroe had to be silenced How the President was blackmailed by J Edgar Hoover LBJ's corrupt and murderous secrets How the Kennedys secretly planned a coup in Cuba How a hero of the revolution wanted to work for the CIA Why Israel and the White House were openly at loggerheads M How the Mafia manipulated politicians and the CIA Rogue elements in the CIA How the assassination was covered up- and why What the KGB discovered Reading this book no-one can be in any doubt that JFK's life was not at the hands of a lone deranged gunman, but a deadly plot to remove a President who threatened vested interests at home and abroad.

The Hidden History of the JFK Assassination-Lamar Waldron 2013-11-14 Five decades after one of America's greatest tragedies, this compelling book pierces the veil of secrecy to document the small, tightly held conspiracy that killed President John F. Kennedy. It explains why he was murdered, and how it was done in a way that forced many records to remain secret for decades. The Hidden History of the JFK Assassination draws on exclusive interviews with more than two dozen associates of John and Robert Kennedy, in addition to former FBI, Secret Service, military intelligence, and Congressional personnel, who provided critical first-hand information. The book also details the FBI confessions of notorious Mafia godfathers Carlos Marcello and Santo Trafficante to reveal exactly who killed JFK. Using files and information that have never been published before, Lamar Waldron fully explains for the first time how Marcello and Trafficante committed — and got away with — the crime of the twentieth century.

Whitewash II-Harold Weisberg 2013-10-22 Weisberg's first volume in the Whitewash series dissected the Warren Report and its failure to confront evidence of conspiracy in the JFK assassination. In this sequel he shows how the agencies of the investigation—the FBI, the Secret Service, the Dallas police, and the lawyers who worked for the Commission—made this possible by often corrupting evidence and consistently avoiding pursuit of clear and critical evidence pointing to and defining a conspiracy. The author demonstrates that their failure was rooted not only in institutional inability but also in a deliberately twisted investigative structure. In the years since its original publication in 1974, the books in Weisberg's Whitewash series have become classics of assassination literature and have established the author as one of the premier investigators and researchers in his field. Decades later, the shocking revelations painstakingly detailed in his work have lost none of their impact, and the information uncovered beneath the government's whitewash is crucial to understanding the assassination of John F. Kennedy.

Reporting on the Kennedy Assassination-Willem L. Oltmans 2017-03-17 Dutch journalist William Oltmans recounts his decade-long investigation of the Kennedy assassination in a combination of personal memoir and factual reporting.

The Road to Dallas-David E Kaiser 2009-06-30 The assassination of President John F. Kennedy was an appalling and grisly conspiracy. In this unvarnished story, Kaiser shows that the events of November 22, 1963, cannot be understood without fully grasping the two larger stories of which they were a part: the U.S. government's campaign against organized crime, which began in the late 1950s and accelerated dramatically under Robert Kennedy; and the furtive quest of two administrations to eliminate Fidel Castro. This book brings to light the complete, frequently shocking, story of the JFK assassination and its aftermath.

Mafia Kingfish-John H. Davis 1989 Spans Carlos Marcello's criminal career from his Sicilian youth to his involvement in the New Orleans Mafia and reign over a criminal empire, and points to his culpability in President Kennedy's assassination

Crossfire-Jim Marrs 2013-10-22 What really happened in Dallas on November 22, 1963? Was the assassination of John F. Kennedy simply the work of a warped, solitary young man, or was something more nefarious afoot? Pulling together a wealth of evidence, including rare photos, documents, and interviews, veteran Texas journalist Jim Marrs reveals the truth about that fateful day. Thoroughly revised and updated with the latest findings about the assassination, *Crossfire* is the most comprehensive, convincing explanation of how, why, and by whom our thirty-fifth president was killed.

Crime of the Century-Michael L. Kurtz 1982

Dance of the Assassins-Herve Jubert 2006-10-03 In London, Jack the Ripper has claimed another victim. This time, however, "London" is a crime-free historical theme park.

A Rose by Many Other Names-Todd Elliott 2013-09-01 Shifting the focus away from the assassination of John F. Kennedy in Dealey Plaza in Dallas, Texas, to 48 hours prior in Eunice, Louisiana, this book explores the prediction made by Melba Marcades, aka Rose Cherami, that the president would be assassinated on Friday, November 22, 1963 in Dallas. Discounting clairvoyance, the book investigates the possibility that Rose had inside information about the assassination. However, Rose Cherami was not a credible witness: she was a prostitute, a one-time performer in Jack Ruby's Carousel Club, an admitted drug trafficker, a drug addict, and a car thief. But the author's research reveals glaring omissions in her FBI files, questionable admissions regarding her criminal history, and the dubious details of her untimely demise. This book sheds new light on a relatively unknown footnote of the JFK conspiracy theory.

