Szycher's Practical Handbook of Entrepreneurship and Innovation-Michael Szycher 2018-09-04 This practical and comprehensive handbook offers step-by-step instruction, guiding entrepreneurs of innovative technology startups all the way from idea to profitability. With its easy-to-follow format aimed at both experienced as well as novice entrepreneurs, this book covers all technical, financial, legal, and governmental hurdles facing startups. It discusses common causes of business failure and points out the pitfalls to avoid in getting innovative technology successfully to market.

International Business Law and Its Environment-Richard Schaffer 2017-10-18 Today, no business is purely domestic. Even the smallest local firms are affected by global competition and world events. INTERNATIONAL BUSINESS LAW AND ITS ENVIRONMENT, 10E provides complete, inviting coverage of the legal implications and ramifications of doing business internationally. Readers examine the cultural, political, economic, and ethical issues that today's global business managers face. With a focus on trade, the licensing of intellectual property, and foreign direct investment, this edition examines the three major forms of doing business in a foreign country. Real examples, precedent-setting cases, managerial implications, and ethical considerations further emphasize key principles. From the legal relationship between parties in an international business transaction to managing risk to the special challenges of conducting business in emerging economies, readers review the most common practices and critical issues in global business law. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The PlayBook-Mike Bellafiore 2013-07-12 Want to become a truly great trader - either for yourself or for a proprietary trading firm? This book will help you get there. This unique approach is the closest thing to signing up for a "trader boot camp" yourself! You'll learn by watching new traders walk through actual trades, explain what they've tried to do, and try to survive brutally tough expert critiques. One trade at a time, The Playbook reveals how professional traders must think in order to succeed "under fire," how they assess their own performance, and how they work relentlessly to improve. Using concrete, actionable setups drawn from his extensive trading and training experience, Bellafiore walks through an extraordinary array of trades, showing readers how to maximize profits and avoid disastrous hidden pitfalls. He covers support plays, bull-and-bear flags, opening drives, important intraday levels, bounce and fade trades, pullbacks, scalps, technical opportunities, consolidation, relative strength, market trades, and more. He also presents indispensable insights on psychology and trader development, based on his work with hundreds of traders on a major commodity exchange and an elite prop firm's trading desk. Packed with color, personality, and realism, this is an exciting guide to real-world trading.

WiMAX Monthly Newsletter September 2010-

The Only Plane in the Sky-Garrett M. Graff 2019-09-10 NEW YORK TIMES BESTSELLER "This is history at its most immediate and moving...A marvelous and memorable book." —Jon Meacham "Remarkable...A priceless civic gift...On page after page, a reader will encounter words that startle, or make him angry, or heartbroken." —The Wall Street Journal "Visceral...I repeatedly cried...This book captures the emotions and unspooling horror of the day." —NPR "Had me turning each page with my heart in my throat...There's been a lot written about 9/11, but nothing like this. I urge you to read it." —Katie Couric The first comprehensive oral history of September 11, 2001—a panoramic narrative woven from the voices of Americans on the front lines of an unprecedented national trauma. Over the past eighteen years, monumental literature has been published about 9/11, from Lawrence Wright's The Looming Tower, which traced the rise of al-Qaeda, to The 9/11 Commission Report, the government's definitive factual retrospective of the attacks. But one perspective has been missing up to this point—a 360-degree account of the day told through the voices of the people who experienced it. Now, in The Only Plane in the Sky, award-winning journalist and bestselling historian Garrett Graff tells the story of the day as it was lived—in the words of those who lived it. Drawing on never-before-published transcripts, recently declassified documents, original interviews, and oral histories from nearly five hundred government officials, first responders, witnesses, survivors, friends, and family members, Graff paints the most vivid and human portrait of the September 11 attacks yet. Beginning in the predawn hours of airports in the Northeast, we meet the ticket agents who unknowingly usher terrorists onto their flights, and the flight attendants inside the hijacked planes. In New York City, first responders confront a scene of unimaginable horror at the Twin Towers. From a secret bunker underneath the White House, officials watch for incoming planes on radar. Aboard the small number of unarmed fighter jets in the air, pilots make a pact to fly into a hijacked airliner if necessary to bring it down. In the skies above Pennsylvania, civilians aboard United Flight 93 make the ultimate sacrifice in their place. Then, as the day moves forward and flights are grounded nationwide, Air Force One circles the country alone, its passengers isolated and afraid. More than simply a collection of eyewitness testimonies, The Only Plane in the Sky is the historic narrative of how ordinary people grappled with extraordinary events in real time: the father and son working in the North Tower, caught on different ends of the impact zone; the firefighter searching for his wife who works at the World Trade Center; the operator of in-flight telephone calls who promises to share a passenger's last words with his family; the beloved FDNY chaplain who bravely performs last rites for the dying, losing his own life when the Towers collapse; and the generals at the Pentagon who break down and weep when they are barred from rushing into the burning building to try to rescue their colleagues. At once a powerful tribute to the courage of everyday Americans and an essential addition to the literature of 9/11, The Only Plane in the Sky weaves together the unforgettable personal experiences of the men and women who found themselves caught at the center of an unprecedented human drama. The result is a unique, profound, and searing exploration of humanity on a day that changed the course of history, and all of our lives.

