The Doomsday Book-Connie Willis 2011-01-05 For Kivrin, preparing an on-site study of one of the deadliest eras in humanity's history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin -- barely of age herself - - finds she has become an unlikely angel of hope during one of history's darkest hours. Five years in the writing by one of science fiction's most honored authors, Doomsday Book is a storytelling triumph. Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering and the indomitable will of the human spirit. From the Paperback edition.

Growing up on the tough Philly streets, Gwen O'Neill knows how to fend for herself. But what is she supposed to do with a nice suburban Jersey boy who has a tendency to turn into a massive Grizzly? Despite his menacing growl and four-inch claws, Gwen finds Lachlan "Lock" MacRyrie cute and really sweet. She's sexy beyond belief and smart as hell, but she's so busy protecting her family and friends that she's forgetting about her own safety. Lock probably shouldn't get involved, but he can't simply walk away. Not when Gwen means absolutely everything to him. Fans of the series will enjoy this latest addition."—Publishers Weekly Praise for Shelly Laurenston's novels "Bear Meets Girl is hilarious, sexy fun."--Heroes and Heartbreakers "Fast-paced action and smoking hot love scenes." --RT Book Reviews Top Pick on Wolf with Benefits

The Doomsday Machine-Daniel Ellsberg 2017-12-05 Shortlisted for the Andrew Carnegie Medal for Excellence in Nonfiction Finalist for The California Book Award in Nonfiction The San Francisco Chronicle's Best of the Year List Foreign Affairs Best Books of the Year In These Times "Best Books of the Year" Huffington Post's Ten Excellent December Books List LitHub's "Five Books Making News This Week" From the legendary whistle-blower who revealed the Pentagon Papers, an eyewitness exposé of the dangers of America's Top Secret, seventy-year-long nuclear policy that continues to this day. Here, for the first time, former high-level defense analyst Daniel Ellsberg reveals his shocking firsthand account of America's nuclear program in the 1960s. From the remotest air bases in the Pacific Command, where he discovered that the authority to initiate use of nuclear weapons was widely delegated, to the secret plans for general nuclear war under Eisenhower, which, if executed, would cause the near-extinction of humanity, Ellsberg shows that the legacy of this most dangerous arms buildup in the history of civilization-

-and its proposed renewal under the Trump administration--threatens our very survival. No other insider with high-level access has written so candidly of the nuclear strategy of the late Eisenhower and early Kennedy years, and nothing has fundamentally changed since that era. Framed as a memoir--a chronicle of madness in which Ellsberg acknowledges participating--this gripping exposé reads like a thriller and offers feasible steps we can take to dismantle the existing "doomsday machine" and avoid nuclear catastrophe, returning Ellsberg to his role as whistle-blower. The Doomsday Machine is thus a real-life Dr. Strangelove story and an ultimately hopeful--and powerfully important--book about not just our country, but the future of the world.

The Devil Wears Prada meets **Postcards From the Edge** in a hilariously heartfelt novel influenced in part by the author's time assisting Carrie Fisher. Charlie Besson is tense and sweating as he prepares for an insane job interview. His car is idling, like his life, outside the Hollywood mansion of Kathi Kannon, star of stage and screen and *People* magazine's worst dressed list. She needs an assistant. He needs a hero. Kathi is an icon, bestselling author, and an award winning actress, most known for her role as Priestess Talara in a blockbuster sci-fi film. She's also known in another role: crazy. Admittedly so. Famously so. Fabulously so, as Charlie quickly discovers. Their three year odyssey is filled with late night shopping sprees, last minute trips to see the aurora borealis, and an initiation to that most sacred of Hollywood tribes: the personal assistant. But Kathi becomes much more than a boss, and as their friendship grows, Charlie must make a choice. Will he always be on the sidelines of life, assisting the great forces that be, or can he step into his own leading role?

Laugh-out-loud funny, and searingly poignant, Byron Lane's A Star is Bored is a novel that, like the star at its center, is enchanting and joyous, heartbreaking and hopeful.

