The Owner's Manual to the Voice-Rachael Gates 2013-07-18 Singers must equip themselves with enough knowledge to clearly convey specific sensations and difficulties with their instrument. Understanding of potential dangers and disorders, familiarity with a variety of medical procedures, and comprehension in various facets of diagnosis and treatments empower singers to "own," just like other musicians, their instrument. The Owner's Manual to the Voice provides singers with the knowledge necessary to communicate effectively and in intelligent terms about their instrument, especially when conversing with medical professionals. Beginning with an overview of the vocal anatomy, lead author Rachael Gates, and co-authors L. Arick Forrest, M.D. and Kerri Obert, M.A., C.C.C./S.L.P., proceed through detailed discussions of caring for the voice and common causes of vocal changes and problems before guiding the reader through the process of choosing, talking to, and working with an ENT. In so doing, they give insights that any professional voice user - whether singer, actor, broadcaster, politician, teacher, preacher, or lawyer - will find helpful if not essential.

The Harpsichord Owner's Guide-Edward L. Kottick 2013-01-01 Kottick presents technical information in an accessible, but entertaining, way: the forms and styles of harpsichords, advice on purchasing decisions, maintenance techniques (such as voicing, regulating, and changing strings, tongues, plectra, springs, and dampers), aids in troubleshooting common problems, and detailed instructions on tuning and temperament. As builder of some thirty keyboard instruments, Kottick is well qualified to speak on the subject.

Performance Appraisal in Modern Employment Relations-Tindara Addabbo 2019-12-10 Contributing to the debate on work performance evaluation in a time of technological transformation, this book explores the impact of digitisation on production and organisation models, as well as on the rights and interests of the stakeholders involved. As organisations down-size, merge with other companies and become decentralised, the boundaries in employer-employee-customer relationships are blurred and new models for the organisation and assessment of work performance have emerged. With these new models, innovative regulatory approaches are sorely needed. Taking an interdisciplinary approach and drawing on theoretical concepts from organisation studies, human resource management, sociology and labour economics, this all-encompassing collection is not only essential reading for academics and students, but also for policy-makers and employers who are looking for innovative and practical solutions to the challenges of modern employment relations.

The Wedge Book-Brandon Stooksbury 2015-09-07 Short game shots in your golf game don't have to be complicated-unless you're getting all kinds of conflicting information about technique and strategy. In The Wedge Book, Brandon Stooksbury cuts through the confusion and provides you a clear, straightforward plan to build your short game from the smallest bump-and-run to a 50-yard pitch shot. By using the same baseline technique and adding specific elements for certain shots, you'll be able to take away the mystery and indecision that can ruin a golf hole so easily. Stooksbury's advice has been proven in the highest levels of competitive golf. And now, with The Wedge Book--and a month or so of practice--you can take it to your course.