Ultimate Eye Twisters-Gianni A. Sarcone 2019-01-10 Enter a fascinating world where the impossible becomes real, and art and science combine. This visual feast for children is filled with paradoxes: double images; artfully camouflaged animals; shape and line puzzles that confuse our perception; patterns that look as if they're moving; and psychedelic twisters. Simple explanations reveal the science behind the trick, so kids can understand why every design works the way it does.

Pretty Girls in the VIP-Daimah S. Poole 2014-01-28 Adrienne, Shanice and Zakiay are determined to ride their rich men's successes to the very top. Original.

The Ethics Police?-Robert Klitzman 2015 Research on human beings saves countless lives, but has at times harmed the participants. To what degree then should government regulate science, and how? The horrors of Nazi concentration camp experiments and the egregious Tuskegee syphilis study led the US government, in 1974, to establish Research Ethics Committees, known as Institutional Review Boards (IRBs) to oversee research on humans. The US now has over 4,000 IRBs, which examine yearly tens of billions of dollars of research—all studies on people involving diseases, from cancer to autism, and behavior. Yet ethical violations persist. At the same time, critics have increasingly attacked these committees for delaying or blocking important studies. Partly, science is changing, and the current system has not kept up. Since the regulations were first conceived 40 years ago, research has burgeoned 30-fold. Studies often now include not a single university, but multiple institutions, and 40 separate IRBs thus need to approve a single project. One committee might approve a study quickly, while others require major changes, altering the scientific design, and making the comparison of data between sites difficult. Crucial dilemmas thus emerge of whether the current system should be changed, and if so, how. Yet we must first understand the status quo to know how to improve it. Unfortunately, these committees operate behind closed doors, and have received relatively little in-depth investigation. Robert Klitzman thus interviewed 45 IRB leaders and members about how they make decisions. What he heard consistently surprised him. This book reveals what Klitzman learned, providing rare glimpses into the conflicts and complexities these individuals face, defining science, assessing possible future risks and benefits of studies, and deciding how much to trust researchers – illuminating, more broadly, how we view and interpret ethics in our lives today, and perceive and use power. These committees reflect many of the most vital tensions of our time - concerning science and human values, individual freedom, government control, and industry greed. Ultimately, as patients, scientists, or subjects, the decisions of these men and women affect us all.

The Ultimate Hang-Derek Hansen 2011-10-27 Hammock camping—one of the most comfortable ways to enjoy a long-distance thru-hike, a weekend backpacking trip, or just an overnight in the woods. With more than 200 illustrations to guide you, this book helps you get off the ground to discover the freedom, comfort, and convenience of hammock camping. Learn how to set up and use a hammock to stay dry, warm, and bug free in a Leave No Trace-friendly way. This book covers hammock camping basics such as how to get a perfect hang and how to stay dry, warm, and bug free. Plus, it illustrates techniques and tips to get the most out of a hammock shelter, whether you have purchased an all-in-one kit or you've assembled your own customized system.

The Oxford English Dictionary-John Andrew Simpson 2008

Stellar Vegan Salads-Sharon Discorfanò 2013-11-15 Salads... boring? Not when it comes to the creations in a new book by Sharon Discorfanò, author of Letters to Pushkin and voice of the popular Cruelty-Free Faves site. Stellar Vegan Salads is bound to excite readers with combinations that are both easy to recreate and simply delicious, with pictures that will entice even the most skeptical eater.

