Jeff Gordon-Joe Garner 2016-10-18 The first-ever authorized biography of Jeff Gordon, the four-time champion racing legend. For over a year, Garner interviewed and observed Gordon at races, special events, and at home. The book is based on extensive interviews with Gordon as well as in-depth interviews with dozens of family members, friends, competitors, and colleagues, some of whom have never gone on the record before. Jeff speaks candidly, sometimes brutally so, about his childhood, his much publicized divorce, those he competed against, his family, and life after racing. This fully illustrated hardcover biography will allow privileged access to a wealth of exclusive unseen and rare material from Gordon's personal photo and memorabilia collection. Gordon's meteoric rise through racing's ranks is a classic American success story. Readers will find inspiration in Gordon's candid take on his pivotal life episodes."

Serpent Song-Toni Grant 2018-11-01 When organised crime detective Francesca Salucci starts investigating the death of a biker, she comes across shady drug deals and internal power struggles within Australia's various crime gangs. The trail she uncovers leads her from Sydney to Rome, all the way to a small town in

the Italian riviera. There, reunited with a past lover, Francesca has no choice but to confront her past and her own origins. In her search for the connections between the Sicilian mafia, Chinese Triads and Australian bike gangs, she will find herself caught between her personal history and her desire for justice. With her life in danger, Francesca will find refuge in the outback where she will work to come to terms with her biggest battle yet, her past. An action-packed thriller that tells a story of love, greed, betrayal and moral conflict.

The Postnatal Depletion Cure-Oscar Serrallach 2018-06-05 While postpartum depression has become a recognizable condition, THE POSTNATAL DEPLETION CURE is the first book to treat the nutrient depletion, sleep loss, and emotional shifts that afflict women up to a decade after giving birth. Most mothers have experienced exhaustion, pain, forgetfulness, indecision, low energy levels, moodiness, or some form of baby brain. And it's no wonder: The process of growing a baby depletes a mother's body in substantial ways--on average, a mother's brain shrinks 5% during pregnancy, and the placenta saps her of essential nutrients that she needs to be healthy and contented. But with postnatal care ending after 6 weeks, most women never learn how to rebuild their strength and care for their bodies after childbirth. As a result, they can suffer from the effects of depletion for many years, without knowing what's wrong as well as getting the support and treatments that they need. Any woman who has read What to Expect When You're Expecting needs a copy of THE POSTNATAL DEPLETION CURE. Filled with trustworthy advice, protocols for successful recovery, and written by a compassionate expert in women's health, THE POSTNATAL DEPLETION CURE will help every mother restore her energy, replenish her body, and reclaim her sense of self.

A Stray Cat Struts-Slim Jim Phantom 2016-08-16 In June 1980, 19-year-old James McDonnell (known as Slim Jim Phantom) boarded a plane from New York City to London with his childhood friends and bandmates Brian Setzer and Lee Rocker. In less than a year, they went from being homeless, hungry, and living in punk rock squats to the toast of the London music scene. The Stray Cats developed a signature sound and style that swept across the world, released multiplatinum albums, and were embraced and befriended by classic rock acts like the Rolling Stones and Led Zeppelin, as well as original punk heroes such as the Sex Pistols, the Damned, and the Clash, and rock-and-roll originators Carl Perkins and Jerry Lee Lewis. After ten years of marriage to actress Britt Ekland, Slim Jim moved down the hill to Sunset Strip, where his son was raised and he owned the world-famous rock-and-roll bar Cat Club while continuing to play with a host of well-known musicians. Slim Jim, a veteran of the London and LA music scenes, recounts in his memoir not just the Stray Cats' rise but a different type of life spent in the upper echelon of rock-and-roll stardom.

All Played Out-Cora Carmack 2015-05-12 In the third book in New York Times and USA Today bestselling author Cora Carmack's Rusk University series, a good girl is about to find out what happens when she creates the ultimate college bucket list and she sets her sights on a jock. First person in her family to go to college? CHECK. Straight A's? CHECK. On track to graduate early? CHECK. Social life? ....yeah, about that.... With just a few weeks until she graduates, Antonella DeLuca's beginning to worry that maybe she hasn't had the full college experience. (Okay... Scratch that. She knows she hasn't had the full college experience). So Nell does what a smart, dedicated girl like herself does best. She makes a "to do" list of normal college activities. Item #1? Hook up with a jock. Rusk University wide receiver Mateo Torres practically wrote the playbook for normal college living. When he's not on the field, he excels at partying, girls, and more partying. As long as he keeps things light and easy, it's impossible to get hurt... again. But something about the quiet, shy, sexy-as-hell Nell gets under his skin, and when he learns about her list, he makes it his mission to help her complete it. Torres is the definition of confident (And sexy. And wild), and he opens up a side of Nell that she's never known. But as they begin to check off each crazy, exciting, normal item, Nell finds that her frivolous list leads to something more serious than she bargained for. And while Torres is used to taking risks on the field, he has to decide if he's willing to take the chance when it's more than just a game. Together they will have to decide if what they have is just part of the experiment or a chance at something real.

