perfect for the young coin collector.

50 State Quarters Collector's Folder, 1999-2008-Sterling Publishing Company 2003-09-01 It's a coin collector's dream folder, with a space for every state's newly designed quarters--arranged according to the year each was minted--along with dozens of fascinating facts. When Congress passed the "50 States Commemorative Coin Program Act" in 1997, which led to the creation of quarters honoring every state in the union, its members especially hoped that young people and their families would collect these memorable tokens. This handy folder will help youngsters realize that goal and hold onto these special keepsakes, which are being released over ten years in the order in which the states ratified the Constitution. In addition to the slots for the quarters, kids will find a description of the Commemorative Coin Program; a history of the United States Quarter Dollar; a list of state capitals, nicknames, mottoes, and more; details on how the 50 designs were chosen; and an account of how coins are manufactured by the U.S. Mint and distributed by the Federal Reserve Bank.

State Quarter 1999-2009 Collector's Folder-Warman's 2009-11-12 The State Quarter program has made coin collecting cool. What other activity requires treasure hunting skills and knowledge of history, and delivers a decade of excitement, the thrill of hunting for errors, and an interest in U.S. history, and state pride? Treat yourself and your favorite fan of State Quarters to this beautiful three-panel coin folder, with 60 slots and intriguing anecdotes about these history-making coins.

The Official U.S. Mint 50 State Quarters-Maryann Karinch 1999-12-01

National Parks Quarters-Warman's 2010-08-09 Coin folders have a long, distinguished legacy as being most people's first exposure to coin collecting hobby. Everyone either has or knows someone who has been given a coin folder as a child and gone on to fill it with cents, nickels, dimes, or quarters. The state quarter program has been one of the most successful in the U.S. Mint's history. It has brought collecting to the mainstream. Riding on the coat tails of the state quarter program, the America the Beautiful series comes at a time when the public is familiar with searching and saving quarters from circulation. A total of 56 quarters honoring a national site from each U.S. state and territory will be issued from 2010 to 2021.

United States Quarters Collector's Folder 1999-2009-STERLING USA 2009-08-04 This is a coin collector's dream folder! Not only does it have a space for every state's quarter—arranged according to year—but now it has slots for the six brand-new quarters that the United States Mint is issuing. These latest coins will honor the District of Columbia, along with five U.S. territories: the Commonwealth of Puerto Rico, Guam, American Samoa, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands. Not only will this handy folder help collectors hold on to these special keepsakes, but it includes a description of the Commemorative Coin Program; the new District of Columbia, and five U.S. territories programs; a history of the United States Quarter Dollar; details on how the designs were chosen; and an account of how coins are manufactured by the Mint and distributed by the Federal Reserve Bank.

State Series Quarters 1999 - 2009 Collector's Map-Whitman Publishing 2002-01-31

Each state is color coordinated to the year its quarter will be issued.

Lord of the Flies-William Golding 2016-11-15 William Golding's unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition

with a new foreword by Lois Lowry As provocative today as when it was first published in 1954, *Lord of the Flies* continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding's compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of *Lord of the Flies*. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Educating Children with Autism-National Research Council 2001-11-11 Autism is a word most of us are familiar with. But do we really know what it means? Children with autism are challenged by the most essential human behaviors. They have difficulty interacting with other people-often failing to see people as people rather than simply objects in their environment. They cannot easily communicate ideas and feelings, have great trouble imagining what others think or feel, and in some cases spend their lives speechless. They frequently find it hard to make friends or even bond with family members. Their behavior can seem bizarre. Education is the primary form of treatment for this mysterious condition. This means that we place important responsibilities on schools, teachers and children's parents, as well as the other professionals who work with children with autism. With the passage of the Individuals with Disabilities