The Bomb-Fred Kaplan 2021-02-02 From the author of the classic The Wizards of Armageddon and Pulitzer Prize finalist comes the definitive history of American policy on nuclear war—and Presidents' actions in nuclear crises—from Truman to Trump. Fred Kaplan, hailed by The New York Times as “a rare combination of defense intellectual and pugacious reporter,” takes us into the White House Situation Room, the Joint Chiefs of Staff’s “Tank” in the Pentagon, and the vast chambers of Strategic Command to bring us the untold stories—based on exclusive interviews and previously classified documents—of how America’s presidents and generals have thought about, threatened, broached, and just barely avoided nuclear war from the dawn of the atomic age until today. Kaplan’s historical research and deep reporting will stand as the permanent record of politics. Discussing theories that have dominated nightmare scenarios from Hiroshima and Nagasaki, Kaplan presents the unthinkable in terms of mass destruction and demonstrates how the nuclear war reality will not go away, regardless of the dire consequences.

Adventure: The Atari 2600 at the Dawn of Console Gaming-Jamie Lendino 2018-06-04 The sprawl of Adventure. The addictiveness of Breakout. The intensity of Space Invaders. Once upon a time, you could only experience this kind of excitement at the arcade. But in 1977 that changed forever. You, and maybe a friend or a sibling, could instantly teleport from your own living room to a dazzling new world—with nothing more than a small plastic cartridge. This was the promise of the Atari 2600—and it was delivered in ways no one ever expected. No, the games it put on your TV weren't the way you saw when you plunked in your quarters at the convenience store or in the noisy, smoky business on the other side of town. But they brought the arcade home—and it hasn't left since. With Adventure: The Atari 2600 at the Dawn of Console Gaming, Jamie Lendino takes you to the front lines of the home gaming revolution, exploring the history of the world-changing console and delves into the coin-op ports and original titles that still influence gaming today. Before your next trip to a magical universe with your Xbox One, PlayStation 4, or Nintendo Switch, see how the home gaming industry truly began.

NFC For Dummies-Robert R. Sabella 2016-04-11 Your no-nonsense guide to Near Field Communication Are you a newcomer to Near Field Communication and baffled by the scant documentation and online support available for this powerful new technology? You've come to the right place! Written in a friendly and easily accessible manner, NFC For Dummies takes the intimidation out of working with the features of NFC-enabled devices and tells you exactly what it is and what it does—and doesn't do. NFC is revolutionizing the way people interact on a daily basis. It enables big data and cloud-based computing through mobile devices and can be used by anyone with a smartphone or tablet every day! Soon to be as commonplace as using Wi-Fi or the camera on your smartphone, NFC is going to forever change the way we interact with people and the things around us. It simplifies the sending and receiving of information, makes monetary transactions simple and secure! Apple Pay already uses NFC and is a low-cost product to manufacture and use. As more developers create apps with NFC, you're going to see it used regularly/everywhere from cash registers to your social media accounts to electronic identity systems. Don't get left behind; get up to speed on NFC today! Provides a plain-English overview of NFC Covers the history and technology behind NFC Helps you make sense of IoT and powered chips Explains proximity technologies and non-payment applications Whether you're a developer, investor, or a mobile phone user who is excited about the capabilities of this rapidly growing technology, NFC For Dummies is the reference you'll want to keep close at hand!

The Muse-Jessie Burton 2016-07-26 From the #1 internationally bestselling author of The Miniaturist comes a captivating and brilliantly realized story of two young women—a Caribbean immigrant in 1960s London, and a bohemian woman in 1930s Spain—and the powerful mystery that ties them together. England, 1967. Odelle Bastien is a Caribbean émigré trying to make her way in London. When she starts working at the prestigious Skelton Institute of Art, she discovers a painting rumored to be the work of Isaac Robles, a young artist of immense talent and whose mysterious death has confounded the art world for decades. The excitement over the painting is matched by the intrigue around the conflicting stories of its discovery. Drawn into a complex web of secrets and deceptions, Odelle does not know what to believe or who she can trust, including her mesmerizing colleague, Marjorie Quick. Spain, 1936. Olive Schloss, the daughter of a Viennese Jewish art dealer and an English heiress, follows her parents to Arzuéolo, a poor, restless village on the southern coast. She grows close to Teresa, a young housekeeper, and Teresa's half-brother, Isaac Robles, an idealistic and ambitious painter newly returned from the Barcelona salons. A diettante buoyed by the revolutionary fervor that will soon erupt into civil war, Isaac dreams of being a painter as famous as his countryman Picasso. Raised in poverty, these illegitimate children of the local landowner learn of exploiting the wealthy Anglo-Austrians. Insinuating themselves into the Schloss family's lives, Teresa and Isaac help Olive conceal her artistic talents with devastating consequences that will echo into the decades to come. Rendered in exquisite detail, The Muse is a passionate and enthralling tale of desire, ambition, and the ways in which the tides of history inevitably shape and define our lives.