Lotte Reiniger-Whitney Grace 2017-08-11 For three years during the 1920s, in an attic in Potsdam, a young woman crafted what is today the oldest surviving animated feature film. Equipped with scissors, cardboard, sheets of lead, glass panes and a camera, animation pioneer Lotte Reiniger filmed Die Abenteuer des

Prinzen Achmed (The Adventures of Prince Achmed) using a technique of frame-by-frame silhouette animation she developed, inspired by Chinese shadow puppetry. As the result of a number of factors—her gender, her German ethnicity, World War II and a lack of funding—Reiniger became a footnote in animation history. Yet her 60-plus films plainly show her skill and dedication to her craft. This detailed account of her life and work describes her significant contributions to animation, puppetry, Weimar cinema and modern filmmaking.

The Blueprint-Douglas R. Conant 2020-02-26 A Wall Street Journal and Publishers Weekly Bestseller Lift your leadership to new heights Doug Conant, Founder of ConantLeadership, former CEO of Campbell Soup Company, and former President of Nabisco Foods, shares transformational insights in his new book, The Blueprint. Conant is the only former Fortune 500 CEO who is a New York Times bestselling author, a top 50 Leadership Innovator, a Top 100 Leadership Speaker, and a Top 100 Most Influential Author in the World. Get Unstuck In 1984, Doug Conant was fired without warning and with barely an explanation. He felt hopeless and stuck but, surprisingly, this defeating turn of events turned out to be the best thing that ever happened to him. Doug began to consider what might be holding him back from realizing his potential, fulfilling his dreams, and making a bigger impact on the world around him. Embarking on a journey of self-reflection and discovery, he forged a path to revolutionize his leadership and transform his career trajectory. Ultimately, Doug was able to condense his remarkable leadership story into six practical steps. It wasn't until Doug worked through these six steps that he was able to lift his leadership to heights that ultimately brought him career success, joy, and fulfillment. Reach High - Envision Dig Deep - Reflect Lay the Groundwork - Study Design - Plan Build - Practice Reinforce - Improve In The Blueprint, part leadership manifesto, part practical manual, Doug teaches leaders how to work through the same six steps that he used to transform his journey. The six steps are manageable and incremental, designed to fit practically within the pace of busy modern life. Knowing how daunting the prospect of change can be, Doug arms readers with exercises and practices to realistically bring their foundation to life in every situation. Now, today's leaders who feel stuck and overwhelmed finally have a blueprint for lifting their leadership to make meaningful change in their organizations and in the world.

Where am I Wearing?-Kelsey Timmerman 2012-04-24 A journalist travels the world to trace the origins of our clothes When journalist and traveler Kelsey Timmerman wanted to know where his clothes came from and who made them, he began a journey that would take him from Honduras to Bangladesh to Cambodia to China and back again. Where Am I Wearing? intimately describes the connection between impoverished garment workers' standards of living and the all-American material lifestyle. By introducing readers to the human element of globalization—the factory workers, their names, their families, and their way of life—Where Am I Wearing bridges the gap between global producers and consumers. New content includes: a visit to a fair trade Ethiopian shoe factory that is changing lives one job at time; updates on how workers worldwide have been squeezed by rising food costs and declining orders in the wake of the global financial crisis; and the author's search for the garment worker in Honduras who inspired the first edition of the book Kelsey Timmerman speaks and universities around the country and maintains a blog at [www.wheramiwearing.com](http://www.wheramiwearing.com). His writing has appeared in the Christian Science Monitor and Condé Nast Portfolio, and has aired on NPR. Enlightening and thought-provoking at once, Where Am I Wearing? puts a human face on globalization.

