#GIRLBOSS-Sophia Amoruso 2015 The New York Times bestseller Sophia Amoruso spent her teens hitchhiking, committing petty theft, and dumpster diving. By twenty-two, she had resigned herself to employment, but was still broke, directionless, and working a mediocre day job she'd taken for the health insurance. Eight years later, she is the founder, CEO, and creative director of Nasty Gal, a \$100 million plus online fashion retailer with more than 350 employees. Sophia's never been a typical CEO, or a typical anything, and she's written #GIRLBOSS for outsiders (and insiders) seeking a unique path to success, even when that path is winding as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about how popular you were in high school or where you went to college (if you went to college). Rather, success is about trusting your instincts and following your gut, knowing which rules to follow and which to break.

The book covers topics such as setting up as a business, obtaining and managing finances, knowing your brand and audience, how to market and sell, as well as taking you through the entire process to turn your idea into reality! We didn't want to create something long and drawn out, as it will probably scare most people away, so we managed to create a small and enjoyable book that can be read and used by most ages!

Shoe Dog-Phil Knight 2016-04-26 In this instant and tenacious New York Times bestseller, Nike founder and board chairman Phil Knight “offers a rare and revealing look at the notoriously media-shy man behind the swoosh” (Booklist, starred review), illuminating his company’s early days as an intrepid start-up and its evolution into one of the world’s most iconic, game-changing, and profitable brands. Bill Gates named Shoe Dog one of his five favorite books of 2016 and called it “an amazing tale, a refreshingly honest reminder of what the path to business success really looks like. It’s a messy, perilous, and chaotic journey, riddled with mistakes, endless struggles, and sacrifice. Phil Knight opens up in ways few CEOs are willing to do.” Fresh out of business school, Phil Knight borrowed fifty dollars from his father and launched a company with one simple mission: import high-quality, low-cost running shoes from Japan. Selling the shoes from the trunk of his car in 1963, Knight grossed eight thousand dollars that first year. Today, Nike’s annual sales top \$30 billion. In this age of start-ups, Knight’s Nike is the gold standard, and its swoosh is one of the few icons instantly recognized in every corner of the world. But Knight, the man behind the swoosh, has always been a mystery. In Shoe Dog, he tells his story at last. At twenty-four, Knight decides that rather than work for a big corporation, he will create something all his own, new, dynamic, different. He details the many risks he encountered, the crushing setbacks, the ruthless competitors and hostile bankers—as well as his many thrilling triumphs. Above all, he recalls the relationships that formed the heart and soul of Nike, with his former track coach, the irascible and charismatic Bill Bowerman, and with his first employees, a ragtag group of misfits and savants who quickly became a band of swoosh-crazed brothers. Together, harnessing the electrifying power of a bold vision and a shared belief in the transformative power of sports, they created a brand—and a culture—that changed everything.

The Developing World-Fredrik Härén 2010-08 There is an explosion of creativity happening in the developing world right now. Best selling creativity author and keynote speaker Fredrik Haren wanted to understand what this creativity explosion means, what it will lead to and how it will change the world. So he set out to find out. For five years Fredrik Haren went to 18 developing countries (and 8 developed countries) and done more than 200 interviews with people who in some way are involved with business and creativity. He has met with cosmetics executives in Russia, professors in South Africa, creativity consultants in Egypt, IT-journalists in Iran, hotel managers in Dubai, designers in Indonesia, government officials in Thailand and mobile phone designers in South Korea and many, many more. The result of his research is this book. A book about "The Developing World." In this book you will learn about the advantages of being a creative person in a developing country, about what the developed world can learn from the developing world, and most importantly, you will read about the dangers of defining yourself as "developed" in a world that has never been developing faster than now. It is a book that may turn your view of the world up-side-down, and that hopefully will inspire you to become more curious about the great changes happening in the world right now."