On an Irish Island-Robert Kanigel 2013 Presents a tribute to Ireland's Great Blasket Island and the people it has influenced, examining how its seaside culture was nearly untouched by time throughout the first half of the twentieth century.

Mythographic Color & Discover: Paradise-Fabiana Attanasio 2020-08-04 Intricate and imaginative worlds to color!The Mythographic series is back with an amazing new collection of highly detailed illustrations to color, complete with hidden objects to find throughout. This volume showcases paradise in all its varied incarnations, from lush tropical landscapes to mystical heavens

Rethinking Patent Law-Robin Feldman 2012-06-19 Scientific and technological innovations are forcing the inadequacies of patent law into the spotlight. Robin Feldman explains why patents are causing so much trouble. She urges lawmakers to focus on crafting rules that anticipate future bargaining, not on the impossible task of assigning precise boundaries to rights when an invention is new.

Welcome to Paradise, Now Go to Hell-Chas Smith 2013-11-19 A finalist for the PEN Center USA Award for Nonfiction Welcome to Paradise, Now Go to Hell, is surfer and former war reporter Chas Smith's wild and unflinching look at the high-stakes world of surfing on Oahu's North Shore—a riveting, often humorous, account of beauty, greed, danger, and crime. For two months every winter, when Pacific storms make landfall, swarms of mainlanders, Brazilians, Australians, and Europeans flock to Oahu's paradisaical North Shore in pursuit of some of the greatest waves on earth for surfing's Triple Crown competition. Chas Smith reveals how this influx transforms a sleepy, laid-back strip of coast into a lawless, violent, drug-added, and adrenaline-soaked mecca. Smith captures this exciting and dangerous place where locals, outsiders, the surf industry, and criminal elements clash in a fascinating look at class, race, power, money, and crime, set within one of the most beautiful places on earth. The result is a breathtaking blend of crime and adventure that captures the allure and wickedness of this idyllic golden world.

The Human Swarm-Mark W. Moffett 2019-04-16 The epic story and ultimate big history of how human society evolved from intimate chimp communities into the sprawling civilizations of a world-dominated species If a chimpanzee ventures into the territory of a different group, it will almost certainly be killed. But a New Yorker can fly to Los Angeles—or Borneo—with very little fear. Psychologists have done little to explain this: for years, they have held that our biology puts a hard upper limit—about 150 people—on the size of our social groups. But human societies are in fact vastly larger. How do we manage—and manage to—get along with each other? In this paradigm-shattering book, biologist Mark W. Moffett draws on findings in psychology, sociology and anthropology to explain the social adaptations that bind societies. He explores how the tension between identity and anonymity defines how societies develop, function, and fail. Surpassing Guns, Germs, and Steel and Sapiens, The Human Swarm reveals how mankind created sprawling civilizations of unrivaled complexity—and what it will take to sustain them.

The Lawgiver-Herman Wouk 2012-11-13 96-year-old author of Pulitzer Prize-winning The Caine Mutiny—ans an ingeniously witty novel about the life of Moses For more than 50 years, Herman Wouk has dreamed of writing a novel about the life of Moses Finally, at the age of 96, he has found an ingeniously witty way to tell the tale of The Lawgiver, a romantic and suspenseful epistolary novel about a group of people trying to make a movie about Moses in the present day. At its centre is Margo Solovei, a brilliant young writer-director who has rejected her father's strict Jewish upbringing to pursue a career in the arts. When an Australian multi-billionaire promises to finance a movie about Moses, Margo does everything she can to land the job, including a reunion with her estranged first love, an influential lawyer with whom she has unfinished business. * Visit Herman Wouk's website at www.hermanwouk.net "Endearing and light-hearted" Michael Prodger, FT

