The Presentation of Self in Everyday Life-Erving Goffman 1999-01

Nickel and Dimed-Barbara Ehrenreich 2010-04-01 Our sharpest and most original social critic goes "undercover" as an unskilled worker to reveal the dark side of American prosperity. Millions of Americans work full time, year round, for poverty-level wages. In 1998, Barbara Ehrenreich decided to join them. She was inspired in part by the rhetoric surrounding welfare reform, which promised that a job -- any job -- can be the ticket to a better life. But how does anyone survive, let alone prosper, on \$6 an hour? To find out, Ehrenreich left her home, took the cheapest lodgings she could find, and accepted whatever jobs she was offered. Moving from Florida to Maine to Minnesota, she worked as a waitress, a hotel maid, a cleaning woman, a nursing-home aide, and a Wal-Mart sales clerk. She lived in trailer parks and crumbling residential motels. Very quickly, she discovered that no job is truly "unskilled," that even the lowliest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you int to live indoors. Nickel and Dimed reveals low-rent America in all its tenacity, anxiety, and surprising generosity -- a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how "prosperity" looks from the bottom. You will never see anything -- from a motel bathroom to a restaurant meal -- in quite the same way again.

Down to Earth Sociology: 14th Edition-James M. Henslin 1981-02-01 For thirty-five years and through thirteen editions, Jim Henslin's Down to Earth Sociology has opened new windows onto the social realities that shape our world. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research, providing insight into how sociologists explore the social world. Drawing on a wealth of observations and interviews, Gardner insightfully and sensitively examines the structure and processes of public harassment which women and others regularly encounter. In so doing, she extends the social scientific concern with harassment from workplace to public place encounters, deepening it in the process."—Robert M. Emerson, University of California, Los Angeles "A compelling and important book. Every reader will recognize the humiliations, conflicts, and ambiguous encounters that constitute public harassment. Gardner provides fresh and telling insight into seemingly trivial but enormously consequential daily experiences. She is alert to complex relations between gender and race, sexual orientation, and disability in the construction of public encounters. Her articulation of double-binds and everyday dilemmas has practical payoff for efforts to create a safe and mutually respectful society."—Barrie Thorne, author of *Gender Play* "A unique study that will be a paradigm for others. . . . Its

contributions to the sociology of everyday life and to the understanding of public encounters and harassment are unparalleled."—Douglas Maynard, University of Indiana, Bloomington