Understand Accounting!-Claude Hitching 1984

January First-Michael Schofield 2012-08-07 Michael Schofield's daughter January is at the mercy of her imaginary friends, except they aren't the imaginary friends that most young children have; they are hallucinations. And January is caught in the conflict between our world and their world, a place she calls

Calalini. Some of these hallucinations, like "24 Hours," are friendly and some, like "400 the Cat" and "Wednesday the Rat," bite and scratch her until she does what they want. They often tell her to scream at strangers, jump out of buildings, and attack her baby brother. At six years old, January Schofield, "Janni," to her family, was diagnosed with schizophrenia, one of the worst mental illnesses known to man. What's more, schizophrenia is 20 to 30 times more severe in children than in adults and in January's case, doctors say, she is hallucinating 95 percent of the time that she is awake. Potent psychiatric drugs that would level most adults barely faze her. A New York Times bestseller, *January First* captures Michael and his family's remarkable story in a narrative that forges new territory within books about mental illness. In the beginning, readers see Janni's incredible early potential: her brilliance, and savant-like ability to learn extremely abstract concepts. Next, they witness early warning signs that something is not right, Michael's attempts to rationalize what's happening, and his descent alongside his daughter into the abyss of schizophrenia. Their battle has included a two-year search for answers, countless medications and hospitalizations, allegations of abuse, despair that almost broke their family apart and, finally, victories against the illness and a new faith that they can create a life for Janni filled with moments of happiness. A compelling, unsparing and passionate account, *January First* vividly details Schofield's commitment to bring his daughter back from the edge of insanity. It is a father's soul-baring memoir of the daily struggles and challenges he and his wife face as they do everything they can to help Janni while trying to keep their family together.

*Oxidative Stress in Cancer, AIDS, and Neurodegenerative Diseases*-Luc Montagnier 1997-10-06 Based on a conference on Oxidative Stress and Redox Regulation, held at the Pasteur Institute, Paris, this work examines fundamental, chemical, biological and medical studies of free radicals on different targets and the consequences of their reactivity. It covers the chemistry and biochemistry of free radicals, free radicals as second messengers that group the activation of transcription factors and enzymes, the importance of the antioxidant system in cell metabolism regulation, and the role of free radicals and antioxidants in disease management. The editors of this work are three of the most respected pioneers in the field. Dr. Montagnier is credited as the discoverer of HIV.

*TouchPoints*-Douglas Conant 2011-04-12 A fresh, effective, and enduring way to lead—starting with your next interaction Most leaders feel the inevitable interruptions in their jam-packed days are troublesome. But in *TouchPoints*, Conant and Norgaard argue that these—and every point of contact with other people—are overlooked opportunities for leaders to increase their impact and promote their organization's strategy and values. Through previously untold stories from Conant's tenure as CEO of Campbell Soup Company and Norgaard's vast consulting experience, the authors show that a leader's impact and legacy are built through hundreds, even thousands, of interactive moments in time. The good news is that anyone can develop "TouchPoint" mastery by focusing on three essential components: head, heart, and hands. *TouchPoints* speaks to the theory and craft of leadership, promoting a balanced presence of rational, authentic, active, and wise leadership practices. Leadership mastery in the smallest and otherwise ordinary moments can transform aimless activity in individuals and entropy in organizations into focused energy—one magical moment at a time.

*The Culture Cycle*-James Heskett 2012 The contribution of culture to organizational performance is substantial and quantifiable. In *The Culture Cycle*, renowned thought leader James Heskett demonstrates how an effective culture can account for 20-30% of the differential in performance compared with "culturally unremarkable" competitors. Drawing on decades of field research and dozens of case studies, Heskett introduces a powerful conceptual framework for managing culture, and shows it at work in a real-world setting. Heskett's "culture cycle" identifies cause-and-effect relationships that are crucial to shaping effective cultures, and demonstrates how to calculate culture's economic value through "Four Rs": referrals, retention, returns to labor, and relationships. This book: Explains how culture evolves, can be shaped and sustained, and serve as the organization's "internal brand." Shows how culture can promote innovation and survival in tough times. Guides leaders in linking culture to strategy and managing forces that challenge it. Shows how to credibly quantify culture's impact on performance, productivity, and profits. Clarifies culture's unique role in mission-driven organizations. A follow-up to the classic *Corporate Culture and Performance* (authored by Heskett and John Kotter), this is the next indispensable book on organizational culture. "Heskett (emer., Harvard Business School)

provides an exhaustive examination of corporate policies, practices, and behaviors in organizations." Summing Up: Recommended. Reprinted with permission from CHOICE, copyright by the American Library Association.