The Areas of My Expertise-John Hodgman 2012-10-02 In the great tradition of the American almanac, The Areas of My Expertise is a brilliant and hilarious compendium of handy reference tables, fascinating trivia, and sage wisdom on all topics large and small. Although bestsellers such as Poor Richard's Almanack and The Book of Lists were certainly valuable, they also were largely true. Here is a different kind of handy desk reference, one in which all of the historical oddities and amazing true facts are sifted through the singular, illuminating imagination of John Hodgman—which is the nice way of saying: He made it all up. John Hodgman brings his considerable expertise to bear in answering all of the questions book buyers have been asking: -What are the mottoes of the 51 United States? THE ANSWER IS PROVIDED -Who were the U.S. presidents who had hooks for hands? THE ANSWER IS PROVIDED -What role does the Yale secret society "Skull and Bones" play in the secret world government? THERE IS NO SECRET WORLD GOVERNMENT -What was the menu at the first Thanksgiving, and did it include eels? Technically, that is two questions, but do not apologize, for John Hodgman shall answer them both . . . LATER. -Aside from a compendium of fake trivia, what is the best kind of book to write? A SIMPLE TABLE OF THE 55 MOST DRAMATIC LITERARY SITUATIONS PROVIDES THE ANSWER, and John Hodgman is the author of that table. Imagine if The Book of Lists had been rewritten by Peter Cook and Jorge Luis Borges under the pseudonym of "John Hodgman" and then renamed The Areas of My Expertise, and you will only begin to have a sense of the dizzying, uproarious, sublimely weird, and strangely wise journey that is contained within this book (along with all the pages and words). Perfect for anyone who thirsts for knowledge, and especially for collectors of books of fake trivia, The Areas of My Expertise offers through absurdity a better understanding of the world we share—and recognizes that while the truth may be stranger than fiction, it is never as strange as lies . . . or as true. Look out for John Hodgman's latest book, Vacationland, available from Viking in Fall 2017.

Hustle (Men of Inked: Southside #4)-Chelle Bliss Vinnie Gialo's the hottest rookie in professional football. He's a smooth-talker, good with his hands, and knows how to score. Bianca Hernandez thinks she's immune to Vinnie's charms. She's not impressed by the glitz, glamour, or fame, but after a six month self-imposed break from men, she feels her resistance slipping. Nothing will stop Vinnie from trying to get the girl—not a crazy stalker, Bianca's two older brothers, or the fear he's falling in love. Hustle is the fourth book in the interconnected gangland Men of Inked: Southside series by USA Today & Wall Street Journal bestselling author Chelle Bliss. Book 1 - Maneuver Book 2 - Flow Book 3 - Hook Book 4 - Hustle Book 5 - Love Topics: romance writer, football romance, sports romance, new release romance, family saga romance, romantic suspense, contemporary romance, romance series, family romance series, men of inked, new release, men of inked: southside, usa today bestselling series, chicago romance, galle romance, sexy romance, hot romance, sensual romance, steamy romance, hot romance series, friends to lovers romance Hustle is perfect for the fans of: Melanie Harlow, Corinne Michaels, Meghan March, Lauren Blakely, Julia Kent, Elle Kennedy, Tijan, CD Reiss, Kendall Ryan, Vi Keeland, Penelope Ward, Jana Aston, K Bromberg, Katy Evans, Jessica Hawkins, Kristen Proby, Penny Reid, Helena Hunting, Sally Thorne, Kristen Ashley, Helen Hoang, Kylie Scott, Christina Lauren, Jana Aston, Sawyer Bennett, Lexi Ryan, Karina Halle, Skye Warren, Kennedy Ryan, Jodi Ellen Mapas, Zoe York, Kristan Higgins, Jill Shalvis, Colleen Hoover, Sara Ney, Toni Aleo, Cambria Herbert, Sierra Simone, Tammara Webber, Colleen Hoover, Meredith Wild, Audrey Carlan, Skye Warren, Kennedy Fox and Sarina Bowen

The Future of Making-Tom Wujec 2017-04-25 Prepare yourself: How things are made is changing. The digital and physical are uniting, from innovative methods to sense and understand our world to machines that learn and design in ways no human ever could; from 3D printing to materials with properties that literally stretch possibility; from objects that evolve to systems that police themselves. The results will radically change our world—and ourselves. The Future of Making illustrates these transformations, showcasing stories and images of people and ideas at the forefront of this radical wave of innovation. Designers, architects, builders, thought leaders—creators of all kinds—have contributed to this look at the materials, connections, and inventions that will define tomorrow. But this book doesn't just catalog the future; it lays down guidelines to follow, new rules for how things are created, that make it the ultimate handbook for anyone who wants to embrace the true future of making.