A Lie Too Big to Fail-Lisa Pease 2018-12-18 In *A Lie Too Big to Fail*, longtime Kennedy researcher (of both JFK and RFK) Lisa Pease lays out, in meticulous detail, how witnesses with evidence of conspiracy were silenced by the Los Angeles Police Department; how evidence was deliberately altered and, in some instances, destroyed; and how the justice system and the media failed to present the truth of the case to the public. Pease reveals how the trial was essentially a sham, and how the prosecution did not dare to follow where the evidence led. *A Lie Too Big to Fail* asserts the idea that a government can never investigate itself in a crime of this magnitude. Was the convicted Sirhan Sirhan a willing participant? Or was he a mind-controlled assassin? It has fallen to independent researchers like Pease to lay out the evidence in a clear and concise manner, allowing readers to form their theories about this event. Pease places the history of this event in the context of the era and provides shocking overlaps between other high-profile murders and attempted murders of the time. Lisa Pease goes further than anyone else in proving who likely planned the assassination, who the assassination team members were, and why Kennedy was deemed such a threat that he had to be taken out before he became President of the United States.

Reclaiming History: The Assassination of President John F. Kennedy-Vincent Bugliosi 2007 An all-encompassing analysis of the assassination of JFK and its surrounding conspiracy theories draws on forensic evidence, key witness

testimonies, and other sources to explain what really happened and why conspiracy theories have become so popularized.

Case Open-Harold Weisberg 1994 No one knows more about the assassination of President Kennedy than Harold Weisberg, so said the FBI in open court. Harold Weisberg - a former OSS and Senate Investigatorwrote and published. Whitewash in 1965, the first book criticizing the conclusion of the Warren Commission. Since then, he has written and published seven books on President Kennedy's assassination. Case Open is a book Mr. Weisberg felt compelled to write. He felt a need and determination to set the record straight. In proving that Gerald Posner, in Case Closed, has proven nothing, Mr. Weisberg has proven that President Kennedy was killed by a conspiracy. In analyzing Case Closed, he demonstrates that Gerald Posner has distorted evidence, suppressed evidence, omitted evidence, developed no new evidence, omitted sources, misappropriated the research of others and misled the reader into believing that he had sponsored new scientific computer enhancements. At best, Gerald Posner has provided a case for the prosecution. Now it is time to present the case for Case Open. Let the American public decide who has presented the stronger case: Gerald Posner or Harold Weisberg.

Mary's Mosaic-Peter Janney 2013-10-01 An updated third edition of the true crime expose, with new evidence and never-before-seen government documents further corroborating the conspiracy to assassinate JFK's last true love and trusted ally. Who really murdered Mary Pinchot Meyer in the fall of 1964? Why was there a mad rush by CIA counterintelligence chief James Angleton to locate and confiscate her diary? Had Mary Meyer finally put together the intricate pieces of a bewildering, conspiratorial mosaic of information that revealed a plan to assassinate her lover, President Kennedy, with the trail ultimately ending at the doorstep of the Central Intelligence Agency? And was it mere coincidence that Mary Meyer was killed less than three weeks after the release of the Warren Commission Report? Drawing on years of painstaking research and interviews, much of it revealed here for the first time, author Peter Janney traces the most important events and influences in the life of Mary Pinchot Meyer--her first meeting with Jack Kennedy, her exploration of psychedelic drugs, and her support of her secret lover, the president of the United States, as he turned away from the Cold War toward the pursuit of world peace. Fifty years after President Kennedy's assassination - and Mary Meyer's - Mary's Mosaic deepens our understanding of why both took place. This third edition--the culmination of the author's two-year, grueling battle for documents from the U.S. Army and the National Personnel Records Center--has been updated with a final chapter on the mysterious man who may be the key to uncovering the truth behind Meyer's mysterious murder.

Carlos Marcello-Stefano Vaccara 2013-11-15 "Like getting a pebble out my shoe." New Orleans is the true birthplace of the Sicilian mafia in America. Carlos Marcello controlled organized crime in Louisiana and across the Southeast in the 1950s and '60s. He was untouchable until he met the Kennedy Brothers. Once Robert Kennedy became attorney general, Marcello was deported to Guatemala and swore to seek revenge. It became a duel to the death. Marcello found his "patsy," a former marine with a Russian wife. Lee Harvey Oswald was the perfect fall guy but he never pulled the trigger.