Education Act of 1975, we accepted responsibility for educating children who face special challenges like autism. While we have since amassed a substantial body of research, researchers have not adequately communicated with one another, and their findings have not been integrated into a proven curriculum. *Educating Children with Autism* outlines an interdisciplinary approach to education for children with autism. The committee explores what makes education effective for the child with autism and identifies specific characteristics of programs that work. Recommendations are offered for choosing educational content and strategies, introducing interaction with other children, and other key areas. This book examines some fundamental issues, including: How children's specific diagnoses should affect educational assessment and planning How we can support the families of children with autism Features of effective instructional and comprehensive programs and strategies How we can better prepare teachers, school staffs, professionals, and parents to educate children with autism What policies at the federal, state, and local levels will best ensure appropriate education, examining strategies and resources needed to address the rights of children with autism to appropriate education. Children with autism present educators with one of their most difficult challenges. Through a comprehensive examination of the scientific knowledge underlying educational practices, programs, and strategies, *Educating Children with Autism* presents valuable information for parents, administrators, advocates, researchers, and policy makers.

United States Mint in Philadelphia, The-Joshua McMorro-Hernandez 2018-11-12 As the ink was drying on the Declaration of Independence, the Constitution, and other documents that established the United States, millions of Americans hungered for new legal tender coinage from the young sovereign nation. Following calls by Alexander Hamilton and other Founding Fathers for the nation to issue its own money, Congress passed legislation to officially establish the United States Mint in 1792. Growing from its humble beginnings as a collection of small buildings in the nation's onetime capital city of Philadelphia, the United States Mint now stands along Independence National Historical Park as the largest coin factory in the world. While the Philadelphia Mint is one of several official United States coin manufacturing facilities, it

remains the heart of coining operations in the nation and is also one of the most popular attractions in "The City of Brotherly Love."

Washington Quarters-Whitman Publishing LLC 2004-01-01

Washington Quarter 1932-1958 Collector's Folder-Warman's 2009-11-28 The Washington quarter issued between 1932 and 1964 was the sixth and final type of circulating quarter to contain 90% silver. This three-panel folder is larger than most coin folders, featuring 75 slots for proudly displaying all the quarters of this series in one folder, instead of two. In addition, the folder features details about the design of the quarter and historical highlights about the president the coin honors. It's a great gift for helping someone discover the joy of U.S. coins.

Statehood Quarters 2-Whitman Coin Products 2001-09-01

World Atlas of Gender Equality in Education-Edward B. Fiske 2012-01-01 "The education of girls and women is important not only as a matter of respecting a basic human right for half the population but as a powerful force for economic development and achieving social goals such as enhanced health, nutrition and civic involvement. This Atlas presents the latest data from the UNESCO Institute for Statistics on trends in educational access and progression, from pre-primary through tertiary levels and adult literacy, with special attention to the all-important issue of gender equality. These trends are depicted through colour-coded maps that make it easy for readers to visualize global and regional trends and to understand how they are shaped by factors such as national wealth and geographic location." -- P. [4] of cover.

The State of the World's Children, 2003-Carol Bellamy 2002-12 The focus of the 2003 UNICEF report, The State of the World's Children, is child participation, which is intended to remind adults of their obligation to elicit & consider the views of children & young people when decisions are being made that affect their lives. Chapters: Children Must Be Heard; Why Participation, Why Now?; Engaging Life; Active Learning; The Sharpest Edge; Listening to Children; Spaces for Participation; At the U.N. Special Session on Children; & Moving Forward. Panels: What children see, they show; Child participation: myth & reality; A

child's 'Right' to participate; Girls win big!; Building nations; We asked them to speak; Children & the Media; & We are the world's children. Maps, photos, charts, tables & graphs.

Speak-Laurie Halse Anderson 2011-05-10 The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. Speak was a 1999 National Book Award Finalist for Young People's Literature.

Washington Quarters 2009-Whitman Pub. 2008-08-15 The glossy black and white folder holds the special Washington quarters released in 2009 to honor the District of Columbia and five U.S. territories.