Night in The Gardens-JH Low 2016-08-15 Mei tossed and turned. She could not sleep; the night was too dark. Then she heard a gentle whisper. It was Adventurous Andy! Together, on the back of a giant kingfisher, they explore the mesmerising scenes of the Gardens by the Bay at night. As she takes in the beauty of the lights, Mei realises that the night isn't so dark and frightening after all!

The Insider Threat-Brad Taylor 2015-06-30 In the eighth action-packed thriller in the New York Times bestselling Pike Logan series, ISIS, the most maniacal terrorist organization the modern world has ever seen, is poised to make their most audacious strike yet. The United States has anticipated and averted countless attacks from terrorist groups—thanks in large part to the extralegal counterterrorist unit known as the Taskforce. But now, a much more insidious evil is about to shatter the false sense of safety surrounding civilized nations. While world powers combat ISIS on the battlefield, a different threat is set in motion by the group—one that can't be defeated by the airstrike. Off the radar ever since Western intelligence organization, able to penetrate America or any European state, they intend to commit an act of unimaginable barbarity. Only Pike Logan and the Taskforce stand in the way of an attack no one anticipates, a grand deception that will wreak unthinkable chaos and reverberate throughout the Western world.

The Rumor-Lesley Kara 2019-06-18 "Keeps you guessing until the final page."—Paula Hawkins, author of The Girl on the Train "A rollercoaster ride to the very last sentence."—Fiona Barton, author of The Widow "Everyone will be talking about The Rumor."—Shari Lapena, author of The Couple Next Door When a single mother hears a shocking rumor outside her son's school, she never intends to pass it on. But one casual comment leads to another. . . and now there's no going back. Rumor has it that a notorious killer, who committed a brutal crime as a child, has been living a new life under an assumed identity in Joanna's seaside town. So who is the criminal hidden in their midst? Suspicion falls on everyone. As Joanna becomes obsessed with the case, her curiosity will expose her son and his father to the supposedly reformed murderer—who may be ready to kill again. She will learn how dangerous one rumor can become. . . and just how far she must go to protect those she loves. She is going to regret the day she ever said a word. Praise for The Rumor "A brilliant premise with a killer twist. The Rumor depicts the prejudices and secrets that simmer in a small seaside town to devastating effect."—Colette McBeth, author of An Act of Silence "This mystery has an unusual and resonant theme—how a single rumor can morph into a completely unmanageable, deadly force. . . [There's] psychological acuity throughout and [an] astonishing ending."—Booklist The Precious One-Marisa de los Santos 2015-03-24 From the New York Times bestselling author of Belong to Me, Love Walked In, and Falling Together comes a captivating novel about friendship, family, second chances, and the redemptive power of love. In all her life, Eustacia "Taisy" Cleary has given her heart to only three men: her first love, Ben Ransom; her twin brother, Marcus; and Wilson Cleary—professor, inventor, philanderer, self-made millionaire, brilliant man, breathtaking jerk: her father. Seventeen years ago, Wilson ditched his first family for Caroline, a beautiful young sculptor. In all that time, Taisy's family has seen Wilson, Caroline, and their daughter, Willow, only once. Why, then, is Wilson calling Taisy now, inviting her for an extended visit, encouraging her to meet her pretty sister—a teenager who views her with jealousy, mistrust, and grudging admiration? Why, now, does Wilson want Taisy to help him write his memoir? Told in alternating voices—Taisy's strong, unsparring observations and Willow's naive, heartbreakingly earnest yearnings—The Precious One is an unforgettable novel of family secrets, lost love, and dangerous obsession, a captivating tale with the deep characterization, piercing emotional resonance, and heartfelt insight that are the hallmarks of Marisa de los Santos's beloved works.

