Currently, over fifteen million women make \$100,000 or more, and the number continues to rise at a rate faster than for men. And these women come from every industry - psychologists, dot com founders, consultants, freelance writers, and even part-timers. What makes these particular women able to do so well in the workplace? Fueled by curiosity, Barbara Stanny, author of *Price Charming Isn't Coming: How Women Get Smart About Money* (Viking Penguin), set out to research this phenomenon.
