100's of illustrations for easy recall and retention and make the book interesting. Loaded with tips and tricks that you can actually use. Every chapter ends with a Ninja Drill to refresh the most important concepts in that Chapter / Knowledge Area. The only book that gives access to "Real Exams" like simulator. Details of access inside the book. This would let you know your improvement areas as well. Author has over 19,000 certified candidates who trained under him / his company called PM-Pulse. The only set of books you would need to buy. They are complete in all respects (Minus the mindless Exams Passing strategies and schemes). What is the philosophy of this book / training? The book is based on 3 simple philosophy. One: if you understand the subject well you will be able to answer any question, no matter how complex, that's asked to you on that subject. It's much easier to understand the subject than to run around trying to understand different kinds of questions, schemes, strategies and jargons to clear PMP Exams. We have been using this methodology since 2006 with over 19,000 PMP certified professionals and our candidates not only pass the exams in first try they also become practically better in project management due to "Understanding" the subject. Two: if the subject is explained in an interesting manner and with a lot of real world examples people absorb it better and remember it the longest. Hence these series are filled with apt and real world examples for every single concept. And Three: people respond to illustrations and images better than just plain text. This book is filled with illustrations of concepts, tips and tricks and mind-maps that will make it easy for you to understand as well as help you create image-associations for speedy recalls and retention. Ok! So who is the author? Maneesh Vijaya, PMP Chief Consultant, Mentor, Coach and Trainer on Strategy, Portfolio, Program and Project Management with 25+yr Experience Founder of PM-Pulse, Global REP of PMI, USA Founder of "Read & Pass Notes" Founder of the exams simulation site a2zpm and PM audio sites "PM Dhvani".