Uzumaki (3-in-1 Deluxe Edition)-Junji Ito 2018-10-16 Kurouzu-cho, a small fogbound town on the coast of Japan, is cursed. According to Shuichi Saito, the withdrawn boyfriend of teenager Kirie Goshima, their town is haunted not by a person or being but a pattern: UZUMAKI, the spiral—the hypnotic secret shape of the world. The bizarre masterpiece horror manga is now available all in a single volume. Fall into a whirlpool of terror! -- VIZ Media

Pavilion of Women-Pearl S. Buck 2012-08-21 A "vivid and extremely interesting" novel of an upper-class Chinese wife's quest for freedom, from the Nobel Prize-winning author of The Good Earth (The New Yorker). At forty, Madame Wu is beautiful and much respected as the wife of one of China's oldest upper-class houses. Her birthday wish is to find a young concubine for her husband and to move to separate quarters, starting a new chapter of her life. When her wish is granted, she finds herself at leisure, no longer consumed by running a sixty-person household. Now she's free to read books previously forbidden her, to learn English, and to discover her own mind. The family in the compound are shocked at the results, especially when she begins learning from a progressive, excommunicated Catholic priest. In its depiction of life in the compound, Pavilion of Women includes some of Buck's most enchanting writing about the seasons, daily rhythms, and customs of women in China. It is a delightful parable about the sexes, and of the profound and transformative effects of free thought. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.

Mastering Jakarta Struts-James Goodwill 2002-11-15 Jakarta Struts Project provides an open source framework forcreating Web applications that leverage both the Java Servlets andJavaServer Pages technologies. Struts has received developersupport and is quickly becoming a dominant actor in the open sourcecommunity. Don't Unplug-Chris Dancy 2018-09-18 Chris Dancy, the world's most connected person, inspires readers with practical advice to live a happier and healthier life using technology In 2002, Chris Dancy was overweight, unemployed, and addicted to technology. He chain-smoked cigarettes, popped pills, and was angry and depressed. But when he discovered that his mother kept a record of almost every detail of his childhood, an idea began to form. Could knowing the status of every aspect of his body and how his lifestyle affected his health help him learn to take care of himself? By harnessing the story of his life, could he learn to harness his own bad habits? With a little tech know-how combined with a healthy dose of reality, every app, sensor, and data point in Dancy's life was turned upside down and examined. Now he's sharing what he knows. That knowledge includes the fact that changing the color of his credit card helps him to use it less often, and that nostalgia is a trigger for gratitude for him. A modern-day story of rebirth and redemption, Chris' wisdom and insight will show readers how to improve their lives by paying attention to the relationship between how we move, what we eat, and how we spend time with, and how it all makes us feel. But Chris has done all the hard work: Don't Unplug shows us how we too can transform our lives.

The World Atlas of Street Photography-Jackie Higgins 2014-01-01 Collects street photographs from noted photographers of cities around the world, from New York and Sao Paulo to Paris and Sydney

A whimsical collection of stylishly photographed dog portraits, it affectionately embraces the quirky spirit of the primped pooch. Including humorous quotations, this book is sure to delight and inspire dog lovers of every age!

The Tokaido Road-Lucia St. Clair Robson 2005-11-29 After the execution of her father, the young and beautiful Lady Asano is in grave danger from the powerful Lord Kira. In order to save herself Asano must find Oishi, the leader of the fighting men of her clan. She believes he is three hundred miles to the southwest in the imperial city of Kyoto. Disguising her loveliness in the humble garments of a traveling prioist, and calling herself Cat, Lady Asano travels the fabled Tokaido Road. Her only tools are her quick wits, her samurai training, and her deadly, six foot-long naginata. And she will need them all, for a ronin has been hired to pursue her, a mysterious man who will play a role in Cat's drama that neither could have ever imagined. . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Yayoi Kusama: Give Me Love-Yayoi Kusama 2016-03-22 Yayoi Kusama: Give Me Love documents the artist's most recent exhibition at David Zwirner, New York, which marked the US debut of The Obliteration Room, an all-white, domestic interior that viewers are invited to cover with dot stickers of various sizes and colors. Widely recognized as one of the most popular artists in the world, Yayoi Kusama has shaped her own narrative of postwar and contemporary art. Minimalism and Pop art, abstraction and conceptualism coincide in her practice, which spans painting, sculpture, performance, room-sized and outdoor installation, the written word, films, fashion, design, and architectural interventions. Born in 1929 in Matsumoto, Japan, Yayoi Kusama briefly studied painting in Kyoto before moving to New York City in the late 1950s. In the mid-1960s, she established herself in New York as an important avant-garde artist by staging groundbreaking happenings, events, and exhibitions. Now in her late 80s, Kusama is entering one of the richest creative periods of her life. Immersed in her studio six days a week, Kusama has spoken of her renewed dedication to creating art over the past years: “[N]ew ideas come jumping up every day....Now I am more keenly aware of the time that remains and more in awe of the vast scope of art.” Taking The Obliteration Room as its centerpiece, this catalogue reveals, in vivid large-scale plates, the transformations of the space from a clean white interior to a stunningly saturated room, with ceilings, walls, and furniture covered in myriad multicolored stickers put there by viewers over the course of the exhibition. The catalogue also includes beautiful reproductions of Kusama's new large-format paintings from My Eternal Soul series. Ranging from bright and densely pixelated forms, to amber figures with darker blues and muted reds, these paintings demonstrate the artist's striking command of color, and her exceptional control over balance and contrast. Bold brushstrokes hover between figuration and abstraction; vibrant, animated, and intense, these paintings introduce their own powerful pictorial logic, at once contemporary and universal. The catalogue continues with a selection of new, large Pumpkin sculptures, a form that Kusama has been exploring since her studies in Japan in the 1950s, and which gained prominence in the 1980s, continuing to remain an essential part of her practice.