Reducing Underage Drinking-Institute of Medicine 2004-03-26 Alcohol use by young people is extremely dangerous - both to themselves and society at large. Underage alcohol use is associated with traffic fatalities, violence, unsafe sex, suicide, educational failure, and other problem behaviors that diminish the prospects of future success, as well as health risks "and the earlier teens start drinking, the greater the danger. Despite these serious concerns, the media continues to make drinking look attractive to youth, and it remains possible and even easy for teenagers to get access to alcohol. Why is this dangerous behavior so pervasive? What can be done to prevent it? What will work and who is responsible for making

sure it happens? Reducing Underage Drinking addresses these questions and proposes a new way to combat underage alcohol use. It explores the ways in which may different individuals and groups contribute to the problem and how they can be enlisted to prevent it. Reducing Underage Drinking will serve as both a game plan and a call to arms for anyone with an investment in youth health and safety. The World Almanac for Kids 1999-Elaine Israel 1998-07 Offers facts on a range of topics, from animals to weather and from computers to sports.

Warman's Premium State Quarter Album-Warman's 2011-12-29 The U.S. state quarters series has attracted millions of collectors since its launch in 1999. What better way to display them than in an attractive four-ring binder with durable plastic sheets designed especially for holding coins. Coins can be viewed from both sides and are held firmly in place. Coins can be easily removed. Each page is accompanied by a cardboard interleaf to guide collectors. This book is for collectors looking for a step up in quality for storing their coins. The binder is substantial, authoritative and attractive. The insert pages are solid, and allow for more frequent in-and-out insertion and removal of coins without degradation of the product.

National Park Quarter Map-Warman's 2010-10-11 Are you ready to take your coin collecting to new places? How about taking your collecting on a scenic tour of America's most breathtaking and revered national parks courtesy of this new "America the Beautiful" National Parks coin map. This stylish and durable map provides the perfect place to store and showcase your collection of America the Beautiful Quarters, beginning with the first five quarters of 2010 that honor Hot Springs, Yellowstone, Yosemite, Grand Canyon and Mt. Hood National Parks.

State Quarters 1999-2009 Deluxe Collector's Folder-Warman's 2009-11-12 There are coin folders and then there is this deluxe State Quarter folder. From the rich red, white and blue background to the breathtaking center spread of coin slots--120 in all--this folder is worthy of this caliber of coins. In addition to a slot for every coin in the series, there is a space for both the Philadelphia Mint and Denver Mint

issues. Larger in size than the average, this folder also includes the date each state entered the union, and key facts about the state. This is a great gift for teaching children about their state and the country's currency.

National Park Quarters Collector's Map-Whitman Publishing 2009-12-08

From Neurons to Neighborhoods-Division of Behavioral and Social Sciences and Education 2000-11-13

How we raise young children is one of today's most highly personalized and sharply politicized issues, in part because each of us can claim some level of "expertise." The debate has intensified as discoveries about our development-in the womb and in the first months and years-have reached the popular media. How can we use our burgeoning knowledge to assure the well-being of all young children, for their own sake as well as for the sake of our nation? Drawing from new findings, this book presents important conclusions about nature-versus-nurture, the impact of being born into a working family, the effect of politics on programs for children, the costs and benefits of intervention, and other issues. The committee issues a series of challenges to decision makers regarding the quality of child care, issues of racial and ethnic diversity, the integration of children's cognitive and emotional development, and more.

Authoritative yet accessible, From Neurons to Neighborhoods presents the evidence about "brain wiring" and how kids learn to speak, think, and regulate their behavior. It examines the effect of the climate-family, child care, community-within which the child grows.

Lincoln Cent 1909-1958 Collector's Folder-Warman's 2009-11-28 To do its part in the war effort, the U.S. Mint changed from a copper cent to a zinc-coated steel version for one year, in 1943. Rumor quickly spread that anyone who found a 1943 copper cent would be rewarded with a car from Ford. Now you can display your collection of the legendary Lincoln cents of 1909 to 1958 in this beautiful four-panel coin folder. Larger in size than the average folder, this unit has room for 144 coins, the most of any similar folder.