The Day It Finally Happens-Mike Pearl 2020-09-22 From a VICE magazine columnist, "a deeply entertaining—if occasionally horrifying" (Joshua Piven, coauthor of *The Worst-Case Scenario Survival Handbook*) look at how humanity is likely to weather such happenings as nuclear war, a global internet collapse, antibiotics shortages, and even immortality. If you live on planet Earth you're probably scared of the future. How could you not be? Some of the world's most stable democracies are looking pretty shaky. Technology is invading personal relationships and taking over jobs. Relations among the three superpowers—the US, China, and Russia—are growing more complicated and dangerous. A person watching the news has to wonder: is it safe to go out there or not? Taking inspiration from his virally popular VICE column "How Scared Should I Be?," Mike Pearl games out many of the "could it really happen?" scenarios we've all speculated about, assigning a probability rating, and taking us through how it would unfold. He explores what would likely occur in dozens of possible scenarios—among them the

final failure of antibiotics, the loss of the world's marine life, a complete ban on guns in the US, and even contact with extraterrestrial life—and reports back from the future, providing a clear picture of how the world would look, feel, and even smell in each of these instances. For fans of such bestsellers as *What If?* and *The Worst Case Scenario Survival Handbook*, *The Day It Finally Happens* is about taking future events that we don't really understand and getting to know them in close detail. Pearl's "well-researched speculations induce daydreams and nightmares and mark [him] as one of his generation's most interesting writers" (Alec Ross, *New York Times* bestselling author).

Notes from an Apocalypse—Mark O'Connell 2020-04-14 "Insightful, affecting, funny, and appropriately terrifying." —Sally Rooney "Harrowing, tender-hearted, and funny as hell." —Jenny Offill By the author of the award-winning *To Be a Machine*, an absorbing, deeply felt book about our anxious present tense—and coming to grips with the future We're alive in a time of worst-case scenarios: The weather has gone uncanny. A viral pandemic has the power to draw our global community to a halt. Old postwar alliances are crumbling. Everywhere you look there's an omen, a joke whose punchline is the end of the world. How is a person supposed to live in the shadow of such a grim future? What does it mean to have children—nothing if not an act of hope—in such unsettled times? What might it be like to live through the worst? And what on Earth is anybody doing about it? Dublin-based writer Mark O'Connell is consumed by these questions—and, as the father of two young children himself, he finds them increasingly urgent. In *Notes from an Apocalypse*, he crosses the globe in pursuit of answers. He tours survival bunkers in South Dakota. He ventures to New Zealand, a favored retreat of billionaires banking on civilization's collapse. He engages with would-be Mars colonists, preppers, right-wing conspiracists. And he bears witness to those places, like Chernobyl, that the future has already visited—real-life portraits of the end of the world as we know it. In doing so, he comes to a resolution, while offering readers a unique window into our contemporary imagination. Both investigative and deeply personal, *Notes from an Apocalypse* is an affecting, humorous, and surprisingly hopeful meditation on our present moment. With insight, humanity,

and wit, O'Connell leaves you to wonder: What if the end of the world isn't the end of the world? This Love Story Will Self-Destruct-Leslie Cohen 2018-01-23 This is the classic tale of boy meets girl: Girl...goes home with someone else. Meet Eve. She's a dreamer, a feeler, a careening well of sensitivities who can't quite keep her feet on the ground, or steer clear of trouble. She's a laugher, a crier, a quirky and quick-witted bleeding-heart-worrier. Meet Ben. He's an engineer, an expert at leveling floors who likes order, structure, and straight lines. He doesn't opine, he doesn't ruminate, he doesn't simmer until he boils over. So naturally, when the two first cross paths, sparks don't exactly fly. But then they meet again. And again. And then, finally, they find themselves with a deep yet fragile connection that will change the course of their relationship—possibly forever. Follow Eve and Ben as they navigate their twenties on a winding journey through first jobs, first dates, and first breakups; through first reunions, first betrayals and, maybe, first love. This is When Harry Met Sally reimaged; a charming tale told from two unapologetically original points of view. With an acerbic edge and heartwarming humor, debut novelist Leslie Cohen takes us on a tour of what life looks like when it doesn't go according to plan, and explores the complexity, chaos, and comedy in finding a relationship built to last.

The Trials of Apollo, Book Two The Dark Prophecy-Rick Riordan 2018-10-02 Zeus has punished his son