Made of shiny stainless steel and featuring painted dots or dot-shaped perforations that recall The Obliteration Room, these immersive works seem created on human scale, with the tallest measuring 70 inches (178 cm). Vibrant plates capture how color, shape, size, and surface merge in these sculptures and mesmerize the viewer. Texts include a "Hymn to Yayoi Kusama" by art critic and poet Akira Tatehata and a poem by the artist herself.

Weapons Without a L. Del Monte 2018-11-06 A technology expert describes the ever-increasing role of artificial intelligence in weapons development, the ethical dilemmas these weapons pose, and the potential threat to humanity. Artificial intelligence is playing an ever-increasing role in military weapon systems. Going beyond the bomb-carrying drones used in the Afghan war, the Pentagon is now in a race with China and Russia to develop "lethal autonomous weapon systems" (LAWS). In this eye-opening overview, a physicist, technology expert, and former Honeywell executive examines the advantages and the potential threats to humanity resulting from the deployment of completely autonomous weapon systems. Stressing the likelihood that these weapons will be available in the coming decades, the author raises key questions about how the world will be impacted. Though using robotic systems might lessen military casualties in a conflict, one major concern is: Should we allow machines to make life-and-death decisions in battle? Other areas of concern include the following: Who would be accountable for the actions of completely autonomous weapons—the programmer, the machine itself, or the country that deploys LAWS? When warfare becomes just a matter of technology, will war become more probable, edging humanity closer to annihilation? What if AI technology reaches a "singularity level" so that our weapons are controlled by an intelligence exceeding human intelligence? Using vivid scenarios that immerse the reader in the ethical dilemmas and existential threats posed by lethal autonomous weapon systems, the book reveals that the dystopian visions of such movies as The Terminator and I, Robot may become a frightening reality in the near future. The author concludes with concrete recommendations, founded in historical precedent, to control this new arms race.

Dante's Fire-Jennifer Probst 2014-07-20 From NY Times Bestselling Author Jennifer Probst It's Time To Meet A New Kind Of Hero... Dante Stark has a dark secret—a legacy left to him by his father which is both a blessing and a curse. A traumatic experience as a small boy gave him special powers of healing, but it comes with a price. Destined to wander the world alone to heal others, he's accepted his fate. Until Selina Rogers forces him to confront his deepest fears, erotic desires, and question his capacity to love. Selina Rogers has made a name for herself at Inferno Enterprises. She's tough, confident and prepared to succeed. She's also built a world she believes is safe, until she's attacked and then saved by a masked stranger. As he helps her heal physically and emotionally, she becomes fascinated by his overwhelming power and gentle touch. Determined to show Dante the love he's been denying himself, Selina surrenders her heart, and dreams of a future with the mysterious man who completes her. But will his dark legacy destroy them...or save them both...

As recognized, adventure as without difficulty as experience very nearly lesson, amusement, as well as concord can be gotten by just checking out a books **samsung galaxy s mesmerize user manual** next it is not directly done, you could agree to even more more or less this life, re the world.

We provide you this proper as with ease as easy pretension to get those all. We present samsung galaxy s mesmerize user manual and numerous books collections from fictions to scientific research in any way. among them is this samsung galaxy s mesmerize user manual that can be your partner.