Death under the Deodars-Ruskin Bond 2018-01-01 'Colonel Bakshi burst in, looking very agitated. "Something's happened to Mrs Basu," he said. "She's lying outside in a flower bed. I think she's dead . . ."' In this marvellous collection of thrilling new stories set in the Mussoorie of a bygone era, Ruskin Bond recounts the deliciously sinister cases of a murdered priest, an adulterous couple, a man who is born evil, and a body in the box-bed, not to forget the strange happenings involving arsenic in the post, strychnine in the cognac, a mysterious black dog, and the Daryaganj strangler. As the elderly Miss Ripley-Bean, her Tibetan terrier, Fluff, the hotel pianist, Mr Lobo, and the owner of the Royal, Nandu, mull over these curious incidents, the reader will be enthralled and delighted—until the very end.

The Soloist (Movie Tie-In)-Steve Lopez 2008-04-17 The inspiring true story that inspired the major motion picture The New York Times bestselling "unforgettable tale of hope, heart and humanity" (People) Journalist Steve Lopez discovered of Nathaniel Ayers, a former classical bass student at Julliard, playing his heart out on a two-string violin on Los Angeles's Skid Row. Deeply affected by the beauty of Ayers's music, Lopez took it upon himself to change the prodigy's life—only to find that their relationship would have a profound change on his own. "An intimate portrait of mental illness, of atrocious social neglect, and the struggle to resurrect a fallen prodigy." (Mark Bowden, author of Black Hawk Down)

Spit That Out!-Paige Wolf 2011-11 Where can I shop for toys knowing they aren't teeming with lead paint? Are cloth diapers really doable? Will I ever find a safe, leak- and shatter-proof sippy cup? 2010's Spit That Out! The Overly Informed Parent's Guide to Raising Children in the Age of Environmental Guilt answered many of the questions posed by mothers on the verge of a "green mom nervous breakdown." But when it comes to new studies, new worries, and new resources for greener parenting, it can be a daily struggle to keep up. Over the past year, Paige Wolf has used her blog and social media to engage readers and experts, answering questions on everything from leaching plastics and phony farm stands to organic dairy discounts. The updated edition of Spit That Out includes new information and insights on some of the past year's personal and universal developments. In the current edition, you will find the story of Paige's transition to cloth diapers, an updated discussion of plastics, and a comprehensive list of hand-picked resources to make green living more practical, manageable, and affordable. As a new mother, Paige Wolf has been committed to living an eco-friendly and healthy lifestyle. And as an advocate for green living and owner of an eco-friendly public relations company, it has been especially important for her to "walk the walk" and be especially conscious of her choices. But with the flood of constantly changing information, it can become an increasingly impossible task. Parents in the 21st century have to deal with myriad concerns and information overload, the likes of which past generations never imagined. In addition to the age-old daunting task of raising happy, healthy babies, we are constantly bombarded with new and contradictory research concerning environmental toxins, long-term product effects, and the far-reaching impact of every product we purchase and decision we make. Spit That Out! turns to experts in pediatrics, environmental advocacy, science, holistic health, and

humanitarianism to present facts, debunk myths, and help parents stay on a reasonable and responsible course without losing their minds. The mothers themselves also offer anecdotes and advice on staying sane in an ever-changing landscape of conscientious parenting. Chapters include "Green Mom Sanity Tips," "Dollar-Savvy Sustainability Tips," and "Parent-to-Parent Pointers" from real moms who have been in the trenches of eco-anxiety. Real moms confess "eco-sins" and share solutions to everyday dilemmas. In addition to "everyday moms," comedians, authors, and actresses like Tammy Pescatelli, star of WE TV's "A Stand Up Mother"; Lisa Landry from Comedy Central's "Standup Showdown"; "Orange is the New Black" actress Alysia Reiner; Amy Wilson, actress and author of *When Did I Get Like This?*; Vicki Glembocki, author of *The Second Nine Months*; and Abby Sher, author of *Amen, Amen, Amen: Memoir of a Girl Who Couldn't Stop Praying (Among Other Things)* find humor in the journey from overwhelming madness to solace and sanity. Whether they are cloth-diapering, holistic mamas or moms who still can't give up their designer duds, all modern mothers can relate to the desperation of wanting to do the best for their children - and feeling hopelessly overwhelmed in the process. Spit That Out! feeds an audience of mothers hungry for commiseration, direction, and relief.