Apollo--god of the sun, music, archery, poetry, and more--by casting him down to earth in the form of a gawky, acne-covered sixteen-year-old mortal named Lester. The only way Apollo can reclaim his rightful place on Mount Olympus is by restoring several Oracles that have gone dark. What is affecting the Oracles, and how can Apollo/Lester do anything about them without his powers? After experiencing a series of dangerous--and frankly, humiliating--trials at Camp Half-Blood, Lester must now leave the relative safety of the demigod training ground and embark on a hair-raising journey across North America. Somewhere in the American Midwest, he and his companions must find the most dangerous Oracle from ancient times: a haunted cave that may hold answers for Apollo in his quest to become a god again--if it doesn't kill him or drive him insane first. Standing in Apollo's way is the second member of the evil Triumvirate, a Roman emperor whose love of bloodshed and spectacle makes even Nero look tame. To survive the encounter, Apollo will need the help of son of Hephaestus Leo Valdez, the now-mortal sorceress Calypso, the bronze dragon Festus, and other unexpected allies--some familiar, some new--from the world of demigods. Come along for what promises to be a harrowing, hilarious, and haiku-filled ride. . . . Includes the first chapter of *The Trials of Apollo Book 3: THE BURNING MAZE*, plus the first chapters of two Rick Riordan Presents novels: *THE STORM RUNNER* by J. C. Cervantes, based on Mayan mythology, and *DRAGON PEARL* by Yoon Ha Lee, a space opera with elements of Korean mythology.

Are You Afraid of the Dark?-Sidney Sheldon 2009-03-17 All around the globe, people are being reported dead or missing. In Berlin, a woman vanishes from the city streets. In Paris, a man plunges from the Eiffel Tower. In Denver, a small plane crashes into the mountains. In Manhattan, a body washes ashore along the East River. At first these seem to be random incidents, but the police soon discover that all four of the victims are connected to Kingsley International Group (KIG), the largest think tank in the world. Kelly Harris and Diane Stevens—young widows of two of the victims—encounter each other in New York, where they have been asked to meet with Tanner Kingsley, the head of KIG. He assures them that he is using all available resources to find out who is behind the mysterious deaths of their husbands. But he may be too

late. Someone is intent on murdering both women, and they suffer a harrowing series of near escapes. Who is trying to kill them and why? Forced together for protection, suspicious of each other and everyone around them, and trying to find answers for themselves, the two widows embark on a terrifying game of cat and mouse against the unknown forces out to destroy them. Taut with suspense and vivid characterization, full of shocking twists, and with an unnervingly realistic premise that could alter all of our lives, the long-awaited *Are You Afraid of the Dark?* is Sidney Sheldon at the top of his game.

Bunker-Bradley Garrett 2020-08-04 A thought-provoking, chilling, and eerily prescient look at “prepper” communities around the world that are building bunkers against a possible apocalypse. Currently, 3.7 million Americans call themselves preppers. Millions more prep without knowing it. Bradley Garrett, who began writing this book years before the 2020 Covid-19 pandemic, argues that prepping is a rational response to global, social, and political systems that are failing to produce credible narratives of continued stability. Left with a sense of foreboding fueled by disease outbreaks, increasing government dysfunctionality, eroding critical infrastructure, nuclear brinkmanship, and an accelerating climate crisis, people all over the world are responding predictably—by hunkering down. For this book, Garrett traveled across four continents to meet those who are constructing panic rooms, building underground backyard survival chambers, stockpiling supplies, preparing go bags, hiding inflatable rafts, rigging mobile “bugout” vehicles, and burrowing deep into the earth. He has returned with a brilliant, original and never less than deeply disturbing story from the frontlines of the way we live now: an illuminating reflection on our age of disquiet and dread that brings our times into new and sharper focus. The “bunker,” Garrett shows, is all around us: in malls, airports, gated communities, the vehicles we drive. Most of all, he reveals, it’s in our minds.

Spiritual Prepper-Jake Mccandless 2017-04-04 As the world appears to be spiraling out of control, Spiritual Prepper helps you focus your spirituality, morality, and faith in these troubled times. Religious liberty is under attack. Immorality is the standard. Christians are being persecuted. The church is struggling because it s been getting solutions from the wrong places. We shouldn t be surprised about these current conditions, but we are. Spiritual Prepper provides a fresh perspective on end-time prophecy by drawing out the spiritual effects of natural disasters, the Antichrist, the mark of the beast, topics like the spiritual implication of identifying with Christianity (2 Peter 3:3), and gravitating to messages you want to hear (2 Tim. 4:3-4). The biblical prophecies that explain these events and could help us cope have been overshadowed. Spiritual Prepper brings to light and makes relevant the forgotten prophecies that explain that men will take advantage of women (2 Tim. 3:6), Christians will quench the power of the Holy Spirit (2 Tim 3:1-5), believers will betray fellow believers (Matt. 24:3-13), and more. Spiritual Prepper is a guide to families and churches who need encouragement in the face of loved ones who have turned away from God and their faith. As the fallen word races towards the day of judgment, the time to be prepared spiritually is now. There will come a time when a spiritual disaster hits and we have to remain faithful. The goal is that you d persevere and remain faithful. That on the day you see the Lord, you d hear, well done my good and faithful servant. "
