Civics-James Edwin Davis 2009-01-01

American Government-Frank Abbott Magruder 1917

Civics-James Edwin Davis 2005

Magruder's American Government-William A. McClenaghan 2000-09-01

American Government-Glen Krutz 2018-01-07 Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

Magruder's American Government-William A. McClenaghan 2004-01 Hailed as a stellar educational resource since 1917, Magruder's American Government teaches students the inner workings of the American political and legal system. Updated annually, Magruder's incorporates the most current and authoritative American government content to meet the changing needs of today's high school students and teachers. The text's clear, engaging narrative is enhanced with numerous primary sources, political cartoons, charts, graphs, and photos, to make the subject of government accessible and motivating to students of all abilities.

Voices of Freedom-Bill Bliss 1994 This popular content-based citizenship offers comprehensive preparation for the Immigration and Naturalization Service (INS) interview and Civics/ English exam. It also features exciting new activities to promote students' participation in the political process. -- Covers government and history curriculum in a very simple, easy-to-read format. -- Is specifically designed for students whose limited language skills prevent them from using standard citizenship materials. -- Covers all the information required by the INS, and introduces students to basic English grammar and vocabulary. - - Offers students critically important practice using functional interview skills. -- Includes numerous civic participation activities to help students become familiar with local government officials and services, civics simulations, and numerous topics for debate and discussion. -- Recognizes and respects the diversity of cultures, histories, and experiences that students bring to the classroom -- and to our nation.

U.S. History-P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Social Science- 1925

MAGRUDER' S 2007 AMERICAN GOVERNMENT-Pearson 2006-12-01 (High School) Hailed as a stellar educational resource for nearly a century, Magruder's American Government is updated annually to meet the changing needs of today's high school students and teachers. The program's engaging narrative is enhanced with numerous primary sources, political cartoons, charts, graphs, and photos, making the structure and principals of government accessible and motivating to students of all abilities.

What's Worth Learning?-Marion Brady 2011 What's Worth Learning? addresses the central question of general education. For learners facing a complex, unpredictable, and dangerous future, it asks and answers the question: What knowledge is absolutely essential for every learner? In simple, jargon-free language, the book explains why the "core curriculum" in near-universal use in America's classrooms was poor when it was adopted in 1893 and why it grows more dysfunctional with each passing year. It then shows how, without changes in staffing, budgets, or bureaucratic boundaries, knowledge can be organized to both radically improve learner intellectual performance and significantly decrease the cost of a general education. Recognizing the difficulty of translating a new idea into classroom instruction, an appendix offers a comprehensive, classroom-tested course of study suitable for adolescents and older students.

United States Government-Holt Mcdougal 2011-03 Presents relevant standards-based content that targets student interest to stimulate and encourage learning. Includes case studies, thought-provoking questions, and simulations, and develops 21st century skills in students so that they can apply what they learn and participate as effective and responsible citizens.

The Basics of American Government-Carl D. Cavalli 2013-08-06 The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

United States Civics 2018-

Stealth Democracy-John R. Hibbing 2002-08-29 Americans often complain about the operation of their government, but scholars have never developed a complete picture of people's preferred type of government. In this provocative and timely book, Hibbing and Theiss-Morse, employing an original national survey and focus groups, report the governmental procedures Americans desire. Contrary to the prevailing view that people want greater involvement in politics, most citizens do not care about most policies and therefore are content to turn over decision-making authority to someone else. People's wish for the political system is that decision makers be empathetic and, especially, non-self-interested, not that they be responsive and accountable to the people's largely nonexistent policy preferences or, even worse, that the people be obligated to participate directly in decision making. Hibbing and Theiss-Morse conclude by cautioning communitarians, direct democrats, social capitalists, deliberation theorists, and all those who think that greater citizen involvement is the solution to society's problems.

Side by Side Plus-Steven J. Molinsky 2008 Accompanying CD-ROMs include: radio program-style recordings of Gazette activities.

America: History of Our Nation: Beginnings Through 1877-James West Davidson 2012-04

Civics and Economics-James E. Davis 2003-08-01

Taking Religion Seriously Across the Curriculum-Warren A. Nord 1998 The authors chart a middle course in our war over religion and public education, one that builds on a developing national consensus among educational and religious leaders. While it is not proper for schools to practice religion or proselytize, neither is it permissible to make them religion-free zones. Schools do not take religion seriously, as the authors' review of textbooks and the new national content standards makes clear. In Part One, they outline the civic, constitutional, and educational frameworks that should shape the treatment of religion in the curriculum and classroom. In Part Two, they explore major issues relating to religion in different domains of the curriculum in elementary education and in middle and high school courses in history, civics, economics, literature, and the sciences. They also discuss Bible courses and world religions courses and explore the relationship of religion to moral education and sex education. Note: This product listing is for the Adobe Acrobat (PDF) version of the book.

American Government-James Q. Wilson 1998

Civics and Economics-Prentice Hall (School Division)

America: Pathways to the Present-Andrew Cayton

The Cumulative Book Index- 1928 A world list of books in the English language.

Mapping Crime-Keith D. Harries 1999 This guide introduces the science of crime mapping to police officers, crime analysts, & other people interested in visualizing crime data through the medium of maps. The guide is made up of examples with the words draped around them. Crime analysts & researchers from across the U.S. & from Canada & the United Kingdom have contributed. The guide takes a broad approach addressing the kinds of questions crime mapping can answer & how, in general terms, it can answer them. Presumably most readers will be working in law enforcement agencies. The material is designed primarily for those who know little or nothing about mapping crime & who are motivated to learn more. Color maps.
